PERSONAL MENTION

The O. E. A.

Rev Mr Newton is in Toronto this week. Miss Bessie Atkinson has returned home from Toronto. Mrs Arch. Cole, Gleneg, left Saturday for Flint, Mich. Mr Ted McClocklin is home for a few days holiday from Manitoulin. Mr Frank Irwin is attending the Horse Show in Toronto this week. Miss Vina Kress returned to Toronto Monday after holidaying at home. Miss Galvin, of Hamilton, is the guest this week of Miss Ida Wilson. Miss Velma Williamson left to take a position in Ingersoll last Saturday. Mr Mike Kenny, Gleneg, left Wednesday to spend a few days in Toronto. Messrs G. Sparling and A. S. Hunter went to Toronto Wednesday on business. Miss Mary Burnett has been visiting her sister, Mrs McCoskey, in Toronto, for a few weeks. Miss Julia Weir returned Saturday to her school in Alliston, after spending the holidays at home. Mr Robt. Curran left for Stratford Monday, having severed his connection with the N. P. C. Co. Mr John McQueen and family are moving to-day into the Gordon residence in Upper Town. Mrs J. S. Vollett and baby, of Fort William, are on a visit to her father-in-law's, Mr W. B. Vollett. Miss Birdie Parker, New Liskeard, arrived in Durham, Thursday last and is a guest of old friends here. Mrs Mark Wilson, of Flesherston, was over this week to see her sister, Mrs A. C. McDonald, who is very ill. Mrs Dr Woods and children, of Bayfield, are visitors at the home of her parents, Mr and Mrs W. Buchan. Mr Alister McDonald is home from Michigan, owing to the serious illness of his mother. Thos. is expected to-day. Mr Wm. McDonald, of Toronto, arrived in town Monday evening, and will resume his former position as barber. Mr Bob Vollett, who has been in Haliburton working for the Wilberforce Co., left Toronto with Mr Crawford for the West. Mr P. Coleridge, Holstein, was in town on Monday on business. His aged father in North Egremont, is confined to bed with erysipelas. Mrs Mighton, now one of the oldest residents of Durham, returned here last week, having spent the winter in Detroit with her daughter, Mrs Bliss. Mr Geo. Twamley, who was nearly asphyxiated in Toronto last week, by escaping gas, is home and not much the worse for the trying experience, though it was a narrow escape. Mrs Jas. Watson, Normandy, lately returned from the burial of her aunt at O. Sound, was visiting her mother and other friends here this week. She intends to return to Detroit for a month or two yet, where three of her sons are. Mr. Wm Black was in Flesherston last week end judging stallions at the Spring Show. Mr. Black must be considered an expert in this line, as he is called upon to act every year there. He left Wednesday for Toronto to take in the Annual Horse Show.

This same omission was, of course handled in the trustee section, and a motion prevailed that the majority of the new advisory board should consist of representatives of Trustees, Public School teachers and Inspectors, so that the interests of the Public Schools would not be endangered by a preponderance of High School and University representatives. The work of continuation classes, such as prevails in Durham, came in for a great deal of attention. In the High School section, there is an inclination to decry it, except perhaps in the very best schools. The representatives of Continuation Class schools in the Trustees' Section brought up the question of grants to Continuation Classes, which are shamefully disproportionate to those given High schools, though practically at the same work is done. For instance at the January session of Grey County Council, Meaford High school got \$197.01 from "Equivalent to Gov. Grant" and County's share of maintenance. Durham classes with an enrolment not much smaller than three teachers employing their whole time, teaching the very same work, for the same examinations, got \$250.00 as equivalent to Gov. grants. Moreover, Mt Forest High School, got from County Grey as "Maintenance for Co Grey pupils" in attendance there, the sum of \$503.10 while Durham school, all Co Grey pupils gets not once as maintenance. The trustee section, though comprising many High School trustees, saw the injustice of this allotment and a resolution was carried urging more support, at least to Grade 4 Continuation Class Schools.

Amongst the great questions looming up are the abolition of Model Schools and third class certificates, the lengthening to one year of the preparation term, establishment of more Normal Schools, the introduction of Normal training and Domestic Science, and last but not least by any means, the formation of Consolidated Schools, such as is successfully conducted at Guelph. The trustees struggled for a while with "Teachers' Contracts," this being a sore spot with those, and they were the majority, who had had breaks in the middle of the terms, sometimes on flimsy or from questionable motives. The lack of honorable dealing in a few was deplored, but a remedy seemed hard to find. Per contra, one trustee declared that in 20 years his board never had a break from this cause nor a request for an increase of salary, simply because they paid good salaries and anticipated when an increase was deserved and gave it. This great educational parliament and its deliberations, has a far reaching influence, which grows as the years go by.

Invited King Edward. The whole Canadian press should unite in supporting the action of Parliament in inviting King Edward and Queen Alexandra to visit Canada. His high station has given him breadth of view possessed by few, yet it is certain the knowledge and impressions he would gather from a personal visit now would be a revelation even to him, while to Canadians, the presence of the King, of Victoria's son, as well as his most gracious consort, would be a dream of delight that no waking would mar. Let the King come. No objection should be raised to his visiting Washington also: that would be a side trip that might produce the best results of statecraft. A visit of this kind would make for the solidarity of the empire. Let the King come.

Latest Millinery Ideas of the Season

Never have we enjoyed such a Millinery trade as we have this season: never have we delighted so many ladies. We wish to further please you by inviting you to see here the latest styles in ladies' headwear, which have come in only a few days ago. Lace, tulle, chiffon and mohair play a prominent part in the manufacture of these new hats. Delicate colors—reseda green, pale blue with gold, white, pink, cream and mauve make up for the dressier hats. You ought to see them. "Swell" is too common a word to employ for hats like these, but that word expresses the idea, nevertheless. New Sailors and Straw Shapes in white & tueson arriving every week. Something new in Children's Wear—embroidered hats and tams.

GARDEN SEEDS

—With the coming of Spring comes a demand for garden seeds. We're well prepared to meet the demand this year.

—We have FLOWER SEEDS in almost endless variety at five cents; a few varieties are 10 cts.

—And we have seeds for the vegetable garden too. FRESH seeds: no last year's left over; no disappointment.

—There's five cents pkg—also in bulk—and they'll grow. That makes them a good deal cheaper than the two-for-five cent kind.

—FIELD SEEDS also—the very best.
