Papa, Archie and May went to the woods to get a thristman tree and found just what they wanted-a little pine, bushy and straight.

"There is something I must cut off, said Archie. He pointed to a little gray bunch on one of the twigs and palled out his knife.

"No. no." cried May, bolding his hand. "Let it stay. It's a poor little caterpillar's house." May was right. One Indian summer

MAKING CHRISTMAS TOYS.

Thriving Industry In Germany, France and Switzerland.

In parts of Germany, France and Switzerland every humble householder takes more interest in Christmas than the average American boy. This seems is pretty thoroughly appreciated by the festival is to them, it is not essential to their existence. They could get along without Christmas, but the toymakers in Switzerland, the Tyrol and south Germany would starve without this midwinter holiday which makes a market for their goods. There are wood carvers, doll dressers and toymakers in every hamlet and home of the Tyrol. They depend upon the small wages they make from these toys to put bread and butter in their mouths.

All through the winter season every boy and man carves out wood animals and toys for the factories. Everything is handmade. A Noah's ark of twenty or thirty wooden animals that retails for a quarter in this country does not pay the carver more than a few pen-

The boys are taught to handle the talfe early, and they learn to cut out wooden ducks, hens, horses, cows and other toys before they have reached their teens. Working all through the early winter days and nights in their little homes, they make the wooden toys that delight so many children throughout the world .- New York Mail and Express.

A Hawaiian Christmas. Before the missionaries and the American settlers went to Hawaii the natives knew nothing about Christmas, but now they all celebrate the day and do it, of course, in the same way as the Americans who live there. The main difference between Christmas in Honolulu and Christmas in New York is that in Honolulu in December the weather is like June in New York. Birds are warbling in the leafy trees; gardens are overflowing with roses and carnations; fields and mountain slopes are ablaze with color, and a sunny sky to church, and during the day there are sports and games and merrymak-

Hark to the Christmas Bells! How beautiful and melodious their sound as they re-echo across the snow and our hearts are filled with love and happiness as we listen to their joyous music. How truly grateful we should be for all the blessings which the bells bring to our remembrance-how 1900 years ago a Son was born into the world, and it was not the bells which welcomed Home but the music of the angels. Therefore Christmas should not be merely a time of feasting, of re-

ceiving and of giving but it should inculcate in our lives nobler sentiments more love to mankind at large and thus produce a beneficent influence on We all extend a hearty welcome to Mrs Mal Cameron who is visiting

In the afternoon the adoration of the manof the scene in Bethlehem is unveiled in the great hall of the palace. There is also a Christmas tree, from which Alfonso distributes gifts.
