James Ireland.

OWN TOPICS

Friday, Sept. 1.
School re-opens Tuesday.
First instalment of taxes due on Sept. 15.
South Grey Fall Exhibition on Wednesday and Thursday, 20 and 21 of Sept.
No word has as yet been received as to the date of the lacrosse match for the Hanover—Mt. Forest play off.
The worst drubbing any C. L. A. lacrosse team ever received was administered last Saturday, when St. Catharines, C. L. A. champions, defeated the Chippewas of Toronto 27 to 0. St. Catharines team have now challenged for the Minto Cup and championship of Canada.
Toronto Show is as usual drawing crowds and will draw more next week. The fine weather is helping it by allowing the harvesting operations to get through. His Serene Highness Prince Louis of Battenburg and about 300 of his tars are a drawing attraction this week.
Mr John Coleridge was the victim of an attempted hold-up in an Owen Sound Street a few days ago. One man grabbed the horse and another tried to enter the buggy but cut of the whip made the horse spring clear of them. A pretty thing if our county town streets furnish a refuge for thugs.
W. C. T. U.—Miss Doyle, Co. President of the W. C. T. U. is to be in Durham on Thursday Sept. 7, and will give a little talk in the Presbyterian Church at 2 p. m. on the Mission of the Society. The Aims and Methods of the W. C. T. U. She is specially desirous of enlisting the interest of young women in the movement and hopes to arouse enthusiasm in all.
CHAIR FACTORY BURNED.—Last Wednesday Chesley chair factory was burned, cause unknown. An insurance of \$24,000 on stock and plant will be required to meet obligation and the Enterprise says "it will be a heavy loss to the village as the factory will be rebuilt, thus reducing the number of hands employed in manufacturing here by about 35." Fortunately a calm prevailed or there would have been a general conflagration.
ENTERPRISE.—The Toronto Star of last Saturday in a 40-page issue, has a record of itself unique in journalism. Not only does it furnish a history of its wonderful growth during the past five or six years, but by letter press and illustration, describes most interestingly the processes involved in the production of a first class newspaper. The growth and influence of the Star during the past 12 months has been wonderful and quite unsurpassed by any other paper. Published in the afternoon it reaches here every evening, and anyone in want of a wide-awake daily paper and in need of getting the Star, see our clubbing rates at the top of the first page.
THROUGH A BRIDGE.—Last Saturday while Mr Hoeflin, Jr., and his partner, Mr Dodson, were crossing the bridge at Orchardville with an engine and separator one of the stringers snapped like a pipe and the engine got on it and went down into the river. The separator on top, Young Hoeflin was on the back of the engine driving and so went down between but miraculously escaped without a scratch. The outfit is new and expensive, and had run only a few days, and no doubt the getting of it out of the river and getting it repaired will run up a big bill. Much sympathy is felt for the proprietors. Mr Hoeflin Sr., was working in a field near by and stopped to see them cross the bridge. His horse was so frightened as he saw them disappear that he was expected to find his son crushed to death.
A LAMENTED DEATH.—On Wednesday, 10th Aug., the home of Mr and Mrs Wm. Marshall, near Varney, was plunged into deepest grief by the death of their daughter Janet after a very brief illness caused by pneumonia. She had been only about a week in bed, though every thing was done that medical skill or parental love could suggest, she passed away in the 18th year of her age. To the parents this suddenly deprived of the companionship of a loving and lovable daughter, just entering upon life, the blow is a severe one, and very sincere sympathy is being extended on all sides, and the Review adds its share. She was buried on Friday last, in Maplewood cemetery, many friends paying the last tribute of respect.
[By a regrettable oversight the above notice was omitted from last week's paper and not observed till the issue was off.—Ed.]
FAMILY FEUD LEADS TO MURDER.—The township of Dummer, near Norwood, is the centre of an unhealthy sensation at present. A family named Hill has a bad reputation, accused of poisoning cattle, etc., and so bitter has the feeling become that attempts are made to scare them from the settlement. One such scaring party last week composed of Dewarts, (relatives of Mrs Hill) Murphys and some others. Shots were fired at the house only it is alleged to scare them, but one took effect, killing a ten year old boy at an upstairs window while looking out in the darkness. One Gov of reputable character, came forward next day and acknowledged he fired the fatal shot, but with no evil intent. An inquest was held, and he was completely exonerated, though there is some talk of the crown taking the matter up. There certainly seems occasion to interfere. If only to scare why was the rifle loaded? An innocent life has gone out through the foolish use of firearms.

AT 2 P. M.—The sale of the Matthew's property in upper Town takes place at 2 P. M. on Sept. 12 next.

Rev Mr Farquharson contributes an interesting letter this week giving impressions received on his holiday outing.

APPETIZING DELICACIES, CANNED.—Smoked chip beet, Kippered Herring, Finnan Haddie and boneless Pig's Feet. At Grant's.

The contract for the construction of the new sidewalk round by the McGowan Mill was let to Mr Wm. Moore for nine and 8-tenths cts per foot.

BARK BURNED.—The electric storm on Tuesday night struck and set fire to a barn of Mr John Nichols near Pricearines. We have no further particulars.

Dr Bart, Specialist in Diseases of the eye, ear, nose and throat will be at Middaugh House, Durham, for consultation on Wednesday, Sept. 6 from 10 to 4. Eyes tested and glasses fitted.

ONLY A QUARTER.
Have you a friend who would appreciate the Review? Send it to him, or her,—till January 1906. It will cost you only 25c. Money may be sent at our risk in an envelope if wrapped carefully. Send today.

An exchange gets off the following: "We've just got word of a court case editor who started in business fifteen years ago with a capital of \$200 and retired the other day worth \$100,000. His accumulation of wealth was owing to frugality, strict attention to business and to the fact that his uncle died and left him \$99,800.

LIQUID AIR WONDERS.—A special display of liquid air and the marvelous uses to which it can be put will be made at the Canadian National Exhibition, Toronto, Aug. 29th to September 9th, inclusive. Eggs will be boiled and tea and coffee made, a steak roasted, and then frozen solid, all by the same process. Many other things will be done that tend to prove that this wonderful discovery will before long be utilised for common domestic purposes.

THE ECLIPSE.—This notable astronomical event came off on scheduled time Wednesday morning. A low sluggish bank of clouds in early morning threatened to interfere, but rifts gradually appeared and a very good glimpse was given of the passage of the moon over the sun. Though over 3 of the sun's surface was obscured, just a little difference was observed in the quantity of light. One hopes that clear weather favored the scientists, who went to Labrador, Spain, and other parts to observe the fine phenomenon of totality.

Durham Schools, Public, Model and for High School work re-open on Tuesday next. The attendance promises to be large. It is expected there will be 75 or 80 in the High School department so that the three able teachers will have their hands full. Calder's Hall has had to be secured for the extra class during the model term, and the classes will have to be continued in the Public Library building. Principal Allan is in Toronto this week and is authorized to make purchases of new equipment for the better teaching of Physics and Chemistry.

Staff Capt. John M. McGillivray who has been engaged in Salvation army work for over 18 years is back again to try and regain his health which has been poorly the past two years. The Staff Capt. has been in the Colony of Newfoundland as second in Command of that territory for the last 3 years. He also attended the great international Congress held in London, Eng., last June and July of 1904 with over 600 delegates were gathered from over 40 countries. He also visited Paris and took part in services there on his visit. He takes Rev Mr Newton's appointment at the Centre Church Sunday afternoon next at 2.30 P. M. The subject will be "The Most Deadly Poison."

Stole Horse and Rig.

A Mr Wells, an Englishman lately arrived in town, engaged a livery outfit from Caldwell's livery on Saturday last to go to Mt Forest and paid \$2 down. Not returning, enquiries were made and it was found he had shipped his household goods by train and the suspicion was inevitable that a theft had taken place. Mr Caldwell allowed no time to pass and went after him. He got track of him in Arthur but failed to locate him and came home Tuesday. Later, Mr Roberts, Mt Forest, helped him to a clue, which was at once followed up and found correct, for they were found in an unused house near Harrison, with horse and rig near by. Police Magistrate Telford issued a warrant for his arrest and he is being brought to town today, Wednesday, to stand his trial. He struck the wrong man in Billy Caldwell.

Rifle Association.

A meeting of the South Grey Rifle Association will be held at the Town Hall in the Town of Durham, on Tuesday evening, the 5th September at 8 p. m. for the purpose of completing the organization of the Association.

All those who have signed the Roll are urgently requested to be present, and to come prepared to pay the membership fee of \$1.00.

J. P. TELFORD, Secretary pro tem.
Dated the 28th day of August, A. D. 1905.

At Hymen's Altar.

A very enjoyable and pretty wedding was celebrated at the home of Mr and Mrs Peter Reid on Wednesday last when their daughter Jane who has been for some time in London and Toronto, was united in marriage to Mr J. Laughton, Dromore, by Rev D L Campbell, pastor of Amos Presbyterian church.

The bride wore a dress of cream chiffon silk, trimmed with valenciennes lace and cream satin babe ribbon made with shirred yoke, with clusters of tucks and valenciennes lace with a silk drop skirt. The bodice a square yoke of transparent lace, with clusters of tucks and straps of silk and valenciennes lace. She carried a bouquet of red roses and maiden hair ferns, with streamers of white satin taffeta. Her hat being a white chiffon picture one with a white ostrich plume and a touch of green foliage and wearing white kid slippers and gloves, a Louis 14th costume.

The bridesmaid, Miss Alice Bailey of Toronto, was attired in pale blue crystal crepe, with blue silk drop skirt, which was full shirred and having a deep flounce. Her hat was a white chiffon toque and blue forget-me-nots.

The gift of the groom to the bride, was a solid gold heart engraved with the bride's initials, the reverse side bearing the date of their nuptials. To the bridesmaid a gold crescent pin, a maple leaf design, set with pearls.

The strains of the Mendelssohn wedding march emanating from the parlor at the skilled hands of Miss Ruth Johnston, Durham, created a feeling of expectancy which was gratified when the beautiful bride came out upon the lawn leaning upon the arm of her brother, Will L. Reid, Waterloo, N. Y., who acted as groomsman on the occasion and took their places beneath an arch of evergreens and roses.

The bride's travelling dress was a gray Scotch tweed, a moss green fancy straw toque with chiffon shirring.

The happy couple left next day for Toronto, the Thousand Islands, and other points east, bearing with them the best wishes of the whole community, as they have been held high repute by those who know them. The presents were numerous and costly, among which may be mentioned a silver tea set by her brother Will and an elder down quilt from the bridesmaid, the other presents were chiefly of silver, and a few of china and a gilt-edged variety of crystal.

After a sumptuous supper of many good things provided, had been partaken of, and desert of fruit served, speeches of appreciation, and well wishing by some of the gentlemen present, were given in reply to a toast to their health by the Rev Mr Campbell. The night was spent pleasantly thereafter in music and song.

The choir of which the bride was once a valued member, contributed largely of the old time melodies, well on into the morning. Among those from a distance may be noted, Miss Margaret Lamb, cousin of the bride, from Kankakee, Ill., Mrs Jas. Langhton, Port Arthur, Mrs Geo. Young, Buffalo, N. W., Miss Seaman Ithaca, N. W., Mr and Mrs Gavin Reid, Owen Sound. Great credit is due Miss Hattie Watt, for the untiring zeal and energy displayed by this estimable young lady for the successful general-ailing of the night's proceedings, a host in herself, and gifted with a knack of managing things besides.

A Tie on The Round.

Mt Forest secured a lead of 4 goals at home, tying Hanover.

Interest and excitement are at fever heat in town, and in the two towns most particularly concerned, Mt Forest and Hanover, over the lacrosse situation in this district semi-finals. As will be remembered Hanover won 4 goals at home, and considered they had the best opportunity of capturing both districts. But Mt Forest braves stood on their mettle last Friday, and by adding three goals in the last quarter, the Lornes won by 9 to 5, thus tying the round amid great excitement.

Though a rough game, it was exciting and interesting with a close score all through. The first two quarters were Mt Forest's as they scored two goals to Hanover's one in each, half-time ending 4-2. Hanover did not play a perfectly clean game but they were away above while Hanover in this respect was a bit of a scoundrel. Walter and Sam are disgraced around the cheeks and jaws through rough checking. Scott being the principal offender of the home team. With a competent referee, a cleaner game might have been witnessed as Fair, of Arthur, did not give satisfaction to either team though Hanover suffered to the greatest extent through his decisions.

On one occasion, it may be instanced, Henning, Hanover's goal-keeper was ruled off, but for what reason, nobody knows. Some Hanover player probably should have been off, but not being certain, the goal-keeper was fixed upon as the man.

The third quarter was Hanover's as they secured three goals to Mt Forest's two, and almost tied. Ellis proved the shining light on the Hanover field, while Henning in goal was always there with the goal, and was the means of keeping Hanover in the running. When the fourth period opened, Mount Forest realized that it was theirs to do or die. They did. Theobald passed everybody on the field from point, and Jones starred on the home side.

The Lornes brought fine team work into play and scored three goals in succession while Hanover could not find the nets. The tying goal being put in, the Lornes and their supporters emitted all their pent-up enthusiasm, rejoicing over having another chance to compete in the junior semi-finals.

The draw will be played off on neutral grounds, very probably in Durham, as both teams appear quite anxious to have the game here. Critics consider Hanover will pull out ahead, but there's no saying except that it will be a game struggle, witnessed by large crowds from both towns and worth going miles to see.

It was Markdale's Turn.

The return exhibition lacrosse match of the Durhams in Markdale last Thursday resulted in a draw for the visitors, 13 to 11 in favor of the home team but the crowd in good humor and a large crowd it was; the band also was there and but for having observed one already, the day might have been proclaimed civic holiday. However in justice to the Durhams, it may be mentioned that they did not go over with the expectation of securing the majority of goals. Only eight of the regular team were available and taking three substitutes, played 11 men.

On the part of the home team, the game was slightly rough, but at times fast, clean lacrosse was in evidence. Up to half time the Durhams held them down 3 to 1, and proved the equal of the Aberdeens. The blue and whites changed positions all through the game but after the first half, the players also appeared changed men. They made no great effort to score, and as they were under, 3 to 1, or 15 to 1, it was all the same in an exhibition game. Principal Rowe was again referee.

THE CASH STORE — H. H. Mockler

10 days Clearing Sale

Why not buy Summer Goods now? Read over the following list of goods that we have reduced to a very low figure and you will be convinced that it will pay you to buy these goods now. Below are a few of the Special Bargains that we are offering for the next ten days:

Highest Prices paid for Butter and Eggs.

H. H. MOCKLER.

Rifle Association.

Wednesday evening of last week a meeting was held in the Town Hall and steps taken to form an association for South Grey. Mr J. P. Telford, an ex-Lieut. himself has been the moving spirit in the matter and was voted to the chair. He explained the object of the meeting which was set out in a letter to the paper last week, but which by an unfortunate omission was left out of the Review. Part of that letter says: "Rifle Associations are assisted by the government of Canada in the following manner:—
So soon as an Association is properly formed with officers and headquarters, and on the proper documentary evidence being furnished to the Militia Department, in case the association numbers forty men; ten stand of modern Lee-Enfield rifles with one hundred rounds of ammunition per man, are at once forwarded to the association, free of charge, and further supplies of ammunition may be had at a nominal cost."
Explanations being given, a sheet was opened and names were freely attached. The meeting was not a large one, but since, over 100 names have been secured showing that the movement will not lack for popular support. When 80 or more names have been gotten, a further grant of rifles and ammunition is made by government. Tuesday evening next another meeting will be held to complete organization, appoint officers, headquarters, Ranges, &c. Meanwhile any young man desiring practice in one branch of national defence should pass in his name. It costs only one dollar.

SCHOOL RE-OPENING
