TOWN TOPICS

SEND US YOUR NAME.—The REVIEW to January 1, 1907, only 50c.

Mr S. F. Morlock is erecting a new stable as a fitting shelter for his fine new horse and buggy.

The trout that got away was so long _____, but the one he brought home measured _____.

Russia last week is just where England was hundreds of years ago—the first elected parliament met in St Petersburg. On another page will be found a full account of the opening.

The first big rotary for the Hanover Portland Cement works arrived last Sunday from Canton, Ohio. It is a huge affair, 100x7, and took three flat cars to land it here.—Post.

Amongst the number contributing floral offerings to the memory of the late Mrs Jno. A. Black last week, but omitted in our notice were Mrs Alex McLachlan and Mrs Hugh McDonald.

PRN LOST.—Lost on Sunday, 29 April last, a gold pin, formed from an English half sovereign, initialed "M. McG. 1903." Finder will be suitably rewarded by leaving at Review Office.

The Prince of Wales, just home from India, returned thanks for safe return. Very proper, but from the Indian standpoint it may suggest to them that they are supposed not to be quite safe to visit.

PRUNING AND GRAFTING.—The undersigned is prepared to do pruning or grafting during the next few weeks. Satisfaction guaranteed. Terms reasonable.

J. W. LEESON.

June brides will do well to remember that THE REVIEW has quite a reputation for printing wedding invitations and announcements. We carry the best paper, and have the right kind of type for doing the work.

A meeting of the Farmers' Association will be held in the Varney school house on Friday night, May 18th, at 8 o'clock sharp. A large attendance is earnestly requested. Everybody welcome. Don. McIlvride Pres.

No FISH THIS WEEK.—Owing to new fishing regulations entailing extra expense, and scarcity of fish, the price has risen by a cent and a half a lb, necessitating a change of 10 cts a lb, retail. Will take up the regular round next week.

MILES WILSON, Fish dealer, Durham, 14 M. Y. '06.

A LOVING GIFT.—Prior to her leaving to attend the meeting of the W. F. M. S. in Winnipeg, Mrs Farquharson was made the recipient of the handsome gift of a return ticket to that city in token of the affection and esteem in which she is held by the ladies of the W. F. M. S. and the Ladies' Aid.

DISTRICT UNSETTLED.—Delegates from Durham, Mt Forest and Arthur met at Mt Forest on Friday and drew up the latest schedule for this district, No 4. Since then however, Grand Valley, the fourth team, is anxious to enter, so the former schedule may be rearranged to allow a four club league.

SETTLE IT.—The town and Furniture Co. have a little unpleasantness on hand regarding some \$195.00 of accrued interest or debentures, which both parties claim. We are not fully seized of the merits of the case but should think the Company must have strong arguments to satisfy themselves to make such a claim following a gift of \$10,000 and a subsequent loan of another \$10,000 from the appreciative town. Every citizen deplored the fire calamity, every citizen is proud of the factory, and the work it is doing and we hope that an honorable solution of the difficulty may be found at once.

VERY SAD.—Miss Pounder, of Hamilton, sister of Mrs M. Kress, died at the latter's residence on Sunday last from paralysis. Only recently she came to live here to be company with her sister while Mr Kress was absent in the west, and death has followed to the great grief of her sister and other friends. The remains were interred on Tuesday forenoon, in the R. C. cemetery at Dornoch. Her family at one time lived on 2nd Con., Gleneg, near Mr Farr's and about 20 years ago moved to town where the mother died. Two sisters, Mrs McBride and Mrs Kinsley were here from Hamilton for the funeral.

Durham on the 24th

Of late years Durham has never been the scene of any special Victoria Day Celebration, but this year, the lacrosse Club have taken the day in hand and are determined to make it a notable one. There will be no necessity for town crowds to go elsewhere to witness a day's sport—but the afternoon's attractions should draw large numbers from the country and surrounding towns.

In the forenoon a Calithumpian street parade will be the feature. Fleskerton and Durham on the Show grounds in the afternoon will play an exhibition football match, followed by the first lacrosse match of the season, an exhibition game between Mt Forest and Durham's crack teams. The Durhams are greatly strengthened and expect a winning team this season. Townspeople can contribute in large measure to this end by at least patronizing the games, and thus assist in swelling the finances of the club. A keenly contested match is assured.

The day's sports conclude with another of the Durham Dramatic Club's popular comedy concerts in the hall in the evening also under the auspices of the Lacrosse Club. "She Stoops to Conquer" is the play. See bills for all particulars.

WOMEN'S INSTITUTE—Meetings of S Grey Women's Institute will be held at Holstein, Dromore, Durham and Elmwood on May 20, 30, 31, and June 1 respectively. The meetings will be addressed by Miss Shuttleworth of Guelph and Mrs. J. V. Bates, Broad Ripple, Ind. At Durham in the afternoon Miss Shuttleworth will give "Evenings at the Homestead"; Mrs. Bates, "Social Rights and Duties of Farmers." All invited to attend and take part in the discussions.

Cement Booming.

This season bids fair to beat anything yet accomplished in the manufacture of cement at our big mill. The output for April this year was 10,000 barrels ahead of April 1905, though in operation for the same number of days. The daily output is 1100 to 1200 barrels a day and Manager McGrane has hopes of even exceeding that.

President McWilliams informed us last week the dredge was moved to a part of the lake which was reported in 1905 to be of no commercial value. The move, no doubt, was accompanied by some fear that the results might be discouraging, but instead of that when the tests came to be applied and output measured, there was found to be little variation, for one day there was 1110 barrels made and the next 1120 even though there was over 10 per cent of organic matter. This is a notable discovery and justifies the report of Mr Woods, the expert, that "it was the most uniform deposit he ever saw." It also justifies the changes made in the "wet end" of the mill and reflects credit at the same time on Manager McGrane and Pres. McWilliams, who are confident we have the best mill in the world.

It is most gratifying to be assured that the largely increased output is being made at no sacrifice of quality for the good name of the past is being still preserved judging by the satisfaction expressed by users.

Delay by the railway in forwarding coal caused some anxiety a few weeks ago, but that difficulty has also been got over. By present appearances a good dividend will be paid this year, perhaps before the snow flies.

Stock is now quoted at 44 with holders asking 50 at which price sales have been made. Anyone wishing to buy should lose no time as without doubt the stock will soar yet higher, especially as men competent to judge estimate that under present conditions there is material to last 15 to 20 years yet.

We are not writing this as a boom article for either love or money, but solely because we believe the situation warrants it, shareholders want to know, and it won't hurt the public to know also.

Comfortable Dwelling House. Hard and Soft water, heated by steam, Electric lights. Apply to N. MCINTYRE.

Waterworks are being installed into the G. T. R. water tank, south of the station.

Mr Walter Buchan and family are moving to-day from the old Woodland corner to their new residence lately purchased from Mr John Irwin. Mr Langford, the new clerk at Russell's, and family are moving into the former property.

Mr Watson, Baker, has sold out his business to Mr E. A. Rowe, formerly in business here. Mr Watson, while in Durham, has established his reputation as a first class baker and a worthy citizen, and good wishes will follow him to Shelburne. Mr Rowe takes possession at once and needs no introduction or recommendation to Durham people.

GREY M. P. P.'S PLAY BALL.—The Eastern League championship season opened at Toronto on Monday and the Toronto club managed to win another game. As a prelude to and drawing card for the opening game, a one innings exhibition was arranged between the City Hall officials of Toronto, including the mayor, and a nine picked from the Ontario Legislature, which was won by the City Hall, 1-0. We never imagined our own M. P. P., Dr Jamieson, was a baseball player, nor A. G. McKay, of Owen Sound, either, but both were fast enough to catch a place on the picked nine from the Legislature, the Dr covering right field and Mr McKay, 3rd base.

Vandalism.

We regret to have to use this word in connection with our town but there is no help for it in the case we are about to mention. The officials of the Agricultural Society inform us that it costs them from \$30 to \$40 every year to repair the effects of wilful damage to show-room and other property. For instance to save windows, strong shutters were put on some years ago and now it is found this has put the boys to the trouble of fring shot at them to break the glass, for broken apparently, it must be to satisfy the wanton spirit of destruction that seems to prevail among the youth of our town. Even locks are broken and the coops in the poultry house have been wrecked also.

This state of affairs must not be allowed to continue. While every moral force, church, school and family should inculcate a hatred of such practices, there is room for individuals to act also, and moral suasion proving unavailing, the restraints and resources of the law should be employed to meet and put down the evil.

Such practices give occasion for heart searching by every man and magistrate in town to ascertain if there is not some producing cause above the average and in addition to human depravity to account for the wanton spirit that is complained of.

FINGER-McCORMACK.

A very quiet but pretty wedding took place at the home of Mr and Mrs H. Finger, April 25, at 8 o'clock in the evening, when Eva Emma, the second eldest daughter, was married to Angus G. McCormack, Manager of the Lake City Rink Company. The wedding was private, only the members of the family being present. Rev S. C. Murray officiated.

The bride was given away by her father and looked very pretty in a beautiful gown of lilac moire silk, trimmed with whole silk applique. Her only ornament the groom's gift a crescent of pearls, the bridesmaid, Miss Quimby, of New London, was prettily gowned in brown silk touched with white and wearing a set of gold buttons set with amethysts, the gift of the groom. Mr Oscar Finger attended the groom. After the ceremony a dainty supper was served from a beautiful decorated table done in pink and white carnations.

Mr and Mrs McCormack will leave next Monday for the west, where they intend to make their home.

The young couple, who were so well and favorably known, received many gifts from a host of admirers and well wishers. Among the many gifts was a pretty gold lined spoon from the members of the Thistle Hockey Club. Port Arthursites will regret the departure of those two very popular young people from their midst; but the best of good wishes follow them to their distant home.—Port Arthur Times Journal.
