Oddfellows Celebrate.

(Continued from page 1.)

They formed an imposing part of the procession which comprised also a large number of the Oddfellows.

We have not learned how the finances came out.

THE CONCERT.

"A splendid concert" was the verdict passed by all on the evening's entertainment and the Oddfellows are to be congratulated for providing such fine talent and on its marked success, the spacious rink being well filled.

Mrs Wright made a pronounced hit with the audience on her first appearance, in "French Song" and on every appearance an encore was demanded. Perhaps the favorite selection was "Time's Roses" where she displayed a magnificent range of voice, always well under control.

Mr Frank Barber, of Georgetown, took fully as well as on his former visit to Durham. His strong baritone voice was heard to good advantage throughout, especially in "Three Men in a Boat" and "The Clang of the Forge."

For fun, the crowd comes and they received a most liberal share in the evening's program. Taken together, we doubt if the equal of Harney and Kenney can be found in Canada.

In the majority of their selections they are irresistibly comical and their voices blended together in perfect time and unison in some pleasing duets, new to Durham audiences.

As pianist, Mrs Newton deserves especial credit, her opening selection of her own composition and her excellent accompanying contributing largely to the success of the entertainment.

Address and Presentation.

Dornoch, June 18, 1906

On the eve of Rev Father Buckley's departure from Dornoch, he was presented with a well filled purse and the following address to which he very feelingly replied.

To Rev. P. L. Buckley, C. S. B.

Rev. and Dear Father:

It was indeed with feelings of profound regret that we the members of the congregation of St Paul's church of Dornoch, learned that you were about to be removed from amongst us; but mingled with the regret there was also a feeling of satisfaction that your services had been recognized by your ecclesiastical superiors and that you were to be placed in sole charge of a large and flourishing parish.

Since your coming to the Owen Sound mission, now almost sixteen years ago, this Dornoch church has been your special charge and it is not to be wondered at therefore if our feelings of friendship and affection for you are very strong.

We are all aware with what great inconveniences and hardships you had to bear in the performance of your spiritual duties in this widely scattered congregation situated so far from the headquarters of the mission and we all desire to bear witness to your ardent devotion to duty no call of which ever found you lagging.

We wish you all blessings in your new home. We are satisfied from your energy and executive ability the material part of your new charge will be the gainers and we know that the spiritual wants of your new people will receive your devoted attention. In conclusion Rev Father we present you with this purse as some slight evidence of our feelings towards you, and we desire only to say one word more that no matter where duty may call you, you will find no people, who will have for you more respect and affection than those of St Paul's Church.

away from home and we intend stowing away this one in the "won" column also. A few town enthusiasts expect to witness the game.

Markdale and Meaford engaged in a lacrosse match at the latter town last week and after Markdale had secured a lead, a free for all scrap finished the game. Looks like an imitation of Owen Sound tactics.

Arthur defeated the Lornes of Mt. Forest 6-2 at home last week, in the latter's first league match, and they look good to win the return game in Mount Forest, or at least make the score very close.

Address and Presentation.

Tuesday last Miss Fortar severed her connection with the school here after three years of faithful service. She leaves with the regrets, but with the good wishes of parents, pupils and trustees, as well as her fellow teachers. The pupils surprised her by assembling in one room and presenting her with the address below, read by Keith Newton, and some beautiful cut-glass ware and a massive bouquet of peony roses.

Following is the address:

Dear Teacher: It is with the deepest and most sincere regret that we assemble here this afternoon to bid farewell to you. During the three years of your stay with us you have shown untiring zeal and interest in our behalf and have ever held before us high and lofty ideals and have inspired some of us with more noble desires and ambition to attain that high standard.

Our one regret is that we have not always done our part as we should have done it. We will miss especially the Literature class, for there we listened, not because it was our duty, but rather because it was a pleasure we thoroughly enjoyed.

We beg you to accept this token of esteem and friendship as a remembrance of the pleasant days spent together in Durham.

Wherever your lot may be cast, it is our earnest wish that it may be in a pleasant place and crowned with success and Heaven's Blessings.

Signed on behalf of the Durham continuation classes.
