\$1 to \$4

BUTTER AND EGGS WANTED—for Cash or Trade

James Ireland

TOWN TOPICS

A BARGAIN.—For a short time we will club the Farmers' Sun and the Review to Jan. 1 1907 for 60c to new subscribers. Send to-day.

Thanks to all who have responded to our accounts. A large number more are earnestly requested to attend to them.

Only one Harvest Excursion to North West, date Aug 17th, fare \$12 no half fares. For further particulars see Robt. Macfarlane, agent C. P. R. Durham.

It has always been a mystery to us that a young lady should make some poor fellow believe that she is interested in his welfare when as a matter of fact she is interested only in his farewell.

There will be no service in the Presbyterian church next Sabbath, morning nor evening, but the Sunday school will be held at the usual hour in the afternoon. On the following Sunday, Aug. 20th, services will be held as usual.

It is difficult to get the better of a gipsy in a horse trade, but Jno Harbottle accomplished it. He met the gipsy one day last week, made an exchange. Next evening the gipsy's newly acquired beast died while Mr. Harbottle still owns a fine horse.

Rev. Dr Somerville, Owen Sound, will on Sunday next complete 31 years of service as pastor of Division St. congregation. This is a rare length of pastorate and is broken at the call of the Assembly which has placed him in charge of its business offices in Toronto.

The Chatsworth Banner last week closed its career, its proprietor, Mr. H. Nelson, having decided to seek a new field in the west. Bro. Blyth of News still stands by his guns and will attend to the civic needs of the village in the newspaper line.

NEW FRONT.—The Sovereign Bank building is being treated to a new front this week giving it more of an appropriate appearance and adding to the convenience inside. The door is now at the south front and two fine windows, set in brick facings, give a spic span appearance.

Miss Grant of Durham, has been engaged as teacher in S. S. No. 5, on the 10th Maryborough, at a salary of \$350 per annum. Her sister has also been engaged as teacher in S. S. No. 6, 12th concession, at the same salary. They come highly recommended, and will start after the present holidays.—Palmerston Spec.

HOUSEHOLD ECONOMICS, ETC.—We have much pleasure this week in presenting the first of a series of papers by Miss Bella Cameron, daughter of Mr. and Mrs John Cameron, who lately graduated from the Macdonald Institute at Guelph. The opening paper gives an idea of the scope of the institution and later Miss Cameron will develop some of the features along practical lines, which we hope will be interesting and useful to all, especially our lady readers.

Live hogs \$7.70 per cwt. last week. Who wouldn't be a farmer? There is just one trouble, only the farmers know how to farm. There are thousands who would like to quit the towns and emigrate to the country and possess themselves of farms and proceed to make two blades of this, that or the other grass grow where one or none grew before, but this proposition presents itself—it takes from two to ten years to learn how to farm, (some people never learn), and within such a period bankruptcy might occur several times over. But if all of us cannot be farmers all can admire and rejoice with the farmer in his present great prosperity.—Ex.

ANOTHER SERIOUS ACCIDENT.—On Friday last while Mr John Harbottle and a gang of men were engaged in jacking up the old house next to the Macfarlane residence, an accident occurred that might easily have proved fatal. One of the jacks rested on a stone wall, thought to be substantial, but it wasn't, for in a moment it collapsed, causing the building to sway on the other jacks and in doing so it caught Mr Jas. McDonald, who was partly under and pinned him against the bank. Fortunately the sill caught him about the hips, otherwise it would have been all up with him; as it is he is seriously injured. Shovels were soon secured, the earth removed from behind him and he was carried to his home near by. Much sympathy is felt for Mr and Mrs Hugh McDonald and family who have had more than their share of accidents recently.

PROPERTY CHANGE.—Mr Wm Black has bought all the Guthrie property which includes the residence and lot on Albert St., the blacksmith shop and lot on Garrafraxa St., and the vacant lot just north of the shop.

FIRST DIVIDEND.—Shareholders of the N. P. C. Co., were officially advised last week of the dividend of 5 per cent on 1 of Sept next, on stock as recorded on 15 of August. Transfer books will be closed from 15 of Aug. to 1 of Sept, a step necessary to prevent confusion in the clerical work involved.

Durham intermediates won their district last week without losing a game. Well, let's return good for evil and say that the Durham team can play lacrosse. Shake!—Owen Sound Sun. We notice Owen Sound at last has a team that plays winning lacrosse although it is only junior.

FIRST OF THE SEMI FINALS.—Having captured their respective districts Nos. 4 and 5, the Durham and Markdale lacrosse team play the first of a home and home series here next Monday, the 20th inst. Lovers of the national game in attendance will probably see the fastest match ever played in Durham. The Durhams have been cutting a swift pace this season and Markdale also, assisted by Shelburne men, have cleaned up almost everything so far. The return will take place in Markdale on the 21th. Let everyone attend the game here on Monday, 3.30 p. m. Admission, 25 and 15 cts. 'Twill be easily worth it.

Railway Notes

A correspondent from Ceylon writes: "The engine for drawing the gravel is here. A small affair, 12 ft long, not very big but, Oh! My!! It is sitting or standing in front of Mr. Tucker's place, while the steam shovel apparatus and machinery, weighing some 25 tons, is being laboriously propelled up the hill, when the two will both go together. In addition to its own propelling force it is assisted by a steel cable chain, being wound around a cylinder or drum on the engine itself. There are 11 men besides the engine driver and one horse to pull the rails forward. There are 4 rails required altogether for this but will need six I suppose when the engine is placed ahead or probably more as the engine is of smaller gauge.

A cement mixer of Goud, Flapley and Muir manufacture is at Ceylon station for use at the big bridge at Pricewille.

It is reported that surveying was going on on Sunday at Pricewille to the horror of the strict Sabbatharians of that village.

Nothing definite has developed in Durham further than we have announced, the survey gangs are placing the centre stakes again and following the registered plan which takes it through the school grounds, the building itself being partly in the allowance. We hear a rumor that the plan now is to buy out the residences on north side of George St., running the line where they stand.

Mr. T. Harris has practically completed the purchase of the right of way in the rural districts.

Courtship in Camera.

She gave him a cabinet photo:
 He gazed for a moment or two,
 Then pleaded: "Sweetheart won't you give me
 The lovely original, too?"
 "If you're positive, dear, that you love me."
 She said, through a film of tears,
 "A negative I cannot give you;
 I'm yours to the end of my years."
 So the courtship was quick to develop
 Their marriage was fixed up in town
 And now in a middle-classed suburb
 She is steadily toning him down.

Serious Accident.

Mrs. Jas. Matthews and daughter perhaps fatally injured.

Wednesday last Mrs Jas Matthews, Egremont, left early in the morning to visit her daughter, Mrs Shantz, down the township. She was accompanied by her daughter Sarah Ann Not finding Mrs Shantz at home they were returning and when near Mr Alex Henderson's, 10th con, the accident occurred. As we have heard it, one of the lines had dropped and tightening on the other inadvertently the horse swerved up the bank, upsetting the buggy and of course the women out. The horse made for home and was caught near Mr G. Johnston's on the 19th con. scarcely two miles from home.

The accident was observed by the Henderson's who were soon on the scene, Mrs Matthews, it was found had her head cut open very seriously, while her daughter had been doubled up in a horrible way. They at once were removed to Mr Henderson's, where at latest accounts they still are. The daughter's life is despaired of we hear, but we hope to hear better things. Meanwhile much sympathy will be felt for the sufferers and for the family afflicted.

Later: at last accounts both are getting along well. The daughter's injuries are not so severe as first reported.

Saugen Presbytery.

The July meeting was held in Palmerston. A number of resolutions of sympathy were passed with bereaved members in the bounds. The accounts of the Home Mission and Augmentation Committees were examined and attested.

The conveners of standing committees are:—Church Life and Work, John G. Reid; Sabbath Schools, T. D. McCullough; Y. P. S., Mr Campbell; Evangelistic and missionary, John Little; Home Missions and Augmentation, Wm. Farquharson; Finance and Statistics, James Barber; Foreign Missions, George Kendall; Examination of Students, John M. Aull; Reports, Mr. Thompson; Sabbath Observance, W. G. Hanna.

Mr. Campbell reported on Sabbath schools and Young People's Societies and Mr. Barber reported on Finance and Statistics. It was agreed to arrange a system of Presbyterial visitation for the purpose of improving systematic beneficence and to have charts provided setting for the principles and rules of giving to be displayed in a conspicuous place in all the churches.

Rev. Dr. Gamble gave an address on "Sunday, the True Sabbath of God."

Rev. J. W. McNamara, B. D., was translated from the Presbytery of Hamilton and inducted into the pastoral charge of Drayton in the Presbytery of Saugene on the 21st June.—Spectator.

Business Locals

Arthur H. Jackson, Issuer of Marriage Licenses, Durham.

Fifty large 12X14 photographs to be given away one with every dozen photographs at F. V. KESELY.

Last week's Mt Forest papers contained columns of names of old boys and girls home for the reunion. All at some time or other resided in Mt Forest but they moved away while the burg slept on.

While the press of the country is continually shouting for the young to go west, let us not forget the old man at home. We heartily join in the chorus of the times, "Young man go west!" Now, let us look to the old man, in old Ontario. He is not doing much hollering neither one way nor the other, just simply pegging' away and a kind Providence is smiling down upon him, bestowing bountiful harvests, and incidentally lifting the heavy old mortgage that has weighed him down for years. To his more fortunate neighbor who has not been burdened in this way old Ontario is pouring forth her goodness in a bountiful hand, and our rural neighbor, who is our best friend, is erecting a handsome home for his old days, or if he already possesses such, the addition of another 100 acre plot is being added to his domain for the grown up son who remained at home, and in rare instances the prospective son-in-law. The present year gives every promise of a banner year for the Ontario farmer.—Haldimand Banner.

Old Boys' Reunions.

Mt Forest, Stratford and Berlin last week were all drunk with the wine of good fellowship which led them in kindly spirit to embrace broadly, all and sundry who in the present or in the past felt interested in their respective towns. All were successful. The trades procession Monday in Mt Forest and the 13 Regimental Band of Hamilton were splendid opening features of a spectacular nature. On Tuesday, bowling contests and such like held sway, Wednesday was the greatest of all in the crowds present nearly 3000 people having paid admission to the Caledonian Games which were run off to the music of the 48 Highlanders Brass Band.

Durham visitors, bearing in mind their own fine sight seeing hill, could not help being aggravated at the unsatisfactory nature of such games conducted on a level. There was a fine friendly spirit prevailing however, in danger only once of being ruffled at the tug of war between 10 men of Grey and 10 of Wellington. The Grey men amidst intense excitement won both draws after a desperate struggle.

"Where's Dave Jamieson?" demanded an old boy in our hearing "I want to run a fat man's race with him," the speaker was Harry Stovel of Winnipeg, formerly of the Confed. "Dave" was none other than our own M. P. P. Dave was found and so was "Tom" Martin and a few other such lads and the Durham M. D. came in 3rd though years and avoirdupois favored the winners.

\$815 was made at the gate and about \$400 at the concert which was given entirely by the band and was really excellent.

The committee to whom our thanks are due for press favors, must have been gratified at the great success. The town was beautifully decorated, streets and stores being gay, while private residences at night looked like fairyland.

Thursday was given up entirely to a big social picnic—the remainder of the week being chiefly a go-as-you-please.

Teachers' Exams.

The result of the above examinations came out on Monday last and the following pupils from Durham School have been successful for Part II, Junior Leaving.

- Annie McGirr
- Lily Walker
- Jos. Reid
- John McKinnon
- Herb. Campbell
- Maggie Knox
- Alice Lawrence
- Riaa McComb
- Sadie Sharp

Misses Annie McGirr and Lily Walker took honors and are due hearty congratulations, for the test this year was a very hard one.

Those reaching matriculation standing are:

- Annie McGirr
- Lily Walker
- Keith Newton
- Carman Algore
- Rose Brooker
- Ida Pineo
- Ethel Greenwood
- Sarah McLean

Misses Rose Brooker and Edith Grant had special subjects to write upon and both passed, both having their seconds now.

We have not heard the results of other schools but are confident the comparative standing of Durham will as usual make a good showing.

We sympathize with those who have failed, but they must try again.

MILL WOOD FOR SALE—From Aberdeen, delivered in town. Apply at J. W. Crawford's.

On our inside pages will be found an interesting description of a trip by Rev. E. A. Henry who supplied four months for Rev. Mr. Jansen some years ago.

Are you thinking of buying an organ or piano this summer? We sell the celebrated Bell Organ and Piano. Call at our shop and see and hear the beautiful organs on exhibition and be convinced that they are second to none in beauty and sweetness of tone. It will be a pleasure to show them to you.
