

New Gloves **The People's Store** New Clothing

Where Shall I do My Fall Shopping?

We answer this question. **FIRST**—where the prices are right. **SECOND**—where you can save a little money. **THIRD**—where you will receive courteous and honest treatment. We fill the above requirements in every respect as our new Fall Stock is the admiration of all.

The Nip in the Air

Suggests warmer clothing. We have prepared for this month ago and as a result our Store is packed with the very goods that will PROTECT YOU FROM DISCOMFORTS.

New Umbrellas **ROBT. BURNETT** New Neckwear

My! That Cough! Why not Stop it?

Hundreds of your neighbors have been benefited and we guarantee you will be also if you use

Our Own Cough Syrup

Good for all lung and throat troubles—perfectly harmless. We'll tell you what it is made of if you want to know.

If you have more faith in a patent medicine, we sell Hood's, Piso's, Ayer's, Chase's and all the standard preparations.

Should you prefer consulting your physician, bring us his prescription and we will compound it with the purest materials and with a skill born of long experience.

James R. Gun & Co.

Large Photographs

Almost every day we are asked "Are you still giving that large photograph with a dozen cabinets?" and we have decided to make same offer again for a short time. The photograph is an 8 x 10, mounted on an extra heavy 12 x 14 mount. If this were ordered separately, it would cost \$1.50.

One dozen FINE CABINET PHOTOGRAPHS will make 12 splendid Christmas presents, then you have the large one for a special Christmas present. But speak and act in time. This offer may not be repeated.

F. W. Kelsey

Swinton Park

Well Mr Editor the news in the park is scarce, it is like hen's teeth this week. The weather is so cold and stormy the cor. can hardly move from the house to the barn.

Mrs John Hardy has engaged Mr Stanley Haw to work for her for some time.

Mr John Chislett is working for Mr William Stewart at present.

Some of the boys belonging to L. O. L. 1136 took in the arch meeting down at 1202 on Friday evening last.

Threshing is almost a thing of the past as the Japs only have two jobs left and the Czar one in the park.

Halloween passed off very quietly in the park as there were only two gates taken off that we hear.

We believe the painters will finish Mr Neil McMillan's house this week if nothing happens.

We don't have to wonder very much to find out where L. goes on a Sunday evening.

Mr Robt Knox still feels a few of the bruises he got from his fall.

ADDITIONAL LOCALS

Meaford is advocating to have the names of the streets displayed at each corner and the houses numbered: certainly a good idea.

Collier's Weekly says that one bottle of Peruna contains as much alcohol as five bottles of beer. Local option will not interfere with people who take Peruna as a medicine.

If you intend to have a sale, get your bills printed at the Review Office. A free notice will be given in the REVIEW to all so doing.

P. O. ADDRESS WANTED.—A subscription was left for use at Darling's Drug store by Archie McQuarrie, but Post Office address was overlooked. Should this meet his eye will he please drop us a card.

PIE AND BOX SOCIAL.—A Pie and Box Social will be held in the Rookery School on the evening of Nov 17th, 1905. A good programme is being prepared. Admission 10 cts. Ladies bringing pies or boxes free.

A good story is told at the expense of a Dundalk angler who spent several weeks in Muskoka the past season: having enjoyed an unusual measure of success one day, he wired his wife—"I've got one, weighs seven pounds and it's a beauty." In reply came the following, signed by his wife: "So have I, weighs ten pounds. He isn't a beauty—looks like you."

The recent amendments to the law regarding traction engines on highways enacts that the owners of such engines must strengthen the bridge or culvert over which they are to pass before going over. It also enacts that whether the engine is over or under eight tons, the owner must use planking on the bridge or culvert, as it will prevent the floor from being damaged by the engine.

THE SPIRIT OF MISRULE.—Most of our exchanges refer to Halloween'en tricks, nearly all of them in a condemnatory tone of the destructive tendencies accompanying the mischief-loving spirit which is supposed to be allowable on that night. In many places the regular constable or constables had assistants sworn in, in order to check the vandal spirit which seems out of control of home influence.

CASH IS GOLD.—Here is a good fellow ship story that is going the rounds. Give a man a ten cent cigar and he will beam all over and give you for six years, offer him ten cents with which to buy it for himself and he will show you in your face. Give a man a pass to a show and he will call you a good fellow in all the languages he knows and give you the money and he will call you a fool. Ask a man to your home to take "pot luck" and he will jump at the chance: give him two dollars and tell him to get a good meal at a cafe with your compliments and he will knock you down. The dollar is mighty, but it isn't warm, Nothing chills hospitality more, fellow-ship more than a touch of cold—etal.

A French misogynist has calculated with irrefragable logic of mathematics that a woman of three score and ten years has spent nearly a year before the mirror. Women as a rule are proverbially not strong on mathematics but we fancy there are lots of them who are able to show that the average man of that age has spent much more time in much less profitable places.

Rev. Thomas Wilson delivered for the second time in the Adelaide street Baptist Church his illustrated lecture on "The Bible's work among the Cannibals of the South Sea" Thursday night. The church was filled, and the audience, young and old, was spell bound for nearly an hour and a half, as he told his thrilling story. This was the twenty-third time that Mr. Wilson has given this lecture in London, and the interest in it increases.—London Free Press. Hear him Monday evening in the Presbyterian Church.

While Messrs Thos. Gordon and Alex Currie, of Egremont, were coming out of the former's barn one day last week a shot was fired by a Mount Forest youth in a field and Mr Currie, who was a step ahead, came within an ace of getting the charge full in the face. The shot rattled against a post that saved him, part of the lead whizzing past his nose into a manure heap. It was truly a narrow escape. The boy came up and explained that he was shooting at birds, but such careless use of guns is a menace to the community and should be stopped by forbidding boys from carrying them.—Confederate.

Review to Jan. 1, '07, \$1

THOS. NICHOL

ISSUER of Marriage Licenses. Lo 52, Con. 1, N. D. R., Glenelg. Strictly confidential.—Close attention.

Priceville

Bad roads with partly snow, mud slush is what we are experiencing at present for less than a week ago we had about ten inches of snow on the level but is disappearing fast and we are in hopes that it will stay away another month before giving us another visit. Lots of roots to take up yet but a day or two fine weather would wind up this part of the farmer's business and then a call for them to attend to something else. So all classes of the community have their own calling to attend to, be the same in high or low estate, but at the end we shall all receive a 6 by 3 plot in the city of the dead and no mark of distinction made, for the grass grows green over the remains of one as well as the other only there will be a tower like monument placed at the head of one and an humble marble slab at the other.

This week our little graveyard was again visited and two of the old residents laid to rest of which we will make reference further on.

In giving a look over our small graveyard which only contains 7 of an acre we find that every place available is taken up and soon there will be no room for any interments for there is not a single plot but what has a grave or two on it and a large number filled up. There are some fine monuments while some have friends buried and nothing seen to mark their resting place.

Donald McMillan returned after delivering a carload of horses in Manitoba and says he got along well.

Mr John McPhail, of Glenelg south, had the misfortune to have his shoulder put out of place by a fall, a week ago. He is attended by Dr Dixon who put the shoulder in place again, and he is doing well now.

Mrs Arch McLean is home from the Toronto Hospital and hope she will be around again in her usual health and strength.

Mrs Kelly is also about the same way but is always able to be about.

Mrs Archie McCuaig and Mrs Neil McCannel, Jr., were in Toronto at Thanksgiving time combining business and pleasure.

John McKinnon, who spent a month at the old home south line, left for Port Arthur last week.

Our town was busy last week for everybody seemed to take advantage of the sleighing while it lasted.

Gaelic in the Presbyterian church last Sunday and a good number out and a good sermon preached by the pastor, but we are sorry to say our singing in that language is not up to date and it would be a christian as well as charitable act if some of our young men or ladies, who are in possession of that old language would tell these old timers who are getting rusty and out of date, and organs getting out of tune and a' that, to keep still, as they certainly will soon and that they, the young men, would take the lead: for why not use the organ in gaelic as well as in English, for the organist only goes by note, the rest do the singing so we hope to see something done before the first of December as we have preaching in that language only once a month.

Not many can beat Collector D Mc Cormack of Ward No 1 Ardenesia on the walk. One day lately he called in every house from the town line Glenelg to Proton Station and walked back and forward from his home same day. Lots of our young men nowadays would think it out of question to walk to a station without calling in any place.

We see Willie Kelly is attending as Mrs Butters bar tender.

Mr Peter McArthur of our town returned a week ago after spending a week fishing up the lakes near Owen Sound. He enjoyed his outing greatly and had good luck in fishing.

Rev Mr Matheson is again appointed this year lecturer for the Bible and Tract Society in Mount For-ast district.

We see that the contract for carrying the mail from Durham to Ceylon is to be let soon. Why not let it in two parts from Durham to Priceville and then from Priceville to Ceylon and we would be sure then of getting our mail here in all kinds of weather. For some days that mail might not go through to Durham while our mail man here could go almost any time.

Our shoemaker is laid up for the last few weeks and at this season of the year puts a lot of people to inconvenience to get their shoes mended for they have either to go to Durham or Flesherton. We had at one time no less than four shoemakers in this town and the population is higher now than then and everybody wears shoes or boots of some kind as well as they did in olden times so there is something wrong if one shoemaker couldn't make a good living here.

It is snowing again this Monday morning as we write and has the appearance of settling down for winter. Snow birds are seen by the thousands which is a sure indication of some kind of a storm.

Our weather prophets are prophesying a long winter but these weather prognosticators have no relation to the prophets of old, so we will put them down as false prophets.

Died at his sister's, who resides in Normanby somewhere, Hugh McDonald, better known as little Hugh, native of Argyleshire Scotland, aged about 78 years. Mr McDonald was one of the pioneers of Glenelg, coming there about 55 years ago settling with the rest of the family on Lots 50, 51 and 52, on the south line, one and a
