Did you ever hear of the town of No Good, on the banks of the River Slow, where the some-time or other acents the air and the soft-go eases grow? It lies in the valley of What's the Use, in the province of Let Her Slide; it's the home of reckless I Don't Care, where the Give-up-abide. The town is as old as the human race, and it grew with the flight of years. It is wrapped in the fog of the idler's dreams; its streets are paved with disordered schemes and are sprinkled with useless tears.
