TOWN'S TOPICS

FOR SALE—A lady's good bicycle for \$5. F. Peck.

Some good fitting, good wearing and cheap suits at Grant's.

Thanksgiving Day has been fixed for Thursday, 18th of October.

Next week—Wednesday and Thursday—South Grey Great Fall Show.

"Just a guid sicht for sair een," is the golden wheat on the Lumsden plains, writes Mr. W. J. Coutts of Aylesbury, Sask. Next to seeing it is nice to hear about it, Mr. Coutts.

FURNITURE FACTORY.—The Annual Meeting of this body was held last week. We understand the reports are eminently satisfactory. A dividend of 7 per cent was declared on preferred stock, recently.

ODDFELLOWISM.—The Sovereign Grand Lodge of this body will meet in Toronto from Sept 15th to 21st. As it is 23 years since this body last met in Toronto, and it may be as long to the next meeting, great interest is being taken in it. No doubt Durham will be duly represented.

BEFORE THE JUSTICE.—Saturday morning last Mrs. Barnes was arraigned before Police Magistrate Telford by Constable Clark, charged with wantonly assaulting Mr. Jno. H. Brown a few days before. Mr. Brown had been complaining of trespass by defendant's cow when the assault took place. Five dollars and costs of 20 days was the fine imposed.

Miss Mabel Manley appeared for the first time here and delighted the audience. She has a rich, powerful, well-cultivated voice, and sings with much expression. She takes her notes carefully and distinctly, so that none of the effect is lost through missing the words.—Newmarket Express. Plan to hear her at the Town Hall Concert, Show night.

KEEPS THE KEY.—Mr. Ed Kress is in charge of the implement store rooms of agent A. B. McLellan in the absence of Mac. himself who is always on hand on Wednesday and Saturday afternoons at least. The plough season is on and he is ready for a big season in that line. A few more Daisy churns on hand will be sold under cost.

LARGE MODEL SCHOOL.—Wednesday last week Principal Allan faced 14 students ready for the Model School course and ten more expected. This is supposed to be the last year of the Co. Model Schools, but we imagine the authorities will have to retain many of them to cope with the scarcity of teachers prevailing. Already it is impossible to get supply for all rural schools, and the check on the supply caused by the year-long term of the new Normal school system will make matters worse.

The class this year is the largest for a long time, there being 23 in attendance as follows:

BOYS.
Peter Troy, Orchard; J. Bailey, Dundalk; Stanley Ferguson, Priceville; Chas. Farquharson and Arthur Welr, Durham.

GIRLS.
Jessie Farquharson, Rita McComb, Lilian Walker, Sadie Sharpe, Annie McGirr, all of Durham; Lizzie Aldcorn and Maggie Knox, Swinton Park; Alice Lawrence and Pearl Hopkins, Hutton Hill; Sarah McLean, Priceville; Hattie Lawrence, Vickers; Edith Dingwall, Hopeville; Cassie Troy, Orchard; Ethel Morrison, Varney; Ethel Greenwood, Edge Hill; Mary Wallace, Chesley; May Dixon, N. Egremont; Vasey, Dornoch.

Durham School Changes.

Tuesday last all the teachers, 10 of them, were on hand and began their duties. The very first day Miss McKerracher received a telegram offering her \$850 for a science position in an eastern High School. This is away beyond anything Durham could give, for though doing High School work the Board have only the meagre public school grants to fall back upon, so regretfully they allowed Miss McKerracher to go, she having procured a substitute, for a while at least, and that none other than Miss Forfar, who is so well-known and popular here. Miss McKerracher's work here has given great satisfaction.

Then there was the problem of housing the Model school confronting the trustees; several places were investigated but the solution at last was found in placing Miss Davidson of the Junior Department in the public Library building, while the Modelites occupy her room.

S. Grey Fall Show next week. Furniture Factory Picnic, Friday.

THE WHITE PLAGUE.—Read "Stereopticon War on Germs" in our Supplement.

"WON AT LAST."—The connecting chapters of this story are found in a supplement in this week's Review. Don't lose it.

Miss Manley delighted the audience. She has a splendid rich voice, and a pleasant, unaffected manner, which quite won the hearts of all. Her education is perfect.—Hamilton Times. In the Town Hall, Show night.

We are pleased at the action of many in reporting news items to us. Some we would likely never hear of but for this. Report all genuine news to this office: it will be highly appreciated and will make the paper more interesting.

The Furniture Co. intend holding their first annual picnic at Holstein Friday next, 14 inst., leaving by special train, one p. m. Fares, Adults 40 cts children 25cts, a good program of sports including Base Ball match, between a team selected from the directors and town council versus the employees, Lacrosse match, tug of war, Boat race, tab race and other races. Durham brass band in attendance. Everybody welcome, ladies are expected to provide refreshment.

ALMOST A CENTURY.—Monday last there was laid to rest in Priceville cemetery, old Mrs. McGillivray, mother of Messrs. Donald McGillivray, Glenelg, and of Mrs. Jas. Webber, Durham. She had reached the great age of 97 years, and has been for some years the very oldest person hereabouts. Rev. Mr. Farquharson conducted the services and many friends attended to render the last service to the aged pioneer, who formed a notable link between the past and the present.

IST DIVIDEND.—Last week shareholders of the N. P. C. Co. got their cheques for the first dividend paid by the company. Accompanying the cheque was the nicest, cutest little letter imaginable. It hoped it would reach the shareholders safely, conveying the gratifying information that the mill was running first class in all respects and expressed confidence that the management would have the pleasure of sending another dividend cheque this season. All in 43 words, and what more would you want. Congratulations to Pres. McWilliams, Secy. Maitland and the concern they represent on being privileged to issue a dividend and not from Rock cement.

Little Yellow Label.

We have this week corrected the mailing sheet up-to-date and ask as usual that irregularities or omissions, if any, be at once pointed out. We want to know. If you don't point it out it will go on indefinitely. Not pleasant to be told a year from now "my label's wrong." Not pleasant to ask you twice for money. Study that label and bring it up to end of 1907 anyway.

We have to thank a large number who have paid attention to the accounts we have sent out and have remitted or called with the cash. There are still some who have neglected this important business who may be reminded by this item.

To new subscribers we are offering the Review to Jan 1, 1907 for 25 cts. Send your name and amount in quick. Old subscribers are reminded that it will not pay to send their own paper to distant friends at that price. 18 will pay for it to end of 1907 to new subscribers.

MAY LOOK OLD.—Owing to our holiday last week some of our items may look old. However we will get things adjusted this week and next.

The Agricultural Society's first concert on Show Night, Sept. 20, promises to be a great success. As will be seen elsewhere they have splendid talent. Reserved seats 35c. Plan at Darling's.

Mr. Darling's infant child, left motherless at its birth, died August 30th at the home of his sister in law. The remains were brought to Durham on August 31 for interment.

THRASHING MACHINE FATALITY.—James McKinnon, son of Mrs. Duncan McKinnon, of Queen Hill, fell into the cylinder and his leg was torn off. He lived only a short time. He was a much respected young man and has cousins in Bentick.

PUBLIC MEETING.—A rousing meeting of the Farmers' Association will be held in the Varney schoolhouse on Friday evening, Sept. 28th, beginning at 8 o'clock sharp. H. H. Miller, M. P., will be present to give an account of his stewardship. Everyone is cordially invited to attend.

DON. McILVRIDE, Pres.

Hymeneal.

We beg to offer congratulations to Mr. Arch. McDougall, of Durham, on his marriage last week to Miss Smith, a relative of Mr. Search, of this town. The marriage was consummated at her home in Winchester and they have since been enjoying a honeymoon trip before taking up their residence here.

Also last week two of our well-known young people, Mr. Herbert Kearney and Miss Lottie Beaton joined heart and hand. The marriage took place in Toronto and after a time no doubt they too will extend upon our citizenship here. We extend to both couples a warm welcome and hearty good wishes for a future bliss.

The Standard Bank of Canada have engaged premises in Priceville and will open an office there as a sub-agency to Durham.

McMANNIS—McDONALD.

At the residence of the bride's uncle, Mr. Jas. Black, Oak River, Manitoba, on Tuesday, the 4th Sept. inst., by the Rev. George A. McKinnon, B. A., Presbyterian minister, Oak River, eldest daughter of John McDonald, Miss Christina A. McDonald, eldest daughter of John McDonald, South Line Glenelg, to Mr. Thos. Urvin McMannis, of the same place. The bride was given away by her uncle, Mr. Jas. Black. The young couple left for their home some seven or eight miles from the town of Oak River on the following morning to enjoy the happiness of married life in their new home in the West, with the best wishes of friends near and dear afar of and near at hand.

(The Review begs to add its congratulations. The bride is an amiable lady, a most dutiful daughter and loving sister in the home of her childhood and the many friends of her old home will wish her much joy.—Ed.

A Strong Quartette.

MISS MABEL MANLEY, Soprano, EVA CUTHBERT, Character Vocalist and Dancer, EDDIE PIGOTT, Baritone Comedian, MASTER HARRY RICH, famous boy singer.

An efficient accompanist. All the above, from Toronto with pipe music by Piper McArthur, of Priceville, at the concert in Town Hall, 20th Sept. Plan at Darling's. Get your ticket.

Liquor Case.

A case of alleged infringement of the Local Option By-law of the township of Egremont was up before Police Magistrate J. P. Telford on Monday. The complainant is nominally Inspector Davis, the defendant, Thos. O'Neal, who is the proprietor of the hotel in Holstein, formerly under license. Co. Crown Attorney Armstrong was prosecuting while A. G. MacKay was counsel for the defence.

About the middle of August Provincial Inspector Yeast with two detectives made a sudden call on the establishment and found evidence of unusual quantities of liquor. A keg of wine in the cellar from which a sample was taken was found to contain 14.1 per cent of proof spirits. There was also a barrel of cider and some other kegs, mostly empty, though the memory of the chief inspector cannot recall how many. There was whiskey in the kitchen, wine and cream sodas at least in the bar. Sales were made and admitted at 5 cents a glass, and there seems to have been all the conviviality that ever attached to drinking in a license room.

John Brown, Plumer Sterne, and C. Drumm, testified they had treated and been treated. The former admitted the wine made him sick, on the second it had no effect, while the last named had taken cream soda. They admitted receiving it over the bar, from a bottle, with no attempt at concealment from Mrs. O'Neal.

Inspector Davis testified that he had visited the place officially but had found no transgression.

The tug of war was between MacKay and the Provincial Inspector the latter making a very poor showing in the hands of MacKay. MacKay wanted definiteness, the other could not recollect, except on the result of the analysis and the presence of a keg of wine and a barrel of cider.

This seems to be a struggle between the opposing camps with the prospect that the temperance forces will insist and persist till they have rooted out every appearance of evil.

Mr. Telford, who had associated with himself Magistrate C. McKinnon, reserved the decision.

LACK OF MONEY

The lack of money has numerous disadvantages just the same as a Savings Bank account has its advantages. The latter removes the possibility of being found without funds in time of sickness or disaster—not to mention the added pleasure there is in living when you have money in the Bank.

The Standard Bank of Canada, Durham, pays interest 4 times a year on Savings Bank deposits of \$1 and upwards and invites your account.

LOOK HERE, FARMER

I had 250 acres of Good Land above Durham, well improved, with very fine buildings, advertised in the REVIEW for \$7500. I can now sell it for a good deal less and IT'S A BARGAIN.

Then I have a 100 ACRE well improved farm near Durham that I will sell VERY CHEAP or trade for other property. It's a soap. For considerably under \$3000 I will sell 100 acres in Bentick, with good soil, brick veneered and frame houses, large frame barn, frame stables and pig stables, good orchard. This is really a sacrifice.

I have also a great lot of other property for sale and a MILLION DOLLARS OF MONEY to lend at very low rates. I COLLECT DEBTS, carefully prepare all kinds of WRITINGS, sell C. P. R. Tickets to all points WEST and sell OCEAN TICKETS. Every kind of legitimate business attended to. Everything private. Our Motto: "Always prompt, Never Negligent."

Railway Notes.

Great activity is being shown in construction and if this should prove to be a good season followed by a mild winter the work will be ready for the iron by the spring if not before.

Ganges are at work east and west of the town removing timber, grading etc. At Priceville last week we saw the big steam shovel almost ready to begin and this time no doubt it has eaten a big hole in the big cut there. It will certainly need a lot of material to make the approaches to the Priceville bridge, which we were told would be 32 feet above the water.

We were indebted to Mr. Harris, the right-of-way purchasing agent for a fine drive out east. He completed on the trip the few purchases necessary to give them a clear passage through Priceville, and indeed the whole road is almost secured. Expropriation may have to be resorted to in one instance.

The delegation to Toronto composed of Mayor Hunter, Dr. James M. P. P. and R. D. McWilliams, along with similar groups from Chesley and Southamption met last week with Manager Leonard of the C. P. R. and discussed the proposal for a new railway line from Durham running north west to Southamption. They were cordially received and the promise made that a preliminary survey would be made this fall. With the line now under construction, extended say to Kincairdine and this proposed one to Southamption, the C. P. R. would have this north western corner of the Province suitably covered.

Another bunch of Italian workers arrived this week and are camping near Hutton's Hill.

WANTED.—10 apprentices to learn dress-making. Apply at once. Miss DICK.

LABOR DAY PICNIC.—The employees of the N. P. C. Company and their friends celebrated the holiday by an excursion to the lake, in improvised bus cars. At the lake there was an informal program of races, football etc. and of course there was the usual picnic baskets to discuss. On the whole they spent a pleasant day.

ORDER NOW.—Sample copies of the Weekly Globe and Canada Farmer, with the fine illustrated Magazine section can be obtained by request at this office. No city weekly is comparable to this in its many excellent features. With the Review only \$1.00 a year, 50 cents for both to Jan. 1, 1907, or if you do get the Review 25 cents for Globe alone.
