CLUB ROOMS.—A meeting was held in the Baptist church on Wednesday evening last with the laudable purpose in view of providing club rooms of some kind for the accommodation of young people during the winter evenings. Several proposals were made and a committee appointed to collect information and report at a future meeting. The committee are Mr. John Brown, Mr. Thos. Allan, Mr. Hugh McRae.

OFF TO A MODEL FAIR.—Messrs Geo. Binnie and Arch. Davidson, President and Secretary respectively, of South Grey Agricultural Society left Tuesday morning for Simcoe, Co. Norfolk, to attend a Fall Fair there. The government have taken certain steps to make it a Model Agricultural Show, and officers from similar Societies are invited to be present to view the features and discuss in a three-day session cognate features. Mr. Binnie has consented to give the press a report of the proceedings.

CEMENT DIRECTORS IN TOWN.—Messrs McKay, Kilen and Scott, Directors on the Board of the National Portland Cement Co, were in town last week. They were no doubt gratified to find Farr's big cement machine working smoothly and proving itself more than ever a money-maker. The debt which initial mistakes placed on the plant is being rapidly reduced till it now stands a little over \$5000 and before the season closes will be nearer half of that. Close, we said, for that has been the practice, but from what we hear, there will be little need of winter closing as in the past, for investigations being made seem to show it perfectly feasible to supply the mill with coal in winter from dried up deposits which abound in and near town. If this can be done and the mill kept running in winter, there is little doubt but that dividends of a substantial nature would soon be forthcoming. Besides the continuous employment of labor makes such an effort desirable. We hope that the efforts of the local director and others will result in proving that our proposition is the best of its kind. It certainly has not been surpassed, if equalled this year.

### South Grey Teachers.

The Annual Convention of this body under the Presidency of Insp. Campbell took place on Thursday and Friday last. The Thursday sessions were held in Calder's Hall, an arrangement of convenience perhaps but lacking the appropriateness of the regular school-room.

The day had the rainy character which seems unaffably to mark these conventions, but this did not prevent 80 or 85 teachers from being present at the morning session, and entering into the duties of the hour with a vim not less than that of its many predecessors.

But what a change in the personnel and the sex of the pedagogues! Old-timers, like the departed and aiding, by suggestion their devotional spirit, and stimulating to good works.

Very fitting it was then to mark the dedication of a window to their memory, a visible emblem reminding the living of the departed and aiding, by suggestion their devotional spirit, and stimulating to good works.

The window occupies the large central panel of the chancel window and is a good piece of workmanship beautifully colored. It represents the angel at the empty tomb of Messiah, announcing to the sorrowing women that "He is not here but is risen." The expression is well brought out. On the tomb is seen the crown of thorns, which as Rev Mr Farthing very nicely pointed out had not risen, but remained as evidence that risen saints left earthly trials behind them.

In the distance is seen part of a lake and the moon shedding a lustre through broken clouds, for it was "very early in the morning."

As we have hinted Rev Canon Farthing, of Woodstock, was present, and he is always warmly welcomed. Here was his first pastorate 20 years ago, and he still has many friends and retains, as he said, a warm interest in the affairs of Trinity. He took for his text Rev. 14: 7, "Fear God and give glory to him." He dwelt at some length on the difference between slavish fear and the fear of love, but the chief strength of his sermon lay in pointing out how a progressive and faithful Christianity would honor and glorify God by honoring his place of worship.

Going back to the early Britons and Saxons he outlined the origin, rise and influence of English poetry and music. The crude beginnings fostered by the church had given the world a wealth of poetry it would not otherwise have attained. Not only in poetry, but in architecture, painting etc. the church had been a force for progress, and the fact could be seen in the contrast between the rude shelters of the early Christianity and the modern Westminster Abbey.

The progress in the comfort, appointments and adornments of the homes of the people should be reflected in the House of God. There should be nourished the hallowed associations of the departed, who though dead yet lived in the memory of their faith and good works.

He then applied these sentiments to local circumstances, referring to the beautiful window and the message of the resurrection which it bore, as well as the token of respect it was to the memory of Henry Parker and his wife Elizabeth. He pointed out the constancy with which they had adhered to their church in times of cloud as well as in sunshine, and no doubt spoke from a personal standpoint when he said they had done for their church "more than most people know—more than most people know." He made the repetition very impressive.

He expressed his personal pleasure in witnessing the prosperity of Trinity which he would always remember lovingly as his first charge while they would regard it lovingly for the associations clustering around it.

Canon Farthing is a lucid earnest speaker, with a perfect enunciation that is very attractive. He was just lately appointed Prolocutor of the General Synod of the Church of England in Canada, which met recently in Quebec, and is a well-informed and progressive churchman and looked upon as likely to rise to the very highest office in his church. He is a graduate of Cambridge, England, 1885 and that year came to Durham, was M. A. in 1888 and went to Woodstock that year, as curate, becoming rector in 1889. He was appointed Canon of St Paul's Cathedral, London in 1904.

The Church was prettily ornamented with arches and panels decorated with flowers, grain and fruits while in the windows and on ledges were fruit, vegetables, etc., indicating the bounties of Providence and suggesting the thankful spirit. The offerings of both services amounted to about \$10.

THANKSGIVING SERVICE.

The evening Thanksgiving service was very largely attended, seats having to be placed in the aisles. Mr. Farthing took his text from St Luke 12: 30, 31. He dwelt upon the "these things" possessed by us in such abundance as to call forth the true spirit of thankfulness, and expanded on the

#### Dedication and Thanksgiving Services.

For some weeks back Rector Bice and the workers of the church have been looking forward to their Thanksgiving service with more than usual interest, for the year just closed has been a memorable one in their history. Last winter the Parkers died, the Parkers, than whom Trinity never had warmer friends, and though the loss in its first effects does not suggest thanksgiving the memory of their lives and their work remains as an inspiration that rises above the sense of loss.

Very fitting it was then to mark the dedication of a window to their memory, a visible emblem reminding the living of the departed and aiding, by suggestion their devotional spirit, and stimulating to good works.

Fine solos were sung by Messrs J S Drysdale and P. Hopkins and the choir had beautiful selections.

#### Address and Presentation.

The Members of the Fire Brigade assembled in the fire hall Monday evening last to do honor to one of their members who was leaving for Seattle, Washington Terr. in the person of John Rose who has been a faithful member of the Brigade since its organization, and presented him with a handsome fob, and an address. Mr. Rose, who was entirely taken by surprise, expressed his thanks for such courteous treatment in a speech. The following is the address:

MR. JOHN ROSE

DEAR SIR AND BROTHER:

We understand that you are about to sever your connection with our Fire Dept. While we are sorry to lose such an efficient officer and fireman, we trust that it is for your own benefit, as we hear that you are going to try your fortune in the west. We have waited upon you this evening to express to you in a few words appreciation of your services to us in the Fire Dept. We ask you to accept this small gift as a memento to remind you of the pleasant times we used to have together and much as we regret to lose your services in our Fire Dept, we are confident the course you have decided upon is a wise one and where ever your lot may be cast you will always have the best wishes of the Boys of Durham Fire Brigade.

Signed on behalf of the Brigade,  
R. TORRY, Chief.  
E. D. McCLOCKLIN, Lieut.  
L. BUCHAN, Secy.

### "East Lynne."

One of the ringing successes in emotional drama is announced for the Town Hall, Durham, Saturday evening, Oct 21st, when the ever-popular "East Lynne," the play made famous, by the late Ada Gray, and one of the best plays of its type ever written, will be produced by Raymond and Poore's metropolitan company.

Miss Irene Taylor, who succeeded the late Ada Gray as Lady Isabella, the unfortunate and mis-guided woman, has appeared in the part over 2000 times, still she holds her audience with the same magnetic power as when she first succeeded to the part.

Many eminent authorities have pronounced "East Lynne" the best emotional drama ever written, a statement which is borne out by the number of years it has been before the public and its undoubted popularity at the present time.

The company carry an exceedingly fine band and orchestra and the uniforms are the finest ever seen in America. The prices of admission are 25 & 35c.
