## "Doing Things"

The way to do a thing these days is to do it—quick right. We've been working hard of late trying to find room for Fall Goods. They're crowding in so fast it takes every pound of nerve and force we have. And now that midsummer is here and everybody "lets down" and wants lighter wear, we're "letting down" the prices to suit the season and give us room.

- Fancy Muslins and Gingham Light and dark.
- Embroideries and Laces all widths and weights suitable for all purposes
- White Canvas Shoes Only a few pairs to clear.
- Men's and Boys' Caps Summer weights in the very newest styles.
- Mens' Shirts New colors and patterns
- Groceries Nothing but the best.
- Crockery Two good lines—Peacock Blue, White and gold Tea sets, dinner sets or odd pieces to suit. Also FRUIT JARS.

Come in and see how we are "doing things" We want any quantity of Butter and Eggs and will pay either in Cash or Goods

## TOWN TOPICS

The latest shades of Ribbons in all widths, just arrived at the Big Store. Mount Forest defaulted to the Durhams in the C. L. A. lacrosse match to have been played here Friday.

Only one Har vest excursion to North West, date Aug 17th, fare \$12 no half fares. For further particulars see Robt. Macfarlane, agent C. P. R. Durham.

Let us print your Garden Party bills. We give free locals along with the bills, so that every person in this community is sure to learn of the evening's enjoyment.

To new subscribers we offer the Review to Dec. 31st 1906 for only thirty five cents. Send along your subscriptions now. It will not pay you to send your paper away at this price.

There are many striking examples of the value of good roads. Wherever roads have been permanently improved it is found that there has been a very great increase in value of the adjacent property.

SUPPLY FROM IRELAND.—During the absence of Rev. Mr. Farquharson on his holidays his pulpit will be supplied on August 5 and 12 by Rev. R. McClenahan, late of Coleraine, Ireland. He is spoken of as an excellent preacher.

BARN BURNED.—During a severe electrical storm on Friday last the barn of Mr. John Gray, near Crawford was struck by lightning and burned, very little being saved. Mr. Gray is particularly pleased with the prompt way in which the full amount of his insurance was paid by the Grey and Bruce Mutual Insurance Co. settlement being made the following day.

A GOOD SCHOOL.—A school that has made an excellent record this year is the popular Elliott Business College of Toronto. The demand for business firms desirous of securing graduates of this well-known school has been, we understand, about twenty times the supply. The Principal, Mr. W. J. Elliott, claims that the secret of the school's success is due to the fact that they thoroughly satisfy every student. He is also an extensive advertiser and says that newspaper advertising helps him wonderfully in his business. The advertisement of his college appears in this paper. Read it. If interested, write for a catalogue.

The Western Fair, London, promises this year to be a great success. Entries are coming in fast and space is being allotted. The attraction committee have provided a programme of amusement and entertainment far exceeding anything ever attempted by the Association. C. W. Williams of Newark, New Jersey, will make daily ascensions in his airship "America." The Royal Venetian Band, one of the greatest musical organizations of the day have been engaged at great expense for the entire exhibition. "The Norins," high divers, Japanese acrobats, slack wire performers, The Polite Burglars, trick horse performers. The Red Raven Cadets and many others will all appear before the grand stand daily. Prof. Hand's magnificent Electrical and Pyrotechnical display of the "Carnival of Venice" every evening. Remember date, Sept. 7th to 15th. For prize list and information write the Sec'y, Western Fair Office, London, Ont.

SUCCESSFUL GARDEN PARTY.—The beautiful grounds of Idylwild, the Presbyterian manse property, was thronged on Tuesday evening by a large crowd who were favored with the best of weather. Following the tea quots and croquet were played on the lawn. The grounds were lit by electric light and Chinese lanterns glistened among the trees and shrubbery. Scattered here and there in profusion were the little tables that give the opportunity for social chat while you sip lemonade, ice cream, etc., to the music of the band and the starry spheres overhead. Then there was a program, the musical contributors being Misses M. Gunn and M. Hunter, Kathleen Grant and Alice Ramage with instrumentals. Recitations by Dr. F. Grant and Peter Ramage. A solo was rendered by Miss Jean Brown, and a duet by Messrs J. P. and J. C. Telford, which "received great applause. Last but not least was the choir who rendered excellent service. An octette of ladies sang the "Old Oaken Bucket" and an octette of gentlemen gave a song with a stirring chorus. The proceeds were over one hundred dollars which the ladies will apply to the Manse Fund.

The Standard Bank this week has a new announcement on Page 4, to which we call attention though it speaks for itself.

FALL SHOW DATE.—Secy. Davidson has received definite word that the Show date is Wednesday and Thursday 19th and 20th of September. This suits the Government Judges.

Bring the news to this office. We are always glad to have our subscribers send or bring us items of news. If each one of our large list of readers what a grand local paper we could have. Send in anything but politics and we shall be thankful.

PICKNICK AT HOLSTEIN.—It is not quite settled whether Durham is a suburb of Holstein or Holstein a suburb of Durham, but the latter view prevailed on Thursday when more than two coaches of the train were jammed full of Presbyterian S. School scholars and their friends en route to the pretty village for a 5 hour outing in their romantic park. Boating, football, baseball, swings, races, filled in the time nicely before and after a forest tea. The officials are deeply thankful to Rev. Mr. Little, Mrs. Little, Dr. Brown and other friends for courtesies that made the day very pleasant.

Mary had a little lamb, its fleece was white as snow; it strayed away from home one day, where lambs should never go. And Mary sat her quickly down and tears streamed from her eyes; she never found the lamb because she did not advertise. And Mary had a brother John who kept a village store; he sat him down and smoked a pipe, and watched the open door. And as the people passed along and did not stop to buy. John still sat and smoked his pipe and blinked his sleepy eyes. And so the sheriff closed him out, but still he lingered near, and Mary came to drop with him a sympathetic tear. How is it, sister, can you tell why other merchants here sell all their goods so readily and thrive from year to year. Remembering their own bad luck the little mad replies, "These other fellows get there, John, because they advertise."

### Wedded in the Morning.

PARK—MEREDITH.

At the early hour of 6 a. m. Wednesday, 1st August, there was an assembling at Trinity church of a large number of ladies and a few gentlemen the occasion being the marriage of Dr. A. Walter Park, son of Mr. Jas. Park, Bentick, to Miss Amelia (Amy) Meredith, of this town. The church was prettily decorated by the bride's girl friends, the ceremony was brilliant but brief and the happy couple took the vows that made them man and wife before the Rector of Trinity Church, Rev. Mr. Rice. Thereon the happy bells rang out and the drowsy sleepers of the town awoke to find that a bright sunny morning favored the nuptials of the happy young couple.

Their loves and their lives have for a year or two been an open book and they carry with them the warmest good wishes of a host of friends for their future happiness. A crowd of friends and old pupils of the bride assembled at the station to see them off. Walter (as his old teacher takes the privilege of calling him once more) we remember as a most diligent student, though not more so than his wife-to-be who sat near by. Their college career won them renown. She proved a most successful teacher, he a successful medic, and the community that receives them as permanent residents is to be congratulated.

There was a beautiful array of presents, four being: a handsome silver bake dish from the teachers of Durham Public School; beautiful table linen from the members of Trinity church choir, of which the bride was a member; one of the daintiest of five o'clock china tea-sets from the Entrance Class; and a handsome fern dish from the pupils and officers of Trinity church S. School.

The bride's going away dress was an Eton suit of pale green Japanese silk with vest of cream point de esprit and Dresden silk. The hat was cream Milan straw with jaunty dark green wings and velvet, with crimson roses crushed close to the hair at the back. She carried a bouquet of bride's roses and ferns.

They will visit Toronto, Fort William, Winnipeg and Regina, before taking up their home at Cochrane, Alta., where the doctor has a growing practice.

### Dividend Declared.

Shareholders of the N. P. C. Co. will be gratified to learn that at a meeting of the Directors on Friday last it was decided to declare a dividend of 5 per cent on Sept. 1st next. The phenomenal run of this year has enabled the management to make provision not only for the bones of the old debt, but for that contracted during the uncertain days of last winter when the sudden retirement of the manager and closing down of the mill put a stop to earning powers.

Not only so, but there is every prospect that at the close of the season another dividend of at least an outlandish drawing on the resources of the company.

This is exceedingly gratifying news no doubt, and is a tribute to the practical manager and his staff as well as to the energetic President and Board of Directors.

While gratifying to the shareholders it is also a deep satisfaction to us that we had a share in the fight to retain the mill. Our constant advice was held on to your stock and those who took that advice will not be sorry to-day. From a beggarly 15 or 16 cents on the dollar it has risen to 70 cents and before long will be at par as it deserves to be. From the wealth of material in our locality we see no reason why it should not go above par. The silent assets of our mill beds is a standing security that the stock is gilt-edged always assuming we have such management as we have at present.

The output is now from 200 to 300 barrels a day more than the best of last season and the increase in quantity has, as we have remarked before made no deterioration in quality, nor in the demand for the "National" brand. So we are assured.

But this increased output has brought a new situation. It is found that one set of men on dredge and railway cannot supply marl enough in twelve hours to run the twenty-four. So a day and night set has been put on resulting in another difficulty that the time of the two sets is not as profitably employed as might be with only 8 rotaries. A proposal has been made that at the annual meeting sanction should be secured for the installation of two new rotaries and another Ball grinding mill, the other departments being already capable of attending to the increased output contemplated.

It is surprising that with the establishment of new cement industries the demand still keeps up. It goes to show that more and more uses are being found for this comparatively new material.

We learn as we go to press, August 1, that the output for the month of July is 36500 barrels, which is the highest monthly make yet reached in the history of the mill. We believe we are safe in saying that no other 8-rotary mill ever reached these figures yet the management are not resting on their oars but promise greater things still.

### Junior Lacrosse.

Markdale's junior bunch of stick-handlers came over Tuesday evening and engaged in a friendly exhibition with Durham's junior team, the Maples. The game was interesting throughout and though Durham secured the long end of the score the game was not as one sided as it would indicate. 9-2. Hughes exhibited some star goal-keeping and had much to do with keeping down the Aberdeen's score column while "Tip" Smith distinguished himself on the home by notching over half the Maples' goals. Kelly, of Markdale, refereed.

The line-up:

Hughes	goal	H. Sewell
Hunter	point	Tuck
A. McFadden	C. pt.	E. Sewell
Duncan	1st def.	Cummer
McComb	2nd def.	T. Sewell
D. McFadden	3rd def.	C. Bowers
Burnett	centre	Burnside
E. Glass	3rd home	Mercer
Saunders	2nd home	Kelly
Smith	1st home	Crover
Darling	outside	W. Bowers
F. Glass	inside	Mills
H. McDonald	captain	

Chesley has now four automobiles.

Why is it that no one wants to live in the country anymore? Cities are full of people who live from "hand to mouth" and whose total wealth is represented by the clothing they have on. Years go by and these persons never have a home. They lose that independence that the proud owner of a farm has. If there is one needed reform it is to keep people on farms and away from cities.
