## "Doing Things"

The way to do a thing these days is to do it—quick right. We've been working hard of late trying to find room for Fall Goods. They're crowding in so fast it takes every pound of nerve and force we have. And now that midsummer is here and everybody "lets down" and wants lighter wear, we're "letting down" the prices to suit the season and give us room.

- Fancy Muslins and Gingham** Light and dark.
- Embroideries and Laces** all widths and weights suitable for all purposes
- White Canvas Shoes** Only a few pairs to clear.
- Men's and Boys' Caps** Summer weights in the very newest styles.
- Mens' Shirts** New colors and patterns
- Groceries** Nothing but the best.
- Crockery** Two good Lines—Peacock Blue, White and gold Tea sets, dinner sets or odd pieces to suit. Also FRUIT JARS.

Come in and see how we are "doing things" We want any quantity of Butter and Eggs and will pay either in Cash or Goods

## James Ireland

### TOWN TOPICS

The clearing sale will be continued until the end of the month. All kinds of snaps. At The Big Store.

The assessment of the Owen Sound hotels was reduced 25 per cent on account of the loss by the bar trade caused by local option.

The Guelph and Goderich C. P. R. line (the G. and G. line) is opened as far as Elmira, and Guelph ran a big civic excursion in honor of the event.

**GREATEST WHEAT CROP.**—All reports from the west agree that the wheat crop promises to be the greatest in quantity yet seen. Harvest will be general in three weeks.

The 2nd Annual Garden Party on the fine grounds of the Presbyterian Manse on 31 July promises to equal if not surpass the first one held last year and that is saying a good deal. A good program is being provided. Remember the date.

Standard Bank of Canada, Savings Bank Department.—Interest paid quarterly on deposits from date of deposit to date of withdrawal at highest convenient rates. Any portion may be withdrawn at any time without delay.

The mysterious Bentinck catle stealing case has been sent by the local courts here to the assizes. Mr. G. Mighton is held in \$2000 bail and Mr. Fredericks, the Hanover butcher in \$500 to appear when called upon.

A WATER WAGON.—Dundalk deserves credit for the innovation it introduced on 12th July: A water wagon to furnish free drinks of pure aqua to the thirsty crowds of men, women and children on a hot day. This was practical temperance, and yet it is said the booths and hotels did a large business.

The public should try and encourage our storekeepers to make and keep an agreement to close sharp at 10 o'clock Saturday nights. Do your shopping early and the gain will eventually be your own. Delinquent shoppers will then learn the necessary lesson. Everyone must have seen the women waiting for husband, brother or son to call for them and the goods, the merchant obligingly keeping his doors open, but no business doing. Close at 10 and go home.

Entrance results at Flesherston were as under: O. Allison 467, G. Belamy 490, K. Burns 391, F. Caswell 428, C. Gamey 448, G. Harrison 422, A. Harrow 394, A. S. Heron 390, A. Holman 437, C. Kernahan 382, R. Kerr 414, K. Mitchell 382, A. McDonald 402, A. McDougall 450, N. E. McKinnon 490, E. McLeod 408, B. McMillan 402, C. McMillan 392, R. Paul 398, R. Phillips 400, R. Stone 390, F. T. Taylor 800, B. Thistlewaite 424, C. Legate 390.

A MAN WITH HIS COAT OFF.—Mr. H. H. Miller, M. P., has been highly complimented by the premier, Sir Wilfrid Laurier, in a personal letter for his energetic work in connection with the Lord's Day Bill. There are probably few men in the House with as much application as the member for South Grey, and it is superfluous to add that his name is not on Mr. Bourassa's list of members who do little work and draw big pay.—*Hanover Post.*

A BIG SAFE.—Saturday last a safe weighing between 3 and 4 tons arrived for the branch of the Sovereign Bank here. The unloading from the drey drew a crowd around and about every other man had an engineering plan of his own to get it off. Mr. Ed. Lindsay had a close call a sudden movement catching his foot sufficient to hold him, but luckily timbers prevented crushing and he was soon liberated. Mr. D. B. McFarlane took the matter in charge and after some trouble got it to the sidewalk and on its feet. It remained there till Monday night a single attempt being made to steal it.

**BOILER BURST.**—On Wednesday of last week in Holland township, Mr. Geo. Ptolomy was killed by the bursting of a steam boiler of a portable saw mill he operated. Mr. G. J. Ferris and his two sons received some serious injuries. The head and arms were blown completely off Mr. Ptolomy's body and the boiler was smashed into a thousand atoms, portions of it being found in a field some distance away. Ferris is seriously injured internally and there is some doubt as to whether he will recover or not. From what we can learn it would appear that the boiler had been defective for some time.

Never go in debt for a luxury or an unnecessary article of any description. The Durhams were defeated 8-3 in the lacrosse match in Dandak last Friday.

A BARGAIN.—For a short time we will club the Farmers' Sun and the Review to Jan. 1 1907 for 60c to new subscribers. Send to-day.

His Lordship, the Bishop of Huron, will (D. V.) hold confirmation service in Trinity Church, Durham, on Sunday next, July 29th inst, at 7 p. m.

The Presbyterian Garden Party on the Manse grounds next Tuesday evening 31 July. Good program, musical and otherwise. Admission to grounds 10c.

A long program of races, games, etc for prizes are arranged for the Presbyterian picnic at Holstein this Thursday afternoon. Leave by 3 p. m. train.

To new subscribers we offer the Review to Dec. 31st 1906 for only thirty five cents. Send along your subscriptions now. It will not pay you to send your paper away at this price.

Dr. Burt, specialist, Eye, Ear, Nose and Throat, will be at the Middaugh House, Durham, for consultation on Wednesday, Aug. 1, from 11 to 4. Eyes tested, glasses fitted.

Mr. Forest is now within two weeks of her great "Re-union," and great preparations are afoot. As one of her neighboring towns, Durham hopes she will have a good time. We'll have to look in as well as look on. Who's going and when?

Miss J. J. Allan, Optician, of Elora has purchased the Optical Stock of the late T. P. Smith and will be at the Knapp House on Wednesday August 1st prepared to exercise and prescribe glasses in all errors of refraction. Miss Allan is a Graduate of New York and Rochester Optical Colleges and guarantees her work "See Circulars."

**HARVESTERS' EXCURSIONS.**—The Harvesters' Excursions to the West have been arranged and the dates for points west of Kingston and Sharbot Lake are, August 14th, 17th and 22nd. For Ontario points east of Sharbot Lake the date is August 28th; for Quebec August 30th. The excursion from the Maritime provinces, which is generally held after the others leave this year on August 7th.

The monthly meeting of the Women's Institute was held last month at the home of Mrs. D. Hamilton. A large number were present and all subjects were well discussed. It was decided to continue the subject of "Canning Fruits and Vegetables" at the meeting to be held at the home of Mrs. Andrew Scott on August 2nd. The Institute pins have arrived and those desiring them may get them at the August meeting.

The advertising merchant is the one who does the business in these days of push and enterprise. There are more newspaper readers to-day than ever before in the history of the world. The newspaper places your business under the eyes of the buyer. He sees what he wants, and, knowing where to find it, looks up the wide-awake merchant who succeeded him to come and see him. Sucked in three days of sharp competition calls for eternal vigilance. You can't keep a hustler down.

**DURHAM AHEAD.**—More pupils wrote at Durham for Entrance examination and more pupils passed than at any centre we have seen near of approximate size. This shows the importance of the place as an educational centre; and the necessity for a High school here. Durham 86, Ferguson 72, Walkerton 72, Teeswater 31, Warton 72, Chesley 54. We do not know how many wrote at the following centres but give the number that passed in each: Port Elgin 36, Paisley 28, Hanover 25, Meaford 41, Mt. Forest 32. Durham centre had 56 pass, but "wait till you see us next year."

There is not a man in our town however indifferent to the claims of Christianity, who would want to rear his family here if there were no churches or church influence, for he at once recognizes them as the guardians of the morals of the community. What would be the condition of this community at the end of the next ten years if from this until then the churches were closed? To what extent would life and property be safe? And yet, with all the organized agencies of the churches, the devil too frequently holds high carnival. What might we not expect if wholly divested of these good influences?

### A Conference.

Monday evening Mr. Morrow, right-of-way advance agent of the C. P. R. was waited upon in the Middaugh House by the Town Council and some prominent citizens in reference to the route of the new road bed through the town.

Mr. Morrow intimated that the desire of the Company was to use George Street, buying a little more than the width where possible, so as to allow of a driveway along the side of the track for the convenience of the residents, who, without doubt will be greatly inconvenienced by the iron roadway which has to be elevated in some parts as much as five feet. The town would like to save the street and residences by placing the line in the back yards at the north side where there would be cuts instead of fills.

Then there is the question of crossing Garafraxa Street. The line, as located on the plan crosses on the level, just north of the bridge. Many thought that by keeping to the north the railway could be sent underneath the roadway. If it is possible it certainly is most desirable, to prevent the well-known dangers of the level crossing, increased greatly in this case by being at the foot of a big hill on the main street. Mr. Telford has taken some levels and elevations and we hope something safe will be assured.

Then there is the school buildings and grounds, both in the way. They are wanted for a station yard and without doubt, would make a good one. But surely the Crawford mill site or neighborhood would be almost equally as good and has other advantages besides cheapness over the school grounds. Perhaps as good as either would be the level ground on the Edge property north of Mill St., this also would save the school grounds.

Not within the corporation can such another site, even approximately as good, be found. Other station grounds are available and to inconvenience the town for all time is something that should not be done.

### New Teachers.

The School Board, on Monday night made an investigation of twenty applications for the vacant positions in the High School Department of Durham School. They have selected as Miss Forfar's successor, Miss M. Ada Dickey, of Toronto, an honor graduate of Toronto University, who has had several years' experience in the work, and has very warm testimonials. The substitute for the Model term is Miss Drury of Smithfield, who has also a high professional standing and warmly commended.

The Board had before them the resignation of Miss A. Meredith which they accepted regretfully but graciously seeing she is to be a principal in a matrimonial event next week. Miss Meredith made a brilliant success of the Entrance class this year and has a record as a teacher to be proud of. Parents and pupils, the public and the School Board will long remember gratefully Miss Meredith's personality. The position vacated has been offered to Miss M. McKenzie at the same salary.

### The Black Knight.

This is the well-known title that has become attached to the Rev. J. H. Hector, the colored evangelist, who with wife and daughter are engaged by the Provincial Alliance to cultivate a temperance sentiment throughout the country, by speech and song.

He is a burly specimen of his race, with a strong, somewhat harsh voice, though this last may come from much speaking. He is at home on the platform, has a fund of humor on which he draws largely, and a sententious, imaginative way of dropping his good things that is all his own. To most people some of his buffoonery is offensive though the point illustrated may be apt.

He advocates strongly the separation of liquor selling from the hotel business, the necessity of voting for temperance men and measures regardless of party, woman suffrage on the liquor question and the usual arguments heard in previous campaigns but all presented in his own unique and sometimes grotesque way.

The staging of his wife and daughter makes a pleasing variation. The latter has a wide range of voice and very clear.

The town hall was filled both Monday and Tuesday evenings and he had good congregations on Sunday in the Baptist church.

The collections amounted to about \$16.00

Presbyterian Picnic this Thursday afternoon, to Holstein. 3 p. m.

Mildmay, by defeating the Ensigns, of Toronto, 4-0 at Guelph last Saturday, captured the Junior Football championship of Western Ontario.

Only one Harvest Excursion to North West, date Aug. 17th, fare \$12 no half fares. For further particulars see Robt. Macfarlane, agent, P. B. Durham.

The Meaford Express came out last week with a very good write-up of the enterprising town which has prospered greatly of recent years. It claims a population of about 3000.

The Manse grounds will be lit by electric light at the Garden Social on Tuesday evening next, 31 July. The band will be in attendance, and every social feature possible introduced. Admission to grounds and entertainment only 10c.

Experts at tilting are to be brought from England on purpose for the production of "Ivanhoe" at the Canadian National Exhibition at Toronto. An actress famed for her beauty and talent will play Rowena, the Queen of Chivalry, and another will assume the part of Rebecca, the lovely black-eyed Jewess.

### In Memoriam

**ROBERT ECTOR, SR.**

After some months of severe illness, there passed quietly away on Thursday morning, July 19, one of Guelph's most respected and beloved pioneers, Mr. Robt. Ector, of Edge Hill. Born in Co. of Tyrone, Ireland, in the year 1827, he came out to Canada in 1852 and five years later, in October wedded Miss Fannie McCallum, of Vaughan. The union proved a most happy one and the Ector home was always noted for its neatness, its kindness and the true neighborly spirit. Deceased was famed for his untiring activity in garden, orchard and field. A lock through the former was an ideal object lesson. Though age bent the form, yet the heart never lost its youth and his geniality retained the old friends and won the esteem of the young.

In politics he was a Reformer and staunch in his faith to the Presbyterian church of which he was a liberal supporter. The funeral took place on Monday afternoon to the Saugene cemetery and a great throng followed the remains to this beautiful resting-place, Rev. Mr. Farquharson officiated at the home and graveside and very fittingly spoke of the departed.

He leaves to mourn his loss, a widow, six daughters and two sons, as follows:—Mrs. J. Moffat, Pinkerton; Mrs. Alex Binnie, Durham; Mrs. Isaac Petch, Edmonton; Mrs. Tom Turnbull of the Garafraxa Road; Mrs. John Little, Dundalk and Miss Maggie with her brother Robert at the old home. His son, Archie, who is on a trip out to Alberta, failed to get home in time for the funeral. He lives on the old homestead a few lots away. The surrounding neighborhood and the town extend their sympathy to the bereaved ones, for a loving husband kindly father, a true neighbor is gone.

**REV. MR. FORREST.**

Presbyterians here will learn with regret of the death of the above gentleman which took place at Leamington on Tuesday, 17th inst. Mr. Forrest's ministrations here were marked by an affectionate and scholarly piety which endeared him to all. The memory of his walk and conversation will remain as a sweet savour of the genial Christian gentleman, who certainly was a workman in His master's vineyard that needed not to be ashamed. Elsewhere will be found an appreciative sketch by Rev. Mr. Farquharson.
