Blythe's Corners

A very successful meeting of the Farmers' Association was held on Friday evening, Jan 26th in the Varney school house, as announced. The following are the names of those who joined, which is sufficient guarantee for the amount of common sense they possess: Robert Petty, Wm. Grant, Ali McCabe, John Kerr, Wm Morrison, Con Kreliar, Wm Lauder.

The meeting was very spirited and among other business transacted a resolution to this effect was moved, seconded, and unanimously adopted; that this association emphatically denounces the gigantic "steal" of the people's money by the representatives of both Reformers and Conservatives and call upon Mr H. H. Miller, S. Grey's representative to support any and every measure brought forward for the repealing of the same. A copy of the resolution was sent, arrangements were made to have Mr McErving President of the Central Association with us some time in Feb., providing he can come, of which further notice will be given. In the event of him not being able to be present the next meeting will be held on Friday night Feb. 23rd in the same school. Subject cooperation.

Mrs Alex McIlvride left Thursday for her Western home, going round by Mt Clemens where she will take another course in the baths for her trouble, rheumatism. A letter which she received lately from home, containing the sad news of a painful accident which befell their third eldest son Harold in having two of his fingers cut off by an older brother, while engaged in splitting wood. Very sorry to learn of poor Harold's mishap.

Bert Watson delivered 4 hogs at Holstein station for shipment last week 5 months and 3 weeks old which averaged 434 lbs each. Mr David Leith is the proud possessor of the sire of these hogs which were pure bred york.

Mr Wm Grant narrowly escaped losing a valuable horse last week while engaged drenching him by the dose getting on his lungs. Through the skillful management of Dr Seim, of Holstein, he is going to pull through all right. Congratulations to Mr and Mrs George Marshall in the arrival of a little daughter to keep them awake at night.

Swinton Park.

Quite a number took in a party at Mr Renwick's at Brownsville on Thursday night and report a good time.

We hear that there is some person or persons who take down the receivers on the telephone when people are talking and they have very unsettled stomachs or something as they make peculiar noises I think it would be wise for them to desist as they are apt to get into trouble if they do not.

We are sorry to chronicle a very sad accident that happened to Mr Thos Scott on Tuesday night while he was moving from his farm on the 19th concession out to his father's in Gierelg. He was going down a hill and the planks on the wagon slipped forward and struck the horses causing them to run away. They ran up main street of the park leaving the hind wheels below the school house and Mr Scott got caught in the bounds of the wagon trailing him up the grade to near Patterson's store where he got loose. He lay there for some time unconscious. He came to and crawled up to the store where he fainted again. Mr Patterson happened to waken up and heard him groan and got up to investigate and found him lying there unconscious. He moved him into the house and warned the neighbors and they telephoned for Dr McWilliams, of Dundalk. The Dr advised them to move him to Dundalk the next morning where he could give him every care and according to latest reports he was in a fair way to recovery but we think it would be advisable for him to move in daylight next time when he can watch the planks.

On Friday evening last the ladies' aid of the Salem Methodist church held a sociable evening in the church, the evening being spent in recitations, readings, instrumental music and songs. Mr Joseph McNally was there with his gramophone which amused the audience very much. It is hinted that the proceeds were for to buy a chair and lantern for a certain young gentleman so that he could see who went home with the young ladies.

The cor. to the Dundalk Herald has been chumming with the Longfellow so much lately that he thinks he can write poetry but I think Longfellow will have his hands full as I am of the opinion that he is like the little boy that the teacher asked to define space. He said, "I can't, but I have it in my head."

Mr John Chislett intends going west with the rest of the boys next month.

Hopeville

A message was received here last week from Hamilton of the death of the Rev Mr Allesen, a former minister of the Hopeville church. Mr Allesen was a young man well liked, while here a good preacher, friendly and took well with all classes of people. His widow mother and other relations live in Hamilton. He was only about 27 years of age, heart trouble being the cause of his death.

Our village was taken by surprise last week, when Mr William Hastie, one of council collectors came and

told the people that he had a committee at Egerton, a post office on the townline of Luther township to run an Electric Railroad from Toronto to Shelburne. Egerton, Hopeville to Woodford. A public meeting was proposed for last Friday night, and the President of the company would address the meeting. Quite a few turned out to the meeting but the President who is reported to be a very rich American did not come. The meeting was addressed by Mr Hastie and Mr Chas Hughett. A committee was appointed and a collection was made at the adjourned meeting that was held after in a store. Many are the rumors of how this road will run from Hopeville.

Dornoch

We had a pleasant chat with Mr Jas Robertson who returned on Monday last to Sault Ste Marie after spending an enjoyable fortnight visiting friends in the burg and community.

Mrs Wm Mills and children leave this week to visit friends in Kent County prior to their departure for their home in the Prairie Province.

Mr Archie Cameron, of Bottineau, N. D. accompanied by Mr and Mrs W. J. Greenwood, of Traverston, visited friends in the burg last week. Archie returns the latter part of the month for Uncle Sam's domains.

Mr Donald Corlett left on Wednesday last for Martin Michigan, owing to the serious illness of his brother, Dr Thomas Corlett of that place. We hope to hear of his speedy convalescence.

He possesses all the characteristics of a good conversationalist does Mr Edward Coleman of the county town, who spent a few pleasant days with his friend, Mr John Corlett.

After a pleasant six months holiday at her home in the burg, Miss Susie McIntosh left a fortnight ago for the Queen City.

Mr Samuel Black and family have moved into Mrs James Watt's house, south of the burg. We welcome them to participate in all the social functions for which our burg is famous.

Notice

[Mr Jos. Stephenson, Ho, Idaho, sends the following notice as an advertisement. We know nothing of the merits of the case which springs from the disposal of his deceased son's estate.] To Editor of Review, Sir:

Please allow me a little space in your paper for this letter. I had another letter from the Trust Co. Toronto stating that I could receive nothing but what the deed calls for. I wrote back and told them there was nothing mentioned in the deed for them but the place, and I cannot see how she can claim any implements. I have been to a lawyer and he advises to sue the place for the implements of mine that were sold after my son, John William died. If this lawyer has to come down it will cost a lot of money; better that the values of my implements should be sent to me at once.

Yours truly Joseph Stephenson.
