We have anything you need in Odd Dishes at very low prices.

Highest prices for all kinds of Produce.

Taylor & Co., Dromore

Priceville.

The harvest is general now and came in faster than was expected a few weeks ago. Late crops are rusted but in general the crop is a fair one. The dry spell of late is causing all kinds of grain to come to maturity all at the same time and there will be a hurry up during the coming week and no lazy bones need apply for sympathy, nor eyes for a little more sleep and a little more slumber in the mornings during the garnering in of the grain and as the nights are getting long and cool now the weary laborer can retire at an early hour and be refreshed for the morrow's duties.

As for our town here we are taken up with railway matters of late and almost forgetting that the harvest is big and the laborers not as plentiful as in times gone by. So we halt between two opinions, which to lend a helping hand to. Probably some came to the conclusion that as we are all depending on the products of the farm to be fed that these first duty demands us to assist those requiring our aid in gathering in the harvest and then look on or take part as we please in the work on railway, which we expect to be in operation in a short time. The material to be used in the work is on the grounds and soon will be at work cutting down Colin McLean's big hill where they expect to commence work and if not there at or near to town anyway. A large gang of surveyors was in town during the past week giving the road a final touch. So there is no two ways about it; we are to have a railway to Priceville when it is finished. Who knows but Priceville might be the County Town in some future year? We are already honored by having the garden of Grey chosen from our hamlet and as we noticed that his predictions are beginning to come to pass we have a railway to Priceville. In the same manner we hope to see our town flourishing in the future and already in fancy we can see some of the finest buildings in the country in course of erection in our town and chief among them a large grist mill as there is a good water privilege and a good business to be done as in the years gone by. We are not going to say too much by way of anticipating great things in the future but we hope to see a large depot or station in our town then Priceville would be Priceville.

Those who have been away for the good of their health are back again and look as if their outings agreed with them. Rev. Mr. Matheson and family came back last Saturday and the worthy pastor looks as if he had been engaged in the Lumber camps his complexion being changed by living out in the sun so much. However he and family enjoyed the trip greatly and all look and feel well after their six weeks on or at the lakes of Muskoka.

The Rev. Mr. Huribut preached his farewell sermon Sunday before last in the Baptist church. He intends to go to Cuba right away. The Rev. Mr. Roach of the Methodist body returned last week after spending a couple of weeks well earned holidays amongst friends and others down the country. Mrs. McPherson who spent a month or more in Toronto returned to her home at Top Cliff last Saturday. Mr. Hugh McLean sold his ranch at Pinegrove, Montana, recently and intends to move to his former county in Canada being the township of Glenelg, near this place. Miss McDonald of Toronto and Miss McKea are visiting at the latter's father, Mr. Donald McRae, south line. Mrs. Campbell, north line, is improving after her severe accident in breaking her hip, when recovering from a broken foot. Mrs. McLean and Mrs. McPhail are keeping at or near the same way but has indications of getting better so we hope to see both around in health soon. Mr and Mrs. Patrick Sullivan of Fergus paid a short visit to friends in this part during the latter part of last week. Neil McKinnon, son of Postmaster McKinnon here took the highest number of marks at the recent examination held in Flesherton for Entrance. Master Alex Walker, of Toronto, is visiting his aunts in this place and at Ceylon during the past week. Young Dr. Arthur Hatton of Durham, is visiting his aunt, Miss Wright of this place at present. Miss M. E. McArthur of town is taking her holidays up at the Soo and other points at present. Mr. Dan McArthur and Broek Patton of Owen Sound are visiting friends in our town at present. Commissioner McCannel made his official visit through Glenelg and P.oton last week in the interest of the Walkerton Fire Insurance Co. for which he is agent. Mrs. Hugh McKinnon returned from Manitoulin Island a week ago and enjoyed her trip greatly. Mr. Wm. Young preached in the Presbyterian church Sunday before last in this place and his discourse was much appreciated by his hearers. The venerable John Campbell of Swinton Park attended Gaelic last Sunday in this place. Mr. Duncan McMillan of Swinton Park visited her son John at Ceylon for a few days last week. We were pleased to see; Mr. John

McArthur of the Glen, out on Sunday afternoon after putting in a hard summer with rheumatism.

Commissioner McArthur is away for a day this week attending special meetings of County Council held at Owen Sound to consider the building of a big bridge somewhere in the county.

Dromore.

Mrs Morrison, (nee Maggie) from Muskoka District is at present on a visit to her parents, Mr and Mrs Wm Hay, Dromore.

Miss Ida Lester, Toronto, is also visiting her parents here.

Mr Joseph Snell preached in Amos church on Sunday last very acceptably indeed and was much appreciated. He left on Tuesday for Moosomin where he is engaged as principal of the High School. Mrs Snell follows in a week or ten days.

Quite a number from here took in the sports at Mt Forest on Wednesday and other days and report being pleased, especially with the band of the 48th Highlanders which is perfection itself.

Mr John Ramage, Eden Mills, in better preservation than the characteristic rig he had, was a visitor to those of the same name in this part. He was on his way to Durham and Owen Sound, where he is a large stockholder in cement plants there.

Friends in this part will be glad to hear that Mrs. T. Chislett, Ceylon, is recovering, though Mr Chislett himself is laid up with neuralgia.

Mrs Cruikshank (nee Annie Cushnie) is here on a visit and is at present with her mother, Mrs H. Tucker, Ceylon.

Egremont Council

A special meeting of Council was called by the reeve on Aug 4th, to consider and dispose of the reports of Jno Davis, Tp Engineer, filed by the clerk on July 18th, and which is designated as Drain No. 4, Tp of Egremont. The assessed parties on said drain were all present except one. The report and Assessments were gone over carefully, and discussed, and an opportunity given to any present to withdraw their names of petition. None withdrew, also to sign petition.

Robb—McArthur—That the reeve sign petition for said drain. Reeve signed petition.—Carried.

McArthur—Robb—That the report of Engineer on drain No 4 be adopted and a by-law be introduced to give effect to this resolution.—Carried.

Robb—McArthur—That by-law to issue debentures for construction of drain No 4 be now read a first and second time.—Carried.

McArthur—Philip—That said by-law be published in sheet form according to Sect. 22 of the Drainage Act, and the clerk be instructed to serve each interested party with a copy of said By-Law.—Carried.

Ferguson—Philip—That orders be drawn in favor of the parties named in the Engineer's report, and the work on survey, board, etc. be drain No 4 amounting to \$36.10 and be charged to said drain acct.—Carried.

Resolved that we meet at Comr Philip's place as a Court of Revision on drain No 4, on Sept 11th, at 4 o'clock p.m., and general business be now taken up.—Carried.

Road reports—Coms Ferguson gravelling 208 rods at 50c by D Ritchie.
