temporal and spiritual heir of Mahomet, duties to go every Friday between 12 of the suicides from financial trouble and 1, in great pomp, to a mosque of and ill-health among females occur his choice, and there make his regiementary prayer. This official ceremony is call- courage, in their weak or impoverished ed the calamlik. It was during this ceremony that the intest attempt to assassinate him was made the other day.

nearly thirty years ago.
The predecessors of Abdul Hamid II.

the palace, the Mosque or Mamidie, and goes there only. All the mosques in Constantinople are so far away! Hamidie is not more than three hundred yards from the entrance of Yildiz-Klosk, favorite palace, in the grounds of which he takes the only promenade he enjoys. The trip to Homidie is short, but as it is outside of the palace grounds, the religious law is respected and the Sultan as pleased as is possible under the circumstances. It is the only break in the voluntarily seclusion

of this extraordinary man. The public is not permitted in the neighborhood of the mosque, nor along the approaches to it. Windows are reserved for the Diplomatic Corps in a pavilion in Yildiz-Klosk overlooking the mosque. Facing ly made an interesting communication foreigners are allowed to view the ceremony when presented by their Minister. Guards which he advances the theory of the are placed at the entrance of it, and allow formation of combustible fossiliferous no one to pass but these inscribed on the

Cameras are forbidden in Turkey. The religious law forbids the worship of images ! of an individual as a beginning of idelatry.

more evergetic. Moreover, how could his

A half hour passes. The troops begin to leave, massing by the mosque's door and on their quarters. The prayer is ended. A carriage, drawn by two admirable gray horses, draws up before the mosque. The kavass who brings this equipage leads it on foot and is dressed in red and gold. The formalities are most minutely arranged. The Sultan, who arrives in a landau, must leave in a "daumont," which he drives himself. The harness is gilded, the wheels are gilded, the axles are gilded, the body of the carriage is gilded-everything and every mody has more or less gift, save the

The avenue is now almost deserted, all the troops have gene. They were there not for his protection? The truth is that as the religious law requires that the peopple, or at loast some of them, shall witness burned out. Did he save anything at the ceremony, Abdul Hamid II, compiles ! with it in a way he deems safe. His soldiers | all? Slobbs-Nothing but the morigage are part of his people and represent the on the house. As soon as be has taken his place in the carriage, the top is raised-is it simply because ! the sun is so hot?-and the carriage returns to Yilaiz-Klosk, surrounded by the Alban-

ians, who seem to be pushing and pulling it, so close are they. The earriages of the barem follow; the notice lidies have not moved; nor has even a curtain. The horses, more fortunate, have been unbitched. In spite of the luxury of the ceremony, the chief feature of it is the cunut and evident disquiet. ---

Professor William B. Bailey, of Yale, has brought out some interesting facts based on 29,344 cases of suicide, covering the period from 1897 to 1901. Using the 10,000 unit, he finds than 7.781

Curious Facts About Suicides.

males and 2219 females found life intolerable, and, descriping of menting, the last serves the ratio of cowardice 312 to 1 in favor of feminine courage. Almost two-thirds of the suicides occurred between the ages of twenty and fifty. Curiously enough, there are more married than single suicides. While martied men are more likely to take the plunge than married women, single, widowed and divorced women are more prone to kill themselves than unattached males. Business lesses are more axely to drive people to suicide than illhealth, insanity, disappointment in love, as strong drink. Abuday is the favor-He day for the rash deed, while few take the step on Saturday. Professor Bailey's
