TOWN TOPICS

Egremont council minutes unavoidably held over.

SEND US YOUR NAME.—The REVIEW for January 1, 1907, only 50 cents.

PIN LOST.—Lost on Sunday, 20 April last, a gold pin, formed from an English half sovereign, initialled "M. McG. 1906." Finder will be suitably rewarded by leaving at Review Office.

PRUNING AND GRAFTING.—The undersigned is prepared to do pruning or grafting during the next few weeks. Satisfaction guaranteed. Terms reasonable.

H. W. LERSON.

We have residing in town a young man, who, if reports be true, is wonderfully and fearfully made. His doctor said he had an iron constitution; his friends said he had nerves of steel; his uncle said he had a wooden head; the girls said he had a heart of stone; his enemies declared that there was more brass to him than anything else; others declared he had lots of sand, while his admirers declared he was all wool and a yard wide.

GOING WEST.—Mr and Mrs John Morice, Normanby, leave early in June for Lumsden, Sask., to take charge of the farm and ranch of Mr Jas. W. Brown, son of Thos. Brown, Holstein. Mr and Mrs Morice spent some time there four years ago in the same position, and Mr Brown has made them such a tempting offer, that they have made arrangements for the taking off of their home crop and leave as above stated. Their sale takes place, 31 May.

BOOK-KEEPING SIMPLIFIED.—It is not easy to learn to keep a household account book all at once. A young husband gave his wife a neat little account book prettily bound and designed to be inviting in appearance. He also gave her fifty dollars and said: "I want you to put down what I give you on this side, and on the other write down the way it goes, and in two weeks I will give you another supply." Two weeks later he asked for the book. "Oh, I have kept that account," said the young matron; "here it is." And on one page was inscribed: "Received from Fred fifty dollars," and on the opposite was this summary, "Spent it all."

The party who for some years past has offered \$5 in gold for the best kept boulevard in town, will repeat the prize this year if a second prize is contributed. Will some other public spirited citizen now come forward and put up a second prize. Our town has certainly received the benefit of the splendid offer of the past. Now please don't all rush to this office at once. To the first one the credit will be given.—Fergus News Record.—Wonder if some of Durham citizens could not do something along this line? Our Horticultural Society with so many good things to its credit, might add one more rose to its wreath of honor.

IN THE GOOD OLD SUMMER TIME.—Friday, June 22, is the date of the South Grey Farmers' Institute annual excursion to Guelph. The freemen will run an excursion to Hamilton in August, the Epworth League, one to Niagara Falls, also in the latter half of June. The Oddfellows hold their great demonstration on June 21st and the Sons of Scotland annual day of sports and concert comes off on July 2nd. Two or three lacrosse matches, also a few football games, will be played in town during the next couple months, but first of all will be the lacrosse club's day of sports and concert on Thursday, Victoria Day. A stirring season for our stirring town.

SPENT A NIGHT IN THE COOLER.—A young man, one of this season's immigrants, having tired of the "simple life" of the farm, started in to develop some of the "fast" traits of his character. He bought a buggy for some gilt-edged promises, but the agents suspected something, kept their eyes open and finding no intention on his part to have the promises made good, they helped themselves again to their own property. An overcoat of another party had disappeared and the theft was traced to him, and the coat being found at the bottom of his trunk, he was arrested. The great bulk of the new arrivals are not to be measured by this escapade, and it is to be hoped the lesson he has got will prove a blessing to him. He was taken to Owen Sound on Saturday.

Division Court is in progress to-day, Wednesday. 14 cases on trial.

Is your label correct? All changes have been made this week; if not so, kindly notify us at once.

The Epworth League of the Methodist Church, will again run the popular excursion to Niagara Falls this year, sometime about the end of June.

Mrs Thos. A. White, Toronto, in renewing her sub., writes: "I always look forward to receiving the REVIEW each week and enjoy its columns very much." Many thanks.

June brides will do well to remember that THE REVIEW has quite a reputation for printing wedding invitations and announcements. We carry the best paper, and have the right kind of type for doing the work.

CONGRATULATIONS.—Mr John McKenzie, son of Duncan, of this town, passed the recent examination of the College of Pharmacy in Toronto, and is now a full-fledged druggist, which success is a source of pleasure to his many friends.

The passing of Wm. Smith, Dornoch, recalls a long life spent there, 63 years. His family of 10 children and many others will long cherish his memory as an inspiration to a life of integrity and usefulness. In another column is a notice of his life kindly supplied.

WOMEN'S INSTITUTE.—Meetings of S. Grey Women's Institute will be held at Holstein, Dromore, Durham and Elmwood on May 20, 30, 31, and June 1 respectively. The meetings will be addressed by Miss Shuttleworth of Guelph and Mrs. J. W. Bates, Broad Ripple, Ind. At Durham in the afternoon Miss Shuttleworth will give "Evenings at the Homestead"; Mrs. Bates, "Social Rights and Duties of Farmers." All invited to attend and take part in the discussions.

WILL RENOVATE THE HALL.—A much-needed improvement has been set-a-going by the Directors of the S. Grey Agricultural Society. They have let the job of plastering the hall at the show grounds, upstairs and down, and otherwise improving the building. The price is \$400 and as Mr Arthur McDonald has the contract it is an assurance that it will be well done. The exhibitors and the public will say a very warm "thank you" to the Directors.

A "DEVIL MACHINE."—Sunday evening about church closing time an automobile touring car came into town from the west, and after securing something to eat, the party, ladies and gentlemen, started for Owen Sound. The unwonted "devil machine" at such an untimely hour caused some stir and starting, and frightened a few horses with its great bright eye and noisy and bulky get up. On Tuesday evening Dr Deakin, of Stratford, accompanied by Mr Palmer of same place, and by Dr Gun, drove (or rode, steered, wheeled, which is it?) into town on another of the machines; a 20 horse power gasoline, 1650 lbs weight, made in Toronto, time on the road from Stratford about 4 hours. They left Mt Forest at 7 p. m. and reached Durham at 7.50, about 20 miles an hour. Dr Deakin has some professional work to attend to to-day, Wednesday.

Oddfellows' Celebration.

The longest day of the year, June 21st, has been selected by the Odd Fellows for their great celebration in this town. The day will be notable for the gathering of a number of the leaders of the Conservative party in Ontario with a mixture from the other side of politics as well.

Three members of the government are expected, Premier Whitney, Mr Monteith, Min. of Agriculture, and Mr Hanna, Prov. Secy., together with Speaker St John. Mr R. R. Ganey, Mr I. B. Lucas, East Grey and Dr Clapp, S. Bruce are also invited as is Senator McMullen and Mr Martin, M. P., for North Wellington, Mr A. G. MacKay, M. P. E. Owen Sound, Dr Sproule, M. P., East Grey and last but not least, Mr H. B. Miller, M. P. for South Grey.

Such a gathering of notables in the town will be a unique affair and the Odd Fellows are to be complimented on bringing them together. There will no doubt be a large attendance and an active committee is doing everything possible to make the day thoroughly enjoyable.

A program of sports is being arranged including a lacrosse match.

The "24th."

It requires no prophet to predict that in Canada at least the old 24th, birthday of the good Queen Victoria, will long remain in the calendar as a holiday, not only perpetuating a worthy memory, but keeping alive one of the nicest holidays of the year, so happily co-incident with opening buds and flowers and fishing time, and dropping in so nicely halfway between Easter and Dominion Day.

As announced before, Durham will celebrate and a great lacrosse game between Mt Forest and Durham is to take place. Both clubs are tuned up to the winning pitch and the music of the sphere as it runs the gamut of the lacrosse sticks will be harmony for the hillside crowds.

In the forenoon the comicalities of a calthumpian procession will amuse the populace who see it—and hear it. Then there is to be a football match at 2 p. m. sharp, followed by the lacrosse game and in the evening the Town Hall will be the rendezvous to witness the dramatic presentation of "She stoops to Conquer." Get your tickets at once for the concert. Plan at Darlings.

After reading this issue, send it to your friend in the distance; or better yet, call at the office and send it to your friend or relative for a year or 50 cents for the balance of this year. For you can expect just such a paper as this for fifty-two weeks during the next year. Throw in your mite toward placing our town and county where they belong upon the map. THE REVIEW will do its part; you do yours.

Dominion Day Celebration.

Pipe Bands, Games and Sports.

As has been announced for the last month or two the Sons of Scotland Society have arranged for another celebration of the great National Day and have provided features which they believe will surpass the best yet held and that is saying a good deal.

Besides the performances of the athletes, the races, games, etc., which are always well contested, there will be pipe music and dancing, and many other new and striking features. Sightseers on our fine grounds will see before them the best afternoon sports ever presented here. Fuller particulars in bills and future issues.

Another Pioneer Gone.

Death of William Smith, Dornoch.

On Saturday May 19th, 1906, there passed away one of the early pioneers of this county, in the person of Mr William Smith, of Dornoch, at the advanced age of seventy-seven years.

He lived on the farm, where he died, for the past sixty-three years having settled there with his father, the late James Smith and other members of a large family in 1843. He was a native of Invernesshire, Scotland, and at the age of twelve years came with the family to Fraserfield, Glangary County, where they remained for two years. They then came west and settled in the bush, ten miles north of what is now Durham, for at that time it was a wilderness from Fergus to Owen Sound, the Garafaxa road not being built until 1846.

Mr Smith will be much missed in the vicinity, for he was always active and interested in the political, social and religious life of the country. He was a member of the Presbyterian Church at Dornoch, where for many years he acted on the board of management, being one of the first managers appointed when the first church was built. He was also at one time a member of the Holland Township Council and License Commissioner for the district.

He leaves to mourn his loss, a wife, five daughters, Mrs Robt. Mills and Mrs W. G. Ross, of Tilbury, Ont., Mrs W. A. Mills and Mrs J. A. Grant, of Forest, Manitoba, and Miss E. Alice Smith, at present on a visit to her sister's in the West, five sons, Rev Dr J. F. Smith, Comber, Ont., T. C. Smith, B. A., of Smith's Falls High School, Donald and William on the homestead and Lewis Smith, of Avonhurst, Saskatchewan.

His sister, Mrs Alex Black, of Oak River, Manitoba, is the only member living of the family of eleven, who left Scotland in 1841.

The funeral, which took place on Monday, was attended by all the members of the family living in Ontario and a large number of friends and neighbors for miles around. The pastor, Rev N. A. McDonald conducted the service.

THURSDAY, 31 MAY, 1906.—John Morice, Lot 7, Con. 3, Normanby, 1 1/2 miles west of Varney, will sell Farm Stock and Implements. 10 mos. credit, 5 per cent discount for cash on credit amounts. Sale at 2 p. m. Full particulars on page 4 and on bills.

Barclay & Bell are opening up undertaking rooms in Thos. Swallow's building, opposite the Middaugh House, on Main St. They are expecting their hearse to-day, Wednesday. It is the best funeral car that has ever been in Durham. They are prepared to do business for all classes. We understand Mr Bell has had a large experience in this line.

STATION IMPROVEMENTS.—Last Thursday two much required additions were placed on the front of the station here (the G. T. R.). One, a blackboard, will convey to the public, information regarding arrivals of trains, and a train register box, for the benefit of the train crew, to be utilized when the station happens to be closed on the arrival of the evening train.

RIFLE ASSOCIATION.—On the morning of 24 May the first shooting will take place at the new range, the marker's pit, mounds, etc., having been completed. The new rifles are spoken of as being first class and no doubt we will soon be hearing of records being made. We presume records will be taken at the various ranges and distances and by a system of return matches conducted at neighboring places, the best shots will be found.

Mayor Hunter has his eye on disreputable spots on streets sides or back lanes, where dumping of cans and other refuse take place. The council and every good citizen will be with him in every step taken to beautify the town, and one way to do it is to remove preventable eyesores. The unsightly river bank so conspicuous to strangers coming from the station, might be made a thing of beauty instead of, as at present, an unsightly rubbish heap.

WATER POWER.—A new era in power is dawning, and the wild and rugged places in nature where streams are, are likely to be the sources and centres of industries. An exchange says: "The generating of power will not be confined to Niagara Falls, and other great water powers, but will become general all over the Province. A government engineer was in Walkerton last week taking levels on the Sauguen, with the view of estimating its water power. He is reported to have said that there is a fall of one hundred and twenty feet from Walkerton to Southampton. When his official report comes from the government the municipalities of Bruce and Grey will be in a position to take action under the government scheme." With a fall of 400 feet between Pricerville and Durham, 10 miles, there should even though the Sauguen is smaller, be possibilities of power, as there certainly is a possibility of privilege as regards a water supply for the town. The pure spring creeks out by Bannessan must be higher than Upper Town.

Lacrosse.

Since last issue, Grand Valley is definitely out of this district so the schedule already drawn up holds good:

June 8—Arthur at Durham.
June 21—Mt Forest at Arthur.
June 29—Durham at Mt Forest.
July 20—Arthur at Mt Forest.
July 27—Mt Forest at Durham.
Aug. 2—Durham at Arthur.

Durham's line-up for to-day's match with the Lornes: goal—C. Lavelle, pt.—Matheson, cover pt.—B. McDonald, 1st def.—Pickering, 2nd def.—H. McDonald, 3rd def.—Smith, Centre—Moore, 3rd Home—Marrin, 2nd Home—Lawlor, 1st Home—W. Lavelle, outside—Glass, inside—Cowan, Capt.—Irwin.

The King's Plate.

Among horse lovers and race lovers the great event of the week was the winning of the King's Plate by "Slaughter" owned by Seagram M P, of Waterloo. This is the twelfth time in sixteen years that his stable has furnished the winner. The Woodbine course is gay with color and feminine attractions for the Governor General, Earl Grey and daughter are present. The gambling and betting features are attracting much attention from the bold and brazen way they are conducted, and steps are being taken to stop it.

Business Locals.

"Meet me at the fountain." DARRINGS.

"Field corn" at Parker's Drug Store.

Arthur H. Jackson, Issuer of Marriage Licenses, Durham.

The leading seed corns and other field seeds at MacFarlane's.

The Great West Life Insurance Company sells endowments and other policies at a lower rate than other companies. Ask for our rates before you insure. W. F. Dunn, Agent.

Darling's Cream Whitazel removes roughness of the skin.

REDUCTION SALE OF FLOUR.—Going out of business in Durham, I must clear out my stock of flour and offer at the following low prices per bbl.: Royal Household and Five Roses, \$4.90; Other high-grade Manitoba flours, \$4.40; Choice family flour, \$4.25. Call early at the Upper Town bakery.

A. W. WATSON.

Cobalt had an explosion the other day which gave the place a San Francisco experience. Some tons of dynamite stored in town were exploded and about fifty houses either wrecked or burned was the result. That loss of life was prevented was due to the bravery of some men who ran and warned out women and children as they saw the bush fire approaching. As it is some were injured and a loss of \$25000 incurred.

Undertaking and Embalming

We have opened up Undertaking Rooms in Thos. Swallow's building opposite the Middaugh House and are prepared to do business with any person requiring undertaking. Satisfaction guaranteed in Embalming. Our stock of funeral supplies has arrived; also a full line of Catholic robes, etc.
