Miss McLeay, though so well known and almost at home here, appeared for the first time in a public way. Her appearing in the society of the social and general popularity. Where Miss McLeay lacks in strength of physique she makes up in pleasing grace and delicacy of manner, both in her recitals and plastic presentations, always sufficient to captivate her audience. Miss McLeay was encored every time, and her responses were always appreciated as much as her first numbers. — Mitchell Recorder. — This lady is assisting with other stars in the Town Hall Concert, April 19.

A PAPER OF INFLUENCE.—In addressing the Coburging issue week in the libel action of Coyte v. The Globe Mr. W. R. Ridell, K. C., counsel for the plaintiff, gave utterance to the following sentences:—"There is a paper known as The Toronto Globe, a paper known to everybody in this country. It has an enormous circulation throughout the length and breadth of the civilized world. It has an enormous influence; it is a paper which at least one-half of the grown individuals in this country desire to see, and upon which a very large proportion pin their faith. So influential was it that some of the Reformers said, instead of 'Give us this day our daily bread,' 'Give us this day our daily Globe.'"

THE CITY OF IT!—Owen Sound had a suicide sensation last week, which presented some harrowing features. A Miss Boyd had been receiving attentions for a year or two from a young man and made the discovery that he was shortly to be married to another lady. She seems to have still accepted his company, was with him the night previous to her death, and left a note to blame nobody for her rash act. The deplorable lack of force of character, of will power or whatever it is, that prevents some young people from rising above love disappointments is much to be regretted, yet far more worthy of condemnation is the reckless young man who plays fast and loose with confiding innocence. The jury brought in a verdict in accord with the circumstances; she had died by poison, taken by herself while under mental depression by disappointment in love and declared it their opinion that the conduct of the young man who was keeping her company while engaged to another was indiscreet and ungentlemanly.

Speaking of Miss McLeay's first appearance before a large audience in Toronto, the Mail says:—"Miss Flo McLeay greatly pleased her audience. She has a sweet and musical voice and like her distinguished brother, McLeay of the Wilson Bureau Company, she possesses dramatic talent of a high order and her manner and appearance before the footlights is very pleasing.—In the Town Hall, Durham, on April 19, at the Piano Recital.

DURHAM ON DOMINION DAY.—Again the Sons of Scotland are out for one of their big demonstrations for Dominion Day, which this year will be held on Monday, July 2. The Amusement Committee have already several attractions in view and are looking for more to make it in all respects the best public day Durham has ever had. Particulars will follow. In going into this great undertaking they claim to be chiefly actuated by a desire to carry out healthy national games and gratify the public taste for good music and many sports.

ROTARIES TURNING.—Saturday last four of the rotaries at the Cement works were started and the familiar smoke cloud is again in evidence. How- ever near by residents claim, and indeed anyone may see that the smoke this year is of a light hue, indicating that a great saving is taking place in coal. It is in all respects the best public day Durham has ever had. Particulars will follow. In going into this great undertaking they claim to be chiefly actuated by a desire to carry out healthy national games and gratify the public taste for good music and many sports.

APCALING.—Mt. Vesuvius in violent eruption is attracting the attention of puny and helpless man on all civilized parts of our planet. This so-called "safety valve" of nature can be deadly enough, for hundreds it is reported have died or been killed by remaining in churches or houses whose roofs collapsed with the weight of ashes, in some cases 4 feet deep. Some towns and villages are forever wiped out by flowing lava. "They say," scientists,—that 10 miles below South Grey could be found this boiling cauldron, whose spouts appear at Vesuvius, Hecla, Mt. Pelee and many other places but Canada seems to have a good stout crust on it, and you needn't be afraid to jump for joy that you don't live in Italy or the West Indies: you won't break through.

FINE ENTERTAINMENTS.—Refined also and satisfactory to all in attendance were the three concerts given by the Green Biograph Co. in the Hall last week. Owing to doubt the class and character of the entertainment, the first evening, there was but a small attendance, but the remaining nights, and the matinee Saturday afternoons, were greeted with well-filled halls. The company possesses an excellent collection of moving pictures, some very amusing, and all suitably clear. Slight of hand-tricks by Mr. Green, and comic singing added to the enjoyment of the show, though perhaps the taking feature were the illustrated songs, rendered by Mr. Philips, the baritone vocalist. The concerts were under the auspices of the Lacrosse Club, who receive a share of the proceeds and will clear about \$25.

ALTERED LABEL.—We have again tried to do justice to every single subscriber who has paid us lately by altering the label according to the payment. If in any case this has been overlooked, or other irregularity is discovered let us know at once and we will cheerfully remedy it. Will those who seem to have forgotten the matter altogether, wake up to their duty and send along their subscription at once. The number of this class is growing beautifully smaller, but still their neglect is a serious matter to us. Remember now not to be last, nor even late.

Darlings, the druggists, have a very attractive Easter window.

The Annual "At Home" of the I. O. O. F. will be held next Tuesday evening, the 17th inst.

If you want any Furniture or Carpets call at Furniture Store. Big reductions owing to building operations.

We omitted last week to mention the sale of the J. L. Browne property, on the hill, to Mr. Geo. Yirrs, who will move in shortly. The price was \$750.

Mr. John Sirrs is moving into the double house of Mr. Laidlaw's on Mill Street, Mr. Allan McKinnon, intending to give up house-keeping at present to go to Port Arthur to work with his brother Malcolm.

Notice is hereby given that all closets, backyards, and similar places must be cleaned up right away and put in a sanitary condition in accordance with the Health Act. HUGH McKAY, Health Inspector.

On Tuesday, Saugeen Presbytery met at Moorefield to induct the Rev. D. L. Campbell, B. D., into his new charge. Punctually at two o'clock the chair was taken by Moderator Rev. Mr. Little and Presbytery duly constituted. The sermon was preached by Rev. Mr. Thompson of Rotbury, after which the usual questions were put and after prayer by the moderator in the name of our Lord Jesus Christ and by the authority of the Presbytery of Saugeen Rev. D. L. Campbell was duly inducted into the pastoral charge of Moorefield and all the rights and privileges thereto pertaining. Rev. M. C. Cameron, of Harrison, addressed the minister and Rev. Mr. Aull of Palmerston, the people and the new pastorate was begun. Notwithstanding the threatening weather and bad roads, the attendance was exceptionally large, all being eager to welcome their new minister. A sumptuous repast was served by the ladies in the empty manse, and everything promises well for a happy and useful pastorate.

Piano Recital.

This coming event, Mrs. Newton's piano recital, is casting its shadow before. As announced it is to be held on the 19 inst. and will be marked by the presence of the famous elocutionist MISS FLO McLEAY, Watford, and the following well known vocalists: Mr. Brown, Holstein; Mr. Wm Isaac, Dromore; Miss Crawford, Durham; Plan of Hall at MacFane's Drug Store. Open Saturday morning. Admission 25 and 35 cts.

Annual Horse Show.

This event came off on Tuesday last in the Agricultural Park. As will be seen, the attendance of exhibitors was scanty, visitors were more in evidence. Mr. Reid, of Branford, was the Judge, he has been here before and his decisions gave satisfaction. We are obliged to Secy. Binnie for the Prize List.

Heavy Horses—Imported—Ed. Hoy, Orchard, 1st and 2nd. Geo. G. Russell, Hanover, 3rd.

Heavy Horses—Canadian bred—Alex Calder, Yeovil, "Prince Patrian."

Coach and Carriage—John D. Roberts, Holstein 1st, with his Imported, Hackney "Colton Pioneer."

Roadsters—Thos. O'Neill, Holstein.

Mr. Reid gave an excellent address giving reasons for his decisions, and pointed out several valuable features that should be attended to in horse raising. He made special mention of Hoy's exhibits commending them highly.

The first prize winner was "Moncrieff," brown in color, and in form, spirit and make up the delight of the horseman. The other, a pretty dappled bay, called "Highborn" by "Hia-watha," looked the name every inch of it. Those two fine horses have been in Mr. Hoy's possession for about 4 years, and their stock have been prizewinners everywhere.

John D. Roberts' one wish was for more competition for his fine Hackney Stallion "Colton Pioneer," No 8104, imported by a well-known Guelph breeder. He is a bright bay, foaled in 1900 and has been in Mr. Roberts' possession over a year, long enough to assure him that he has got a splendid piece of horse flesh for he has proved sure, and his offspring are bardsy and well set up. He asks inspection from all users.

Lacrosse Notes.

There is a move on for the organization of a lacrosse league in North Bruce, independent of the C. L. A., to be composed of teams from Warton, Tara, Chesley, Southampton and other places in the district.

Harry Pickering, of Mt Forest, brother of Dr. Pickering, will play senior lacrosse this season and has signed with the Tecumseh's of Toronto. Many in town will remember his excellent work on the Lorues' defence in former years.

With the editor of The Sun and one of the local clergymen on the staff of officers, the Owen Sound lacrosse club should this year rise to a plane some higher than it has occupied for some time. We now note that the meetings are held in the parlors of the Y. M. C. A., instead of the room adjoining the B. A. R. That's better.—Banner.

Before admitting Owen Sound into the C. L. A. this season, Pres. Geo. L. Allen intends making the Owen Sounders put up the expenses of the Hanover Club in their game at the County Town last season. It will be recalled that on Durham defeating the Sounders at home last year, Owen Sound lost all chance of capturing the district, and then failed to show up in their return game at Hanover. The Post claims the Club was easily out \$100 on the deal, and Pres. Allan is certainly acting in the right in trying to secure for Hanover at least their expenses.

Some very important amendments to the rules of the C. L. A. are to be brought up at their annual meeting this Friday. Perhaps the most important is the proposal to make an age limit for the junior series—25 years, and every player in this series to be a bona-fide resident of the town or village they represent. Another is to reduce the number of players on a team from 12 to 10 men in the junior and intermediate series and to limit the length of the field to 100 yards. This latter will hardly go through as it would tend to develop roughness. A juvenile series has also been suggested. In all some 20 amendments are to be brought up, and with hot contests for almost every office, this promises to be the most interesting meeting in the history of the Canadian Lacrosse Association.

The elocutionary efforts of Miss Flo McLeay were highly appreciated. Her first selection, "An Old Sweetheart of Mine" with its encore, "The Tax on Bachelors" placed her on good terms with the audience. She has a clear voice and has it well under control, and her appearance on the stage is free and natural. Her sword studies and plastic-figures were graceful and artistic.—From St. Mary's Argus, Ontario, Canada. Will appear at the Piano Recital Thursday, April 19th.
