INTERNATIONAL LESSON NO. 1. JANUARY 7, 1905.

The Shepherds Find Jesus—Luke 21:30.

Commentary.—1. The Birth of Christ (vs. 1-7). 1. In those days—After the birth of John and before the birth of Jesus, Caesar Augustus—The first of the Roman emperors. All the world ...

16. Let us now go—There is no time to lose. Let us go now. "This is the language of obedience, desiring to receive assurance and strength," by seeing for themselves "this thing which is to come to pass."

17. Made known abroad—As soon as they had seen the child they began to tell the glad news to every one they met. They were true preachers of the gospel. 18. wondered—The story of Jesus is the most wonderful story to which human ears ever listened, and it still causes those who hear it to wonder. 19. Pondering them—weighing or carefully considering them. Every circumstance was treasured up in her memory.

20. Glorifying and praising—These simple men returned to the care of their flock, giving glory to God for all they had seen and heard. PRACTICAL APPLICATIONS. I. "A Saviour" (v. 11). 1. Incarnate. "Born ... a Saviour" (v. 11). The beloved Son of God became the "first-born son" of Mary (v. 7). The Divine One became the human sufferer, subject to physical law, mental pain and spiritual trial.

2. Ignored. "She ... laid him in a manger, because there was no room for him in the inn" (v. 7). "The babe lying ... in the manger" (v. 12). "No room for him" (v. 7). Touching forecast of the reception of Jesus from the cradle to the cross. "His own received Him not" (John 1:11). No room for him in Bethlehem (Matt. ii, 13). No room for him in Nazareth. "They must thrust him out of the city" (Luke i, 16, 28, 29). No room for him in the homes of those he served.

II. The saying (v. 12). The message of the angels was a model for the sermon. It was: 1. Comforting. "Fear not" (v. 10). The angel came not to punish sin but to proclaim a Saviour. The first Old Testament "fear not" is in connection with the promise of the miraculous gift of Isaac, type of the beloved Son (Gen. xv, 1-5). 2. Inspiring. "Behold, I bring you good tidings of great joy" (v. 10). The joy of the Lord is great in its source (John xv, 11; Gal. v, 22).

3. Personal.—The angel said: "I bring you good tidings" (v. 10). "Unto you is born a Saviour" (v. 11). "A sign unto you; ye shall find" (v. 12). Conviction and comfort are in the pronouns of the Bible. "Thou art the man," Nathan said to David (2 Sam. xii, 7). "I go to prepare a place for you," Jesus said to the sorrowing disciples (John xiv, 2). Gospel preaching is to the heart. III. "The Shepherds" (v. 15). The shepherds believed. Their faith was: 1. Immediate. "Let us now go." Pre-emption is a thief. It steals time, strength and opportunity. Delay is disobedience. The little word "now" is a mighty conqueror. 2. An active faith. "Let us now go." A gentleman was asked, "How do you accomplish so much in life?" His answer was, "My father taught me when I had anything to do to go to it."

3. A persistent faith. Even unto Bethlehem. They left their flock to find their Saviour. 4. An ardent faith. "They came with haste." "Whatsoever ye do, do it heartily" (Col. iii, 23), with a loyal urgency of spirit, as a faithful, loyal lover of your Lord. 5. A rewarded faith. "They ... found Mary and Joseph and the babe in a manger" (v. 16). God bids us, "Taste and see" (Psa. xxxiv, 8). 6. A spoken faith. They made known (v. 17) what the Lord had "made known" (v. 15) to them. The news was too good to keep. It belonged to all people. The angels. Angels have always taken an interest in the affairs of this world. We frequently read of them in the Old Testament. An angel appeared unto Zacharias announcing the birth of John and to Mary announcing the birth of Christ. An Angel appeared to Jesus in the garden, and to the disciples at the sepulchre and at the ascension. Jesus on one occasion said He could call twelve legions of angels and we have the blessed assurance given that He gives His angels charge over us to sustain us in the hour of temptation and danger. Abbie C. Morrow.

conscience. Good will—God has shown His good will by sending the Messiah. Toward Men—We should show good will toward God and Man.

III. The visit of the shepherds (vs. 16-20). 16. Let us now go—There is no time to lose. Let us go now. "This is the language of obedience, desiring to receive assurance and strength," by seeing for themselves "this thing which is to come to pass."

17. Made known abroad—As soon as they had seen the child they began to tell the glad news to every one they met. They were true preachers of the gospel. 18. wondered—The story of Jesus is the most wonderful story to which human ears ever listened, and it still causes those who hear it to wonder. 19. CHURCH FEDERATION.

CHICAGO MINISTERS MAY BAR THE UNITARIAN CHURCH. Chicago, Dec. 23.—Five hundred Chicago ministers met yesterday to consider steps toward church federation in the city. No definite action was taken looking toward the exclusion of the Unitarian denomination, which was barred on doctrinal grounds from the recent conference on church federation held in New York city, but the sentiment of the meeting was strongly in favor of the exclusion.

Each of the speakers had been delegated to the New York conference and each referred to the action of that conference in terms of the warmest approbation. The meeting was called by a joint committee representing the ministerial associations of the various denominations and the central department of the Y. M. C. A. A committee of four was appointed to re-construct a plan for the church federation.

MURDERER SHORTEES.

HE HAS BEEN PLACED IN INSANE WARD OF PENITENTIARY. A Kingston dispatch says: Valentine Shortis, the murderer, one of the four prisoners transferred from St. Vincent De Paul to the penitentiary last week, has been temporarily placed in the insane ward. Shortis sang to himself while being driven from the railway station to the penitentiary. He is quite simple minded, but retains all the marks of a gentleman.

SEED TIME.

The experienced farmer has learned that some grains require far different soil than others; some crops need different handling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. No use of complaining in summer about a mistake made in the spring. Decide before the seed is planted. The best time to remedy wasting conditions in the human body is before the evil is too deep rooted. At the first evidence of loss of flesh Scott's Emulsion should be taken immediately. There is nothing that will repair wasted tissue more quickly or replace lost flesh more abundantly than Scott's Emulsion. It nourishes and builds up the body when ordinary foods absolutely fail. We'll send you a sample free.

Be sure that this picture is in the wrapper of every bottle of Scott's Emulsion you buy. SCOTT'S BOWNE CHEMISTS Toronto, Ont. Price 25c. All druggists.

CRISIS OF GIRLHOOD.

A TIME OF PAIN AND PERIL. Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well. How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many have perished through neglect and have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period. A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities. Miss Emma Cole of Tullahoma, Tenn., writes: Dear Mrs. Pinkham—

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound." "When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my sides, headaches and was dizzy and nervous, and doctors all failed to help me." "Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be of help to other girls who are passing through girlhood to womanhood, for I know your Compound will do as much for them." "If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood."

Montreal: All lines of wholesale trade continue to show a quiet tone here, although there is already something of a re-order trade in some Christmas goods. Stock-taking has been general during the past week, and results show, as was expected, that the business of the past year compares very favorably with that of previous seasons. Remittances are inclined to be a little slow, but there is still no fear for the future on this point. Travellers are returning from their country routes, and they speak very hopefully of the condition of country trade. All retail stocks are moving well, and there is a good sound basis to work on, in the prosperity of the farming community, which has never been in a better financial position than it is to-day. Toronto: Wholesale trade here has been quiet at the moment, and is likely to continue so until after the new year. Wholesale dry goods men have about finished their stock-taking. The result is rather more than fairly satisfactory and shows that the trade of the past year compares well with that of a year ago. The Christmas trade in fancy lines, etc., has been exceedingly heavy. There has been a good movement in hardware lines, while groceries are quiet. Metals are very firm in tone, and all lines are advancing. Sugars have advanced slightly during the past week. Country and city retail trade is brisk, although the former would benefit by more snow. Collections are quiet, but will likely improve with the new year. Quebec: Retail trade is active, but a quietness is noticeable in wholesale circles, owing no doubt, to the annual stock-taking, which is pretty general at present. The season just closing is reported satisfactory, and favorable results are expected. Winnipeg: Fine seasonable weather has given a big impetus to the holiday trade here. Wholesale trade is quiet, but shoe houses report great activity, and there is also a good tone to the grocery trade. The hardware and dry goods trades are quiet. Victoria and Vancouver: Business generally has a quiet tone throughout the province. Trade, however, is on a sound basis, and wholesalers feel that after a good season they can afford to wait until the opening out of spring trade, which promises to be very heavy. Hamilton: Trade conditions here are generally satisfactory, although the movement in wholesale lines is quiet. Retail trade is very brisk, and the outlook for spring business continues bright. Collections are fairly to good, and business men are well satisfied with the trade, not alone for the past few weeks, but also of the year. Ottawa: Holiday retail trade is brisk in all lines, and there is still a fair demand from wholesale houses for order lines. Local industries are active and values steady to firm.

RESCUED MEN.

ITALIAN LABORERS RECOVERED FROM TUNNEL BY SWIMMERS. More Than a Hundred Rescuers Work Thirty-six Hours to Reach Imprisoned Men Forty Feet Beneath the Bed of the East River. New York, Dec. 25.—After nearly forty hours of unceasing effort on the part of more than a hundred rescuers, two Italian laborers who had been caught in a cave-in in the East River tunnel forty feet below the surface were rescued to-day. The men were in a terribly exhausted condition, but will recover. It was thought at first that other workmen might have been imprisoned when the earth caved, but those who were rescued said that all their companions escaped before the water closed the mouth of the tunnel. The rescuing party then had only seven feet more to drill through the cement roof of the tunnel, where the men have been buried for thirty-six hours. The message was transmitted through the pipe which is being used to transmit air into the tunnel. The rescuers said it might require several hours to penetrate the last seven feet of the tunnel roof. Meanwhile one of the dangers threatening the imprisoned men had been diminished by the lowering of the water in the tunnel. Two large steam pumps brought the water down so low that an attempt was made to reach the men in boats, which were launched in another part of the tunnel. The boats, however, could not squeeze beneath the roof at the point where the water was highest, and the attempt was given up. Surrounded by water, which threatened to engulf them the moment the compressed air should fail to hold it in check, the two entombed men had kept up constant communication with the surface by tapping on the pipes which brought them air. They were almost exhausted when three diving men swam up to the platform on which they were huddled and induced the frightened men to plunge into the water. The two stronger swimmers of the three took a man upon his back, while the third swam alongside ready to lend assistance.

MUSSULMANS KILLED.

ARMENIANS HUNTING THEM AS TIFLIS LIKE DEER. Constantinople, Dec. 25.—The massacre of Mussulmans by Armenians was still in progress at Tiflis and throughout Caucasus, Dec. 18, according to a despatch from Tiflis on that date. The Mohammedans were being hunted down like deer, no distinction being made between Persians, Tartars or Ottomans. About two thousand Mussulmans of Tiflis had sought refuge in neighboring villages. The Cossacks and other troops continued to plunder the houses of Mussulmans at Batoum.

WARSHIPS WILL CONCENTRATE.

British Squadron Will Manoeuvre Near Gulf of Cadiz. Cadix, Dec. 25.—Information transmitted to the Spanish Admiralty confirms a report in circulation here to the effect that the British Mediterranean, Atlantic and Channel squadrons, comprising sixty warships, will concentrate in April near the Gulf of Cadiz, with a base at Lagos, for combined manoeuvres. Some people here are inclined to regard the presence of the British fleet near Morocco about the time when the Moroccan conference closes as significant.
