PERSONAL MENTION

Miss Maud Caldwell has lately returned home from nursing.

Mr Val. Hahn went on a business trip to Orangeville Tuesday.

Mr John Scott, Toronto, was visiting his old home in Upper town lately.

Miss Gettie McLeod was a guest of Miss Mary McGowan over the week end.

Mr Harry Burnett who went west on one of the excursions came home this week.

Mr and Mrs John Townet and little son Cecil are having a week's holidays in New Orleans.

Mrs Brown and daughter from Mich. are visiting at her daughter's, Mrs Thos Brown at present.

Mr Jno Watt we are sorry to say, is down with typhoid fever, but we hope he will soon be on the mend.

Mrs (Rev.) Newton is a delegate to the Provincial Convention of the W. C. T. U. in London, this week.

Mrs Herb Ball returned to Dundas on Tuesday morning, after an extended visit to her parents, Mr and Mrs C. Brown.

Mr Harry Boyce of near Crawford who has been seriously ill with pleurisy and typhoid fever, is now convalescing.

Dr Edward Courts, brother of Mrs Farquharson who has been in Europe for some time arrived at the manse last Wednesday and is a guest there.

Mr and Mrs (Rev) Farquharson are this week entertaining a cousin of the former and his wife, who are lately from Manchester, England, but now of Bradford, Ont.

Congratulations to Mr and Mrs Ed. McClocklin, who last Wednesday were united in wedlock and to-day are taking their places as citizens after a brief honeymoon tour.

Miss Addie Twamley the little daughter of Mr Geo Twamley, last week underwent an operation for appendicitis in Fergus Hospital and all are glad to know it was successful.

Mr Thos A. Harris has been appointed a Customs relieving agent by the Dominion authorities. The appointment will necessarily take him from home as his work will be at various points. We congratulate him and the authorities too. He goes on duty next Monday.

The engagement is announced of Miss Lena Maude Forfar, B. A., recently of Durham, to Alfred Kennedy, M. A., of Prince Albert, Sask. The wedding, which will be very quiet, is expected to take place at the home of Mr and Mrs A. W. Urmy, Dayville, some time during the Christmas season. The above from last Saturday's Globe is not altogether a surprise here. We extend hearty anticipatory congratulations. Miss Forfar has won golden opinions in Durham for her scholastic abilities and numerous good wishes will follow her.

The Standard Bank of Canada, Durham, pays interest 4 times a year on Savings Bank deposits calculated from date of deposit.

Miss Jean Ireland, who has been in poor health for some time, underwent an operation for appendicitis last week in the Western Hospital, Toronto, and is progressing nicely since.

GOOD FELLOWS.!--Very many men attain a wide reputation within the male circle of their acquaintance of being "good fellows" when the men themselves know that it is undeserved and that the term "bad fellows" would more nearly fit their case. Of course there are those upon whom the name--far more than the world at large know of--who are in truth good fellows in every sense of the word, but it is a fact, nevertheless, that in numerous instances the designation is applied to men whose only title thereto is won at the cost of disquiet and anxiety at home and among friends and a possibility of broken hearts and lives. It is a pity that from merely the selfish standpoint a young man cannot afford to be known as a good fellow, as the term is commonly understood, much less to be one. In its proper sense of being an agreeable companion, everyone should endeavor to be such and the first place in which to show this good fellowship is the home.

S. S. NO 1, NORMANBY. 4th--Arthur Backus, Willie McAlister, Willie Wallace, Ananias McAlister, Sr 3rd--Minnie Keller, Mary Backus, Lizzie Burns, Albert Keller, Jr 3rd--Myrtle Caldwell, Bettie Morice, Arthur Morice, Tommy Wallace, Dinah Thompson, James Marshall, Sr 2nd--Grace Mountain, Mary McAllister, Neila Marshall, John Kerr, Henrietta Keller, Elmer Fee, Walter McAlister, George Webber, Jr 2nd--Jean Morice, Leslie Morice, Harry Caldwell, Melville Morice, Annie Deon, Pt 2nd--Mabel Wallace, Stanley Mountain, Sr Pt 1st--Arthur Mountain, John Macer, Jr Pt 1st--Bella Morice, Janet Mountain, Dawson Marshall, Adeline Marshall, Lisetta Baer, J Burns, Pt 1st A--Maggie Petty, Katie Kerr. S. 4th--Beatrice Simpson, Maggie Morley, Alex Turnbull, Morrison Smith, Bella Ray, Sr 3rd--Addie Twamley, Jr 3rd--Donald Ray, Annie Stewart, Geo Ledingham, Isabella Turnbull, Lizzie Smith, Sr 2nd--Katie Smith, Katie Stewart, Vina Mortley, Peter Mountain, John McGilvray, Pt 2nd--Carrie Mortley, Willie Smith, Harold Ledingham, Cecil Twamley, Stewart McGilvray, Sr 1st--Robbie Mortley, Donald Smith, Mary McClement, Wilfred Black, Geo. Noble, Jr 1st A--Willie Mountain, Nellie Smith, Willie Vaughan, Jr 1st B--Annie Mountain, John Locheed, Martin Coffield, Geo Vaughan.

Fall work against insects

The time of year has now arrived when most of our insect pests have ceased their active work and are withdrawn from observation and consequently most people come to the conclusion that the season's fight is over and that nothing need at present be done. But this is very far from being the case. There are many destructive insects that can be more easily dealt with now than at any other time of the year.

First and foremost the Pea-weevil. The losses from this insect have been very much lessened during the last two seasons in Ontario, but this does not mean that we have got rid of the trouble. Peas intended for seed should be at once treated with bisulphide of carbon which will kill every one that is exposed to its fumes. The method is familiar enough; put the peas in an air tight cask or bin, and place in an open pan on top of them an ounce of the bisulphide to every 100 lbs. of peas (a bushel weighs about 60 lbs.) cover up tightly and leave for 48 hours. Then open up either out of doors or where there is a thorough draft of air; do not allow any fire or light to come near it, as the vapor is very inflammable and explosive; every weevil or other insect among the peas will be dead and non-interested seed will be available for next year. The same treatment should be used for the Bean-weevil, which is a serious pest in some parts of the province.

In addition to this treatment of the peas themselves, the pea-straw and rubbish should be cleared up and burnt and all refuse where threshing has been done should be similarly disposed of. This will destroy any weevils that have already come out and are hiding away for the winter. It will pay to do this whether the insect is known to be present or not.

This brings us to the next important matter, namely clean farming and gardening. All sorts of insects find their winter quarters in refuse. Many that infest grain take refuge in the stubble, others are sheltered by loose rubbish, others again hide in tufts of grass, among the weeds in fence corners under bark, wherever in fact there is shelter of any kind. Now is the time to turn them out and expose them to the frost and wet. Clean up and burn weeds of every kind, this will destroy many seeds as well as insects. Leave no heaps of rubbish anywhere. Gather up and add to the manure pile the leaves and stalks of roots, potatoes, etc. Plough up old pastures that are infested with white grubs or the larvae of Rose beetles. Scrape the rough bark off the trunks and limbs of fruit trees, but this may be done later on in the winter. By keeping the farm, the orchard, and the garden clean, myriads of insects will be prevented from finding on the premises and will either perish or go somewhere else for a hiding place, and thousands more that are in the egg or chrysalis stage will be destroyed. Many, no doubt, will think all this too much trouble, but if they faithfully try it, they will soon find that it pays.

THE BIG STORE

Just a Little Talk About Clothing and Furs.

Men's & Boy's Clothing
