Our extract is from the Times;

Bearing the distincton of having been longer a resident of Owen Sound than any other citizen Mrs. Elizabeth Telfer Beith passed away at her home on La Marchand Place on Tuesday evening, at the age of seventy nine years. Born in the Township of Dumtries. Ont, in 1826, she came through the wilderness and forest from Galt in 1840 to Owen Sound with her father, the late John Telfer, upon his appointment to the Office of Crown Lands Agent, upon the opening up of this section of the county for set-1860 while on a trip to the Western On- | early. tario peninsula near Sarnia. Taking up present proportions and no person knew more of the earliest history of the ham-let or watched with more interest its growth into a splendid town Fortunately her mental faculties retained per-fect clearness almost until the last though for some months prior to her de-mise her health continued to grow more feeble. Unobtrusive in disposition yet of a kindly nature she lived the long years of her widowhood in the esteem of a circle of friends which as the years went by she saw gradually reduced in numbers by the inroad of death until the final summons came. Deceased was a life long member of the Presbyterian church and attended Division Street church. In recent years when it was recognized that the eud must soon come it was regarded essential to the securing of an accurate history of the able to give should be secured. No definite action was taken much to the regret of those interested but there re-mains in the family much that will be found accurate and interesting facts relating to the early days. The members of the family who survive are Mrs Davidson, of Durham. Mrs Paterson, of Woodlands, Man, Miss Elizabeth and Miss Franc Beith at home. The funeral fook place yesterday to Greenwood cemetery the services being conducted by the pastor of deceased Rev Dr Somerville. The pall hearers were W B Stephens, W J Paterson, John Parker, Robert Christie, G P Creighton, Thos Scott—all sons of early friends of de-

After the Elections.

We have little to add to our last week's report of the elections in the townships. We give below, from the Advance, the details in Normanby. The contest here presented some pecu-liar features. The South-east and of Bob Sleighs. Southwest wards were strong for Morice, as will be seen and in Neustadt where once he was very strong, he has dropped to 7. Neustadt killed him; and ton's jealous rival. He took a very good vote in Ayton notwithstanding the undoubted strength of his opponent there. Murray will make a good reeve. and if he can hold the fort for over a dozen years as Morice has done, will be doing well. Here are the figures :

Alsfeldt-Morice 87, Murray 37; Ayton-97, 109; Neustadt-7, 166; Hampden-56, 61; Blyth's-38, 23; Robin-

The victory for Local Option in Owen Sound is made more complete from the fact that the adjoining townships, Sarawak, Derby and Sydenham have also carried the restrictive measure by good majorities. Holland elected a council opposed, while Artemesia elected one supporting the measure. To the Electors in Division No 1, Egre-Gentlemen,

I was very sorry to hear that several of the Electors in your Division were de prived of the right of voting at the late Election by the omission of the name from the Voters' List and as a matter of course, the blame is laid upon me.

1 wish to state that I am entirely innocent; one elector called to investigate and I showed him the printer's copy, and these names are all on it, and he was satisfied that the fault was not mine. I cordi. ally invite all the affected ones to call and

that our Voters' List was perfect as far as of which they shall then have notice. The subject of the following notice the preparation and printing were
