Every day bargain day in Agricultural Implements, a full line in stock, will be pleased to have you call. See ad elsewhere. A. B. McLELLAN Shop at the bridge, and save money.

The new License Inspector has been on the war path. Tom O'Neal, of the Commercial Hotel, Holstein, was fined \$10 and costs for violation of the License Act. Selling to minors was the offence.

The fine sleighing of last week, the best of the winter, came to an abrupt end on Monday a rise in temperature and heavy rains playing havoc. It is unlikely there will be further sleighing this winter.

The Spring Term in the well-known Elliott Business College of Toronto, opens April 2nd, and many new students will be enrolled on that day. The Elliott College is a wide-awake and result-producing school and pupils feel thoroughly at home in this "Hive of Industry."

The collectors appointed to solicit contributions to assist Mr Irwin to pay the costs arising out of his recent lawsuit have been around and met with good success. Mr H. H. Miller, M. P. sent to Mr Gilbert McKechnie a nice letter, accompanied with a donation of \$10 for this purpose.

DIED SUDDENLY.—Mary McArthur a native of Argyllshire, Scotland, who for many years made her home with Mr and Mrs. Jas McIlvray, Glenelg, died at their home on 12 March, after only half a day's illness with diabetes. Deceased was in her 67th year, and was an aunt of Mrs McGillivray and has brothers in Scotland.

Durham Post Office is now a "Customer's Postal Collecting Office," thus obviating unnecessary and irritating delays at Liswell and elsewhere. We have to thank for this the activity of Mr H. H. Miller, M. P., who is also endeavoring to get us better postal facilities, such as letter boxes and a mail clerk on the train. Later we hope a regular custom office may be established here.

HANOVER FREE LIBRARY EXCITEMENT.—The Post and the people of our neighboring town worked up an immense amount of enthusiasm for a week or two back over the establishment of a Free Library. At one of the last meetings Mayor Means made a notable contribution to the interest by proposing to seek a Carnegie gift for a library building, which should be adapted also for Town Hall. The by-law was voted on Monday last.

See our new Spring Dress Goods S. F. Morlock.

BEFORE THE J. P.—Two of our young townsmen appeared before Police Magistrate Telford in the Hall Friday evening charged with disorderly conduct on the public streets on the evening of Monday week. Witnesses were summoned for the defence of each, and it appeared that a scuffle, a fight, or both had occurred, coupled with profane language. The Magistrate took a stern view of the case and determined to put an end to rowdiness on the streets, especially at a late hour, imposing a fine of \$2 and costs upon each. There has been altogether too many alterations in or near hotels in town lately, and henceforth a good stiff fine may be the best method of putting an end to them.

HELP FOR JAPAN.—The Toronto Star was led to start a fund to assist the starving Japanese, by the act of a little boy who had been reading of their sufferings, and sent his little mite to help. The fund grew. The Star furnished information to their needs and already about \$5000 has been collected and cable to Japan. Monday's Star showed a list from Pricerville, collected by Rev Mr. Matheson, the following being contributors and the amount \$16.70: Rev. J. A. Matheson, Leggie Cockburn, Kate Kuir, Donald Graham, Peter Muir, D. McCormick, Ellen Stewart, Kate McKinnon, R. McEachern, Donald McLean Maud Reiley, Mrs. Duncan Stewart, Mary Conkey, Malcolm McIntyre, Maggie Hooper, Donald McCormack, Jas. Paton, Mrs. W. Paton, Mrs. W. Sackett, W. A. Richardson, Mrs. Campbell, (S. Park), Jas. Knox, Wm Aldcorn, Mrs. John Aldcorn, Annie McMillan, Mrs. Hardy Sr. Mrs John Hardy, Neil McLeod, George Martin, Martha Martin, Mrs. J. Richardson.

Just received another car load of the famous Ogilvie flour "Royal House hold." For Sale at \$5.25 per barrel at the Upper Town Baker's, A. W. WATSON

The Great West Life Insurance Company sells endowments and other policies at a lower rate than other companies. Ask for our rates before you insure. W. F. Dunn, Agent.

Just received one car load of the well known flour, "Five Roses." For Sale at \$5.25 per barrel. A. W. WATSON The Upper Town Baker.

The Oddfellows will hold a monster celebration in town, on or about June 11. Premier Whitney and other cabinet members will be present. Particulars later.

Dr. Burt, Specialist in diseases of Eye, Ear, Nose and Throat, will be at the Middaugh House, Durham, for consultation on Wednesday, April 4, from 11 to 4 p. m. Eyes tested and glasses fitted.

David Hamilton, late of Mt. Forest, aged 33, a brick-layer, met his death in Toronto last week, from sleeping in a room with escaping gas. Whether from a leak, or a mistake in turning the tap and leaving it open is not known.

4 YEARS.—Banwell, the bank thief, who robbed the Crown bank and was captured in Jamaica was sentenced in Toronto last week to four years in the penitentiary. His wife is allowed out on suspended sentence. The way of transgressors is hard.

The induction of the Rev Mr Campbell, of Dromore, into the pastorate of the Presbyterian Church will take place on April 10th. The people here think they made a good choice of a minister.—Moorefield cor., Palmerston Spectator.

LET US HAVE AN ALARM SYSTEM.—A very important letter from Chief Torry of the Fire Brigade has just been held over this week. It deals in a convincing way with the necessity for a fire-alarm system, something the Review has always urged. The chief's letter will appear next week.

FREE LECTURE.—Mr H. S. Peart, B. S. A., Professor in Horticulture at the Guelph College, will deliver a lecture under the auspices of the Horticultural Society, at 8 o'clock on Tuesday evening next at 8 o'clock on "The Town Fruit and Vegetable Garden," and will address the school children at four o'clock in the afternoon in the same place. Everybody welcome.

GRINDING BRGUN.—The grinding of clinkers in storage has been begun at the Cement works, and we are informed the whole mill will be in operation very soon. Repairs are well advanced and Manager McGrane's big machine will soon be turning out the stuff to overtake the many orders received. Cement advanced 5 cts per barrel last week.

Mr H. H. Miller, M. P., has been appointed chairman of the important committee of Banking and Commerce. Being also a member of two other committees, he is not going to be allowed to sit in Ottawa. His abilities as a public speaker are also being recognized and this with the numerous interests of his constituents will keep him from wasting in idleness.

MEAFORD WON THE CUP.—Will Owen Sound ever win a championship of any kind? One of their town newspapers, the Sun, donated a fine silver cup for the champion hockey team of Grey County, Owen Sound, Markdale, and Meaford were contestants for it, and since Durham did not enter, Meaford has won the Cup by Markdale's defeat of Owen Sound on Monday.

RE BUILDING.—Mr Hinds has the brick drawn for another residence on his Lambton St property. Mr Robt. Ewen is erecting a residence on the lot east of the school ground. Dr Jamieson, M. P., is planning to erect a large and modern veranda, and the School Board should be building something. This is all in one part of the town and no doubt there will be more activity elsewhere.

Mrs Michael McAuliffe, of this town, mourns the death of her brother John Culliton, who died in Toronto on 22nd March. He was ill only one week with pneumonia and leaves a wife and six children as chief mourners. Besides Mrs McAuliffe, there were present at a funeral another sister Mrs Jas McLaughlin, of Anten Mills, and two brothers Jas. and Mich. Culliton, of Melancthon. The funeral took place on Saturday last at 8.30 a. m. to St. Paul's church, Toronto, thence to St Michael's cemetery.

DISCUSSING THE LIQUOR BILL.—A great Temperance Convention is in progress this week in Toronto and will have a program cut out for them in the new Liquor License Bill. It is certain they will object to several clauses in the bill, especially to the backward step of granting licenses to parties on Steam boats and railway trains. Also great objection should be taken to the limiting of the period of trial of local option from three to two years, and likely to the requirement of a three fifths majority to carry. On the other hand a convention of the liquor men is also to be held this week for they feel they are hit severely by some few of the clauses. Secy. Hanna may reasonably claim that he must be about right when both parties feel aggrieved.

School Accomodation Wanted

As is well known, the school accomodation of the town has been for a year or more inadequate to our requirements. One division is being accomodated in the Public Library building and last fall during the Model term, another had to be sent to one of the Society halls. The same procedure will have to be followed this fall, and steps are taken at once to remedy this most unsatisfactory state of affairs.

For a year or two back a cautionary cry has been heard, "wait till you see how the cement works pan out," and of course the moving talk of last year added force to the cry. The cement works are now here for good, the uncertainty has been removed, our other industries are on a stable basis, and it would seem that the time has come to give ourselves more creditable school accomodation.

This should not, nay, can not, be left entirely to the School Board. The town council must move in the matter, the lately formed Board of Trade or Merchants' Association should give their assistance. A conference of all these bodies should be held at once to consider this school problem by far the most important of the interests of the town.

The Inspector has time and again referred to the lack of accomodation, both as regards class-rooms and out-buildings, and were the regulations of the Department and of the School Act rigidly enforced, Durham might get an unpleasant surprise by having the grants withheld.

That good and faithful work has been done by the staff in the past is only another reason why better accomodation should be provided. Whether this should be a High School, or an enlargement of the present building will be for town and School Board to decide. The need of the moment is to get together, in no perfunctory mood, to consider the grave necessity facing the town. Town Council meets on Monday next, they have already been invited to consider the question. School Board meets on Thursday following, and we suggest that at one of these meetings they get together.

A Priceville Pioneer.

A pleasant event took place at the home of Mrs John McAulay, Priceville, March 1st, when representatives of the people of the village, presented her with a beautiful silver-sugar and spoon holder, suitably inscribed to commemorate the fiftieth anniversary of her residence here. Mrs McAulay, with her late husband, arrived from Caledon on Feb. 1st, 1856, built the first house in Priceville and resided here ever since. She and her family are highly respected wherever known and all her fellow-citizens were pleased to have an opportunity of doing her an act of honor so richly deserved.—Com.

Pleasant Pittsburg.

Mr Hugh McCormack, well-known to many in S. Grey writes so enthusiastically of his adopted city, that we are tempted to produce a portion: "This is one of the richest and dirtiest cities in the United States, both qualities on account of its many iron mills and coal yards. It looks nice and white to-day, (19th) owing to a heavy fall of snow, with thermometer near freezing point.

Business is booming, all mills working over time, and a great number of sky scrapers will be erected this year. Frick, the Steel King, is erecting one office building of 31 stories, claimed to be the finest office building in the world.

A great Scotch town this: Mostly all the principal engineers in the Carnegie mills are from the Clyde. The government of the city is mainly Scotch also, and it is nothing new to hear the Scotch pipes of an evening. A great many Canadians here also, with a strong Canadian club. Their principal sport is hockey and lacrosse.

Clover Seed just arrived at Mrs. Beggs'.

Mr Mark Wilson's little son, who experienced such a terrible accident last week, is getting along nicely and recovering from the shock. It is almost miraculous that he is recovering as the three doctors held out no hope for several days. A trained nurse, from the Sick Children's Hospital, Toronto, has been in attendance since Tuesday of last week. The main break was 4 1/2 inches in diameter with fractures extending in several directions.—Advan.

An item referring to the visit here of Rev. Jas Farquharson, D. D., of Winnipeg, to his brother and sister here was inadvertently omitted last week. Dr Farquharson is an agent of the church in the West, his office being in the big city. He took the services in the Presbyterian church, and in the morning gave a most interesting and graphic account of the work before the church in the West, its immense possibilities and the need for men and means to keep the growing population in touch with spiritual things.

FIREMEN'S NOTICE.

A meeting of the fire brigade will be held at the fire hall on Monday, April 2, at 7.30 p. m. Any wishing to join, to take part in the demonstration in Hamilton in August will have to do so by that date as no one can be taken on after. R. TORRY, Chief.

Public Meeting.

A Public meeting in the interest of temperance is called for Thursday evening of this week in the Town Hall. A spontaneous feeling seems to urge the community to some step in this direction, and we hope the attendance will be large and representative. The introduction in parliament of the new License bill, the big Convention in Toronto this week, recent local option victories, &c. give a prominence to this question and Durham, wants to consider it.

Music will be supplied by Mrs Newton and others, and addresses given by local speakers.

Sale Register.

SATURDAY 31st MARCH.—On this date a sale under powers of Mortgage, of part of lot 19, on west side of Queen Street, in the town of Durham will be held in the Knapp House at 2.30 o'clock. Terms:—20 per cent cash day of sale, for terms as to remainder, &c apply to H. H. Miller, Hanover, agent for vendor.

JAS. CARSON Auctioneer.

WEDNESDAY, 4TH APRIL.—John Robertson will sell on above date, at the Robertson residence, in Upper town the furniture, etc., of a well furnished home, all of it good, much of it excellent, including a first-class piano. Terms—Cash. Six months' time on piano and certain other articles. Sale at 1 o'clock. See posters. JOHN CLARK, Auctioneer
