ROBERT BURNETT

Swinton Park.

Mr Ernest Maxwell and wife from the west are visiting friends in the park and vicinity at present.

Mrs Aldcorn, Sr, is very ill at present but we hope soon to hear of her recovery.

Mr George Black is under the care of Dr Martin at present.

Mr Leslie Watson has clipped his fine driver so I guess some of the fair ladies will secure the benefit.

I wonder who the two young gentlemen and ladies were who got lost in Mr Heard's field coming home from Mr Dugald McCaul's party and made a race course around a ten acre field. I think it was rather a stormy night for speeding horses. It was a good

thing for them that their was a tent in the house as when they wakened him up he showed them the road out of the field.

Mr Wm Aldcorn and Ernest Maxwell and wife are visiting friends around Heathcote at present.

I understand the record breakers are done cutting wood for the present season.

We understand the young gentleman who borrowed the fur coat for his girl says he is going to buy her one. It will save the trouble of going after one when he is taking her out driving.

Mr Wm Fowler, from High river, Alberta, was visiting at Mr James Knox's a few days last week.

We understand the coasting club did not amount to very much as the boys flunked out and it was not very

much fun for the girls without the boys.

I do not know whether the Dundalk cor. got too much goose or ox on Xmas week but he has not been able to write very much news since.

I think the Maple Park cor had better keep on his own side of the fence, write his own news and leave the Swinton Park news alone.

Blythe's Corners

Mrs H Hutchison returned home from a fortnight's visit to her parents in Brussels on Monday last. Just in fine time Mr Ed for the Farmers' Association meeting in the Varney school next Friday night, Jan 26th. Every independent grit and tory between Durham and Orchard are cordially invited to attend, ladies included.

This January might easily go down in Canadian history as being the mildest on record not a particle of frost in the swamps or woods and it is a serious affair for any who have saw-logging or timbering to do to get any work done, in fact the great thaw today brings all work in that line to a standstill.

Mrs Wm Mills and little daughter Katie, of Brandon, Man., visited Mrs E McIlwride, Sr, and Mrs Alex McIlwride on Wednesday and Thursday of this week.

Among the pleasing features on Saturday last of the Farmer's institute meeting was the courtesy displayed by the two editors in assisting each other in getting the prize list of winners at the seed fair. The great controversy carried on through the columns of both papers "re-cement" has been fancy, been the means of cementing the two editors together which is at least one good thing it has done. However we congratulate you Mr Ed on the friendly spirit you both maintain towards each other and which is quite in keeping with the 20th century and then, when you see grit and tory meet delighted at the Farmer's Association meetings from time to time to discuss matters political and otherwise in a friendly sociable manner one could almost be led to believe that the millennium is drawing nigh.

Mr Wm Carson has sold his spanking team of horses to Mr Fortane last week for the sum of at least \$400 we have reason to believe.

The annual meeting of Knox church Normanby was held on Tuesday evening Jan 16th. The evening was about the worst we had this winter and consequently only a few were present. However the business we hear was of gone through with. Everything is in a satisfactory shape and fairly well conducted, with a surplus of about \$25.00.

Foresters' Rally at Dromore.

On Friday, Jan 12th, one of the most enjoyable evenings in the history of our village was participated in by an assembly numbering over two hundred guests in Russell Hall on the event of the Forester's rally. Those who attended last year were heard to explain "Impossible to beat it" but this year they willingly acknowledge it has been surpassed.

The evening was very favorable as to weather, therefore almost everyone who had received an invitation was present. The hall was most magnificently decorated and draped with red and blue bunting. The walls were very prettily graced with evergreens and tastefully arranged tissue paper novelties, which made one think he had stepped into a fairy land of beauty.

The programme came first and it certainly was a decided success. Chief Ranger William Hay very ably acted as chairman and after a short speech touching on the I. O. F. order called on the whole assembly to join in the singing of one of the Foresters' odes, which was heartily responded to by Mr Walter Hastie then sang a Scotch song which was loudly applauded. The orchestra then played a waltz that carried the audience to Flowerland. Mr Wm Isaac then sang a solo entitled "Everything at Killy's must be done in Irish Style" and as an encore sang "What's the use of Man." Mr Isaac is an ever popular vocalist. Major Preston, of Grand Valley, Past High Chief Range, then gave a very able address on the solid reasons for every man becoming a Forester. Mr Jor Preston is indeed a pleasing speaker and also a speaker of great depth and no doubt many men will be convinced of the splendid feature of the I. O. F. Miss Hattie Watt sang a solo "Anona" which delighted the audience with its sweet strain. A dialogue entitled "How he Proposed" was given by A Eccles and Miss Mary Bunston, the bashful young man was forced into proposing. Miss Grace Reid gave a recitation with good effect. A duet was then rendered by Mr Will Isaac and Mrs Harry Sterne, entitled "In the Shade of the Old Apple Tree" and was heartily applauded. Miss Essie Swanson then delighted the audience with her vivid description of "The Stage Struck Boy." Miss Swanson bids fair to some day shine in elocution and at present is far above some so called professionalists. Miss Jean Brown, of Durham, who pleased the people so well last year was again with us and sang two solos being encored and forced to sing a second. Mr Dan Henry gave a reading in Scotch Brogue and although a Canadian can imitate the brogue good Mr Archie Clark who recited brought the audience to shouts of laughter.

Miss Agnes Rowick ably acted as accompanist for the singers. A hearty

vote of thanks in behalf of committee to those who so kindly helped in the program was then extended.

Supper then served by willing waiters and everybody did justice to the inner man a sociable hour was spent in this way and when everybody had his or her sociable chat out, the committee then cleared the floor for the dance which was to follow. Young and old remained and many of the older men were to be seen as spry as any young man with his partner for the opening dance which was the Circassian circle. The floor being waxed and the music the best in these parts nobody could resist the temptation to waltz. The dancing was done by program and consisted of waltzes, Jerseys, Two steps, three steps, French Minuettes, Schottische, Scotch Reels and Quadrilles. It formed a pretty spectacle to see a vast number of couples gliding to the sweet strains of a waltz.

There were several present from the surrounding towns including Durham, Holstein, Mr Forest and Priceville. Great credit is due the committee who so ably handled the whole affair. It is our wish that we may be again favored by a similar event at some later date and that Court Dromore No 1180 may ever prosper in the future as it has in the past.

Priceville.

Remarkable weather for this season of the year.

The snow is disappearing fast and it will be hard work for those living on back roads to get out on account of heavy drips some places and good wheeling on some other parts.

Our church on Sunday last, was thinly attended but our good pastors of the different churches made their appointments to other stations.

Local option meetings held in Watson's Hall the other night and was well attended, but as we are on the Glenelg side of the line we are not asked to use our vote and influence in the matter. Glenelg has only one hotel and the proprietor, Billy O'Mara, put himself down as a farmer on the assessment roll. So the good people of Glenelg, must be a peculiar people that are void of offence.

The annual meeting held in the Presbyterian church in this town a week or two ago was not numerously attended, however the business was attended to by the few present and disposed of in a very good manner. The congregation seems to be in a very prosperous condition. The whole debt on the entire church property and buildings including sheds are only a trifle over \$100.00. There is one of the largest shiel accommodations to be found in a small country place north of Toronto to be found in Priceville in cases of necessity they will accommodate 100 single rigs if properly packed.

It is difficult to find teachers for the Sunday School at times but the faithful ones are always in attendance and generally in a self denying manner for they don't give their service grudgingly nor with the expectation of receiving thanks, but from a sense of duty, which shall reap its reward in future.

Our organist Miss Maud Reilly was presented with a \$20 bill as an extra appreciation of her excellent services as organist during the past year. Miss Reilly is a lady in every respect of the term that is worthy of the respect of the community at large, and it would be a great loss to the congregation if Miss Reilly will fail to reconsider her resignation for the coming year.

The number added to the church roll during the year was 28, removed by death and otherwise 6. The total number of communicants are 182. Caretakers for 1906 David and Marin McLeod, sons of Alex McLeod of this place.

Our commissioners are away this week to Owen Sound to attend to their business there.

Monday the 22nd looked like a day that a farmer felt like drawing out his plow and start to plough snow on the sideroads and in the fields turn up the sods, however we did not see any at the job and probably before 2 days we will have it down to zero and below it.

Lots of sick people and our Dr is kept on the move generally, but we hope to see his services less required in the near future, as everybody will be getting better, but we don't wish the good Dr to be deprived of his means of livelihood and whether we do or not Drs will get their share of patronage for they are useful in time of need.

Thos Fisher, who lost his partner in life lately by death, moved with his brother-in-law, Donald McDonald, of Proton.

Measles are quite prevalent in the neighborhood of Top Cliff but is of a mild form.

A rainbow was to be seen in the north, look out for a snap.

If the man whose wife was bothering the life out of him to tell her the password of a certain secret society he belongs to, would tell her simply it is "Cumdotheangergasthoirairreir-dgnoishtuun," she would have to repeat it often to bear it in memory. How many of the Review readers can tell what it is? Lots of their husbands are accustomed telling their wives when they have no right to, but in this case they are alright.
