FIFTEEN HUNDRED JEWS MASSACRED.

Great Slaughter of Jewish Students at Kieff.

Many Russian Commanders and Officials Want to Resign.

6,000,000 Men Under Control of Central Strike Committee.

London, Dec. 11.—The latest news from Russia, which left St. Petersburg on Wednesday, and was transmitted by way of the frontier, represents the situation as becoming worse, especially as regards the financial position and the stability of the army.

The St. Petersburg correspondent of the Telegraph describes the Government as being helpless in face of the opposition of the revolutionists, while the telegraph and postal strike is ruining the country financially and economically.

The level to which the panic on the Bourse on Wednesday drove Government stocks was far below the lowest ever reached since the gold standard was introduced in the empire.

According to one correspondent, terrible bloodshed is impending. The Central Strike Committee controls 6,000,000 men, one-third of whom are already armed, while arms are still entering the city from all directions.

Prominent military commanders are asking permission to resign. The Minister of War, and some other high officials have also requested permission to retire from office.

On the other hand, the feeling against the revolutionists is growing and there is some hope to be derived from the attitude of the Zemstvos, which are now about to meet separately, and which, it is expected, will declare themselves on the side of the existing government.

towns have been the scenes of Jewish massacres. These figures do not include villages and Siberian towns, many of which suffered from the anti-Semitic madness.

Writing from Kieff under date of Dec. 1, the commissioners say that the town was then in open riot, and that firing was continual. The British Consul had offered to shelter the commissioners.

The secretary said that up to date \$2,475,000 had been contributed. This sum included \$1,000,000 from the United States, \$520,000 from Germany, and \$867,000 from Great Britain. The sum of \$745,000 had already been remitted to Russia.

The committee, the secretary said, proposed to organize a special system of relief for the orphaned children, who would be removed from Russia and given into the care of Jewish families in other countries. This plan, he said, had received the endorsement of Jacob H. Schiff, of New York, treasurer of the American Relief Committee, who offered to take any number of children up to 500, and see to their proper disposition.

Are Backward in Fine Arts—Actress Declares Students Tied Stones to Strings and Injured Women of Company.

An Ottawa despatch: Madame Sarah Bernhardt, who arrived here to-day, is very much annoyed at an incident which happened in Quebec last evening, when a number of Laval students had arranged to rotten-egg the actress on her departure, owing to an interview, in which she was represented to have said that French-Canadians had hardly a drop of French blood in their veins.

White River Junction, Vt., Dec. 8.—Although Governor Bell agreed early to-day to hear what the attorneys for Mrs. Mary M. Rogers had to say, in behalf of a reprieve for the condemned woman, there was little indication that their efforts would prevent the execution and it was expected that she would be hanged between the hours of 1 and 2 this afternoon.

INSANE PATIENTS BADLY TREATED.

Shocking Revelations at the Philadelphia Hospital.

Have to Stay in Bed Because There Are No Clothes to Wear.

Place So Crowded That the Patients Have to Sleep on Floor.

Philadelphia, Dec. 11.—The advisory committee appointed by Mayor Weaver at the suggestion of Dr. W. M. L. Coplin, director of the Department of Health and Charities, to make an investigation of conditions in the insane department of the Philadelphia General Hospital, submitted a report last night which shows a condition in the almshouse that is characterized as "shocking" by Dr. Coplin. The report says there are 1,800 patients in the insane department, whereas there are accommodations for only 900. There is an utter lack of clothing, and many patients are compelled to remain in bed because they have no clothing to wear. Some have to remain in bed while their clothes are being washed. In one ward 100 patients out of 125 were without underclothing, and night clothes are also scarce. The report also says that the place is so crowded that patients have to sleep on benches and on the floor, and that tuberculosis patients are not separated from the other inmates.

PLUMBERS' COMBINE.

Mr. DuVernet's Scathing Denunciation of a Combination.

Tonno despatch: The evidence in the conspiracy case against the Master Plumbers and Steamfitters' Association and the Central Supply Association was concluded yesterday before Mr. Justice Clute, who called upon the defending counsel for their evidence. No evidence was offered in contravention of the Crown's case, and counsel addressed the court. Mr. W. R. Riddell, K. C., did not attempt to justify the bonus system, and went so far in condemnation of it as to advise the return of the money imported in that way. He is in common with Mr. Watson, K. C., for the Central Supply Association, argued there had been no contravention of the criminal code, and that the agreement between the two associations was legal. Mr. Riddell made the same argument with reference to the agreement with the local union. Mr. Watson took the technical objection that the section of the code regarding conspiracy did not apply to the acts of two corporate companies, and on behalf of the association strongly repudiated any intention to commit any wrongful or illegal acts. Mr. DuVernet's unfinished address for the Crown was a scathing denunciation of a combination under which, he said, citizens had been absolutely defrauded, and under which, while making dishonest tenders "honest," "reputable" members of the association had sat around the table, distributing other people's money among themselves and arranging to what extent they could plunder and rob them.

PREMIER'S RANK.

AN ANOMALY IN BRITISH COURT CEREMONIES REMOVED.

After Archbishop of York—Hitherto Prime Minister Has Taken Rank by Virtue of Privy Council Membership.

London, Dec. 11.—The appointment of Sir Henry Campbell-Bannerman as Premier, accompanied by the removal of a curious anomaly in English court ceremonies. A Royal order was gazetted last night authorizing that the Premier shall in future have precedence next after the Archbishop of York.

Hitherto in court and State ceremonies the Premier was not recognized, and only took rank by virtue of his membership in the Privy Council. Thus, he was preceded by several of his ministers. King Edward wanted to make the change during the Premiership of Mr. Balfour, but the latter was averse to it. The announcement that the King has just recognized the status of the Prime Minister causes the Chronicle to remark that there is no such person as the Premier or Prime Minister of Canada. Sir Wilfrid Laurier's official title is President of the Council whilst what is generally known as the Cabinet is the Council of Canada.

WONDERFUL GOLD FIND.

Strike Took Place in the Laurentian Mine at Manitou—Rock Held Together by the Precious Metal.

Wabigoon, Ont., Dec. 11.—Information has arrived from Manitou of the most extraordinary strike of gold that has ever been found in the district. The strike occurred at the Laurentian mine, one mile from Gold Rock, which had just recently been re-opened after the close of litigation proceedings. A couple of shots put in by the miners while drifting from the north side of the shaft at a depth of 85 feet, on Tuesday last did the business, and exposed gold of untold value.

The precious metal could be twisted off in pencils or gouged out in silver-dollar thicknesses. In fact, it was asserted that the rock was only held together by the gold with which it was permeated. It is just two years ago since ore assaying nearly \$30,000 to the ton was struck at a depth of 25 feet in the same shaft. The exposure of Tuesday last would apparently indicate a six-figure assay.

THE FUTURE IS BRIGHT FOR HOME RULE—IRELAND'S POWERFUL POSITION.

London, Dec. 11.—"Since the time of Gladstone, Ireland never occupied a more powerful position than she does to-day. The home rule question is absolutely the main issue now before the public."

This is the message which John E. Redmond, the leader of the Irish Nationalists in the British House of Commons, and the world over, made to-night. The message explains clearly the political situation, and the hope which Mr. Redmond's followers have for the establishment of self-government in the near future.

Following is Mr. Redmond's cable despatch in full: The overthrow of the Balfour Government forms the Irish cause once more in the forefront of British politics.

Five years ago Mr. Balfour came into power with an enormous majority, pledged against home rule. To-day the Irish question, which has lived for a hundred years, holds the field to-day. The convention just held here was a great, representative gathering, strong in purpose and eloquent in the vigor of public opinion. United and hopeful the members of the Irish Parliamentary party look with confidence to the Irish race and its sympathizers the world over to sustain them in this crucial fight, and to aid them in making the most for Ireland from the new political situation.

Since the time of Gladstone Ireland never occupied a more powerful position than she does to-day.

TRAINMEN DIE.

TEN KILLED IN A SMASH-UP OF "OVERLAND LIMITED."

Engineer Brink Disobeyed Orders and Went to His Death on a Freight Engine, Which Collided With the Fast Train—Some of Dead Incinerated.

Omaha, Neb., Dec. 11.—Ten persons were killed and eleven train employees and eight passengers were injured in the wreck of the "Overland Limited" on the Union Pacific five miles west of Rock Springs, Wyoming, to-day. The freight train was run into head-on by a freight train, and both engines were demolished. The dynamo car, mail car and dining car on the limited burned to the wheels. Several of the dead were incinerated.

The dead: First cook, James Busch, Omaha; second cook, Ed. Rosenbaum, Oakland, Cal.; fourth cook, John Lawless, Omaha; J. A. Newson, J. F. Philpott, Frank Peterson, mail clerks, Cheyenne, Wyoming; Electrician Stigers, and Ogden, his assistant; Assistant Electrician McKenna, Omaha; Engineer Brink, Exelina; Brakeman Smith, Rawlins.

The three dead cooks are white men. An extra freight train was given an order before it left Rock Springs to meet four eastbound passenger trains of which the Overland Limited was the last one, at Ashby, a siding five miles west of Rock Springs. The freight took the siding and waited until three of these trains had passed east and then pulled out. When a mile and a half west of Ashby it met the Overland Limited. Both engines were demolished and three division officials from Rock Springs arrived at the wreck shortly after it occurred. The bodies of the dead were removed to Rock Springs. The mail car was the scene of the greatest mortality. In this car four clerks were working when the crash came. Three of them were killed outright, and the fourth, Shafter, was probably fatally hurt.

The bodies of the limited immediately caught fire and were destroyed.

Engineer Brink, of the freight train, who, it is stated officially, was responsible for overrunning his orders, was one of the killed.
