Blythe's Corners

"Praise God from whom all blessings flow." We listened.

Coming as it did, from Andrew Stewart's direction on Thursday morning 8th inst. we thought of course he was going through his regular devotional exercise, as usual, but the stern shawl and the alternate lifting and dropping of the eyes, accompanied at short intervals by very acute, spasmodic spells of broad smiling, and no wonder, a bouncing baby girl and both babe and mother excellent. Now who would be so inhuman as not to allow Andrew to finish out his Psalm?

And then there was Thos. McAllister and his good wife to whom a little angel girl was sent some time ago, believe it was about the 9th Feb. (almost forgot.) That the arrival of this little one had the same effect on Thos. we have good reason to believe, as he broke all out in a "terrible broad grin" when he apprised us of the fact.

We have been officially informed that Pastor Campbell is about to sever his connections with Amos and Knox churches about the 1st of April. We regret the removal but still we have abundant faith in "all wise Providence" that He will have in store for us another Moses in the bull-rushes.

Mrs E. McIvride left last Wednesday on an extended visit to her daughter, Flora, (Mrs J. Ross) in Bruce County.

Mr Wm. Keheler has engaged himself for the summer months with Mr Wm Bradley at \$25.00 per month with board.

Rev Mr Wilson, of Walkerton, gave his famous lecture with lime light views in Knox church on Friday night. The church was packed to its utmost capacity with a crowd, who gazed with wonder and admiration at the marvelous adventures of Dr Paton among the cannibals of S. Sea Islands and his miraculous escapes from apparent death through his unbounded faith in his all powerful Jehovah. It is that lecture, proving as it did the power of the preaching of the everlasting gospel does not stir up many in giving, of their means to send the gospel to those who have it not, then we must confess we didn't know the people in our church yet.

Much sympathy is expressed around here for Mr Irwin in his trial, which has, we hear, been decided against him.

The soldier who will dash in through the thick of the fire and rescue a comrade from the clutch of his enemies, would and has always been described as a "hero." Now in our humble opinion this is precisely what Mr Irwin has done. That it is largely owing to the vigorous fight, which the papers have put up that the Cement mill in Durham has not been reduced to a rubbish pile, few if any, will dispute. If then, in the face of a heated controversy, expressions have been used as often in the case when under more favorable circumstances, they would not be even considered, our worthy friend has received a financial wound. We consider from a fair point of view that all shareholders of the Cement mill, from the largest to the smallest, will not have done their duty if they allow Mr Irwin to "bear the brunt," even were he a "millionaire."

Early County History.

Mr John Campbell, formerly of Boothville, now of Petherton, Wellington Co. sends us some information regarding the representation of the County in the very earliest days taken from a history of Wellington now running in the Guelph Mercury, of which the following is an extract:

Before proceeding to give the Municipal Councils of the County since the organization of the District of Wellington under the Municipal act of 1842, it may be well to refer briefly to the system that prevailed for the management of local affairs before that period. This may give the reader a slight idea of the inconveniences suffered by the people of this district previous to the introduction of the new system. As already referred to, Wellington at first formed a part of the Gore District, of which the County Town was Hamilton. All such cases as are now disposed of by the Courts of Assize, County Courts and Quarter Sessions were then adjudicated upon at Hamilton. Jurymen had all to go there, and on account of the distance Sheriff's and Bailiff's expenses were high. The business now disposed of by our Municipal Councils was then transacted by the magistrates assembled in Quarter Sessions at Hamilton, and in consequence of the distance and the wretched condition of the roads, the magistrates from this district were not able always to attend, so that the disposal of the business that came before them was not always very satisfactory to those interested.

In the year 1838 an Act of the Parliament of Upper Canada was passed, forming the new District of Wellington. It was composed of the Township of Proton, Luther, Amaranth, and Melancthon, formerly a part of Simcoe County; the Townships of Guelph, Garatrasa, Eramosa, Erin, Nichol, Waterloo, Wilmot, Woolwich, and the Queen's Bush—now the Township of Peel, Maryboro', and Wellesley—from the Gore District Guelph, Galt and Fergus were claimants for the honor of being set apart as County Town, but the decision was in favor of Guelph.

Mr. Campbell writes: Dear Sir,— I enclose you a portion of McKenzie's history of Wellington, now running in the Mercury and relating to Co. of Grey. Wellington, you will notice that the District was established in 1838, comprised Wellington, Waterloo, Grey and most of Dufferin. It was ruled by: District Councils in 1842, Counties, by act of May 30th 1849, County Council of Grey, 1854.

The first portion of the present County of Grey to be represented was: Derby by Wm. Boyd. 1847. Egremont, Isaac Batey. 1848-49. David Cochrane. 1850. James B. own. 1851-53. Thomas Smith. 1852. Glereig, Arch. Hunter. 1848-49. Normanby, John McNulty. 1848-49. Bentuck, Richard Williams. 1848-49.

Proton became enfranchised 1853, in union with Melancthon, the reeve being Jos. Beachell in 1853. You will notice also that in 1851 and 1852, Normanby was represented by John Robinson. I am of the opinion that this is the venerable gentleman, who is still a resident of the township, where he lived then, is the same person. He is now locally known as Squire Robinson.

[Mr James Brown, who represented Egremont, is also still with us, a valued citizen.—Ed.]

I have also the manuscript of the auditor's report of Proton for 1857.
