Death of Mrs. McIntosh.

On Sunday last after weeks and months of sore trial, the above lady breathed her last at her home in Upper Town. Several times during the past summer the end was looked for but her strong vitality always enabled her to rally to the human sympathy, the tender nursing and skilful treatment she received. To her children there will come the natural pang of separation from a well beloved parent, but to her end was peace and freedom from pains of weak humanity. She has lived a long long life, being in her 82nd year, and her name and the memory of her example will long be cherished.

She was a native of Iayernesshire, Scotland, as was her husband who predeceased her 17 years. They both came to this country young and settled near Carleton Place, from there moving to pioneer life of Bentinck about 50 yrs ago where their family grew up. The family consisted of five sons and five daughters. Peter, deceased before his father, John and Alex in N. Dakota, Jas in Winnipeg Donald in Florida, the latter being the only son present at his mother's death. The daughters are Mrs. Scott, Man., Mrs. Brown, Bentinck, Lizzie and Mary at home and Mrs. Dan McDougall who died about 10 years ago.

She was buried to-day, Tuesday in Rocky Saugeen cemetery by the side of her husband. Many of her old neighbors and friends of Bentinck paying the last tribute of respect.

The services at the house were conducted by her pastor, Rev. Mr. Farquharson, assisted by Rev. Mr. Newton. Present also were, Rev. Mr. Little, and Rev. John Morrison of Cedarville, in attendance at the Presbytery meeting being held to-day.

Local Constables, Beware !

A warning is being sent out to the local constables throughout the province by Mr. H. B. Cowan, Provincial Superintendent of Agricultural Societies, stating that any local constable who accepts a bribe from the people who operate gambling outfits and games of chance at fall exhibitions to permit them to operate on the fair ground, is liable on conviction of such action to be sent to jail for 14 years.

The detectives who have been sent out by the Provincial Department of Agriculture have found that many of the local constables throughout the province work in with these sharpers. It has sometimes happened that when the detectives have asked for assistance from the local constable in arresting the sharpers, the constables have quietly warned the sharpers, and enabled them to escape. An effort will be made this year to detect constables at this work, and where convictions can be secured, the offenders will be prosecuted with the utmost vigour.

FOR EVENING WEAR.—Voiles, Crepe de chenes, Henriettas, etc, at very low prices, at H. H. MOCKLER'S.

Rev. Dr. Farquharson and Little with Mr. McInnes were appointed to procure supply for Cedarville and Esplin.

A resolution was passed in regard to Rev. Mr. Edmiston, now removed from this Presbytery.

Mr. Lee, student, preached a trial discourse before Presbytery which received commendation from several members and was duly received and passed on to proper authorities.

Rev. Mr. Barber was appointed to prepare a paper for the next meeting of Presbytery which will be held in Harrison on the second Tuesday in December.

The sessions were held in the Methodist Church, both above and below in the Presbyterian church being occupied by the ladies of the Presbyterian Society. This favor was duly acknowledged by Presbytery and Rev. Mr. Colling, the Methodist pastor, who was present, was invited to sit with them and deliberate.

A number of the members took the privilege of going through the cement works at the close.

PRESBYTERIAL MEETING

This body which is commending itself by its good works and enthusiasm, met morning and afternoon in the Presbyterian church about 200 in number.

In the afternoon, Rev. Mr. Winchester Toronto, addressed them in the interest of the work in China. He gave a very graphic picture of the condition of China, portraying in a very interesting manner from personal knowledge the terrible condition of its women. There was a ray of light however, during the last three years a great change had taken place in the attitude of the women in regard to footbinding which is not now regarded with such favor as formerly. The trials, the tortures and the heroism of the Christians in the Boxer troubles was graphically told. The vast population, its ignorance, and the vast possibilities of the future were outlined, and the duty of the church in the premises was finely set forth. By a series of business touches he showed how much might be done to provide teachers and literature by combinations of say 100 people giving 2 cts a day.

A pleasant interlude in the afternoon was the singing of the Mission Band of about 25 young people.

EVENING MEETING

The ladies of the congregation surpassed themselves in supplying provision for the inner man. Both at noon and at night sumptuous meals were partaken off and still there was abundance.

Mr. Farquharson was in the chair at the evening meeting. Rev. Mr. Winchester gave an inspiring address on Missions illustrating from his own experience. Rev. Mr. Barber spoke appreciatively of the work of the Presbytery during the year, and Mr. Young in the same strain commended their zeal and self denial.

The choir gave several beautiful selections, and solos by Mr. Drysdale Misses Crawford and Howard were pleasing features; Misses Wilson and Howard, Mr. Drysdale and Miss Crawford, Mr. Drysdale and Miss Maggie Hunter rendered duets.

The reports showed that the society was holding its own. The attendance of those within driving distance was disappointing. Clifford and Harrison did well. Next meeting will be in Arthur in September 1906. In future stations in one charge are to be grouped on the reports, and next meeting is to consider the advisability of making reports cover the calendar year.

Was Nearly Electrocuted.

Mr. R. McGowan has an Experience.

The following from the Independence Daily Reporter refers to a brother of the McGowan family in town, and will interest "Bob's" many friends here.

R. S. McGowan, a young man employed as an electrician at the Western Portland Cement plant, yesterday afternoon had an experience which nearly cost him his life—and which he will never forget.

Chief Electrician Bailie had sent a man to the power house with instructions to throw off the current on switch No. 4. The man reported that he had done so and Mr. Bailie instructed Mr. McGowan to make some connections at the North Ball Mill building.

Mr. McGowan ascended a ladder about 15 feet from the ground and grasped in his two hands the wire he intended to connect. Instantly his body became rigid. He had taken hold of a live wire.

Fred Judd, another workman, rushed up the ladder and grasping McGowan by the feet, attempted to jerk him from the wire. He was unable to do so and another employee came to his assistance but the two of them were powerless to free the electrician from his awful contact.

McGowan by this time was black in the face and that he was dead seemed certain. Word was gotten to the power house and the current was turned off the system.

It was found on investigation that switch No 1 had been turned off instead of No 4.

As soon as the current was turned off McGowan fell limp and senseless. A number of his comrades caught him in their arms as he fell and began vigorously trying to resuscitate him. It required nearly twenty minutes to bring him to consciousness again.

Mr. McGowan is about to-day but unable to be on duty. His hands were badly burned. There were 600 volts on the line.
