PRAYER.

We bless Thee, our Father in Heaven. for Carist's great message of the Fatherhood of God and the brotherhood of all men, and we pray that more and more that message may find its way into our hard and selfish hearts. Hasten the day when men ; and journalists, artists girls in busines shall not devote their skill and substance to the fashioning of engines of destruction and death. May the promised time speedily come when men shall beat their swords into ploughshares and their spears into pruning hooks, and the nations shall learn the arts of war no more.
