Young Man! If you are thinking of getting married, start right by securing your license from A. DAVIDSON, Durham

"Could the consumptives of any given community be seen at one time, or pass in panorama before the people, public consciousness of the magnitude of the affliction might be aroused. A physical disaster shocks the world and lets loose the sympathy of millions. A few thousand deaths are nothing as compared with the deaths from consumption." LAWRENCE F. FLICK, M. D., Medical Director of Henry Phipps Institute for the Study, Treatment and Prevention of Tuberculosis.

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

Other hospitals refuse the consumptive. This institution cares for them. Not a single applicant has ever been refused admission to the Muskoka Free Hospital for Consumptives because of his or her poverty.

Seven hundred and thirty-eight patients have been cared for since the Free Hospital was opened in 1902. Take a week's record:

63 patients in residence; 37 absolutely free, not paying a copper toward their maintenance; 15 paying 50 cents a day or less; 5 paying \$4.00 a week; 4 paying \$5.00; one paying \$7.00.

These figures tell plainly of a large deficit on maintenance account each month. To cover this the trustees are dependent upon the contributions that come to them from friends in all parts of Canada.

Not since the days of George Muller has so great a work of faith been carried on.

Agricultural and Horticultural Societies.

As the dates for the annual meetings of Agricultural and Horticultural societies are near at hand, our readers will doubtless be interested in learning something of the laws that will govern the procedure of these organizations.

The new laws come into force on February 1st, 1907, but the next annual meetings of these organizations will be held on the dates fixed under the old Act, viz: Horticultural and Township societies on January 9th, and District societies on January 16th, and the usual two weeks notice must be given in local newspapers together with bills posted in places of common resort.

In future, societies will no longer be known as "District" and "Township," but every society in the Province will be placed on the same basis in regard to the government grant, and will receive such grant in proportion to its expenditure for agricultural purposes during the past three years, as shown by their sworn annual statement to the Department of Agriculture. A definition of what may be considered "Expenditure for Agricultural Purposes" is given in the Act.

Societies will be known by the name and place where they held their last annual exhibition unless they prefer some other, then the name must be determined by the members thereof, and approved by the Minister of Agriculture.

Under the new law it will not be permissible for Horticultural societies to offer prizes for competition at exhibitions held under the auspices of agricultural societies. These last named organizations, however, may use their own funds for the offering of prizes for horticultural exhibits.

Hereafter no prizes can be offered for grade male stock. Spring station and cattle shows shall receive a special grant equal to one-half the sum expended, but such sum shall not exceed \$50. Where seed fairs are held the maximum grant shall be \$25.

Societies investing in horses, cattle or swine, for the improvement of stock will receive a grant ranging from \$50 downward, for each maximum registered male animal in these classes.

No society shall be entitled to receive a grant exceeding \$500. Under the new Act restrictions in regard to the conduct of games of chance have been made more stringent.

The annual meetings to be held in January of District, Township and Horticultural societies, which for the last time will be convened under the old Act, will be the most important ones in the history of these organizations. All who are interested in making of practical importance the educational features of these societies, and in proving the quality and quantity of the products of the farm, factory and garden, should attend these meetings on January 9th and 16th.

Copies of the new Act governing Agricultural societies may be had on application to Mr. J. Lockie Wilson, Superintendent of Agricultural and Horticultural Societies, Parliament Building, Toronto.

Boothville.

For a length of time our burg has not been heard from, but now as the winter is coming on the stress of work has somewhat slackened and we hope to be able to continue as formerly.

We feel considerable interest in the new railroad and especially since we hear the woodman's axe near by. The Co has purchased part of Mr Kinsman's bush and are busy working there, employing a number of men.

We regret to state that Mrs D Ferguson is not improving in health as we would like to see.

This community extends sympathy to Mr and Mrs S Kinnel in their trouble and affliction. Their youngest son Murray died of diphtheria and three others are afflicted but are recovering.

Messrs McKenzie and Lawrence are drawing hay from the farm of Mr Jno Ferguson to the home of the former, Bentinck.

This is the season of Christmas entertainments. Swinton Park Presbyterian church holds its annual Xmas Tree on Thursday, the 20th. A good programme is being prepared by the scholars of Swinton Park and Boothville schools.

Mr Wm Marshall has been appointed as our mail carrier for the next term. He will become a resident of our town.

Miss Ella Wilson, daughter of Mr and Mrs Noble Wilson, left for Regina, Sask. on Tuesday last week, where she will be joined in wedlock with Mr Murdoch, a prosperous young farmer. Ella will be missed here, but some one else gains by our loss. The bride-elect received many handsome gifts ere leaving. We join in wishing them a pleasant journey through life.

Mr Archie McLeod, of Carman, Man., called on friends here. School closes this week for Xmas holidays. A public examination and program will be held on Wednesday afternoon.

Miss Isa Campbell has been engaged to succeed Miss Spence, who leaves for her home near Ferguson. Blythe's Corners.

Mr Wm Stewart intends erecting a fine brick house next summer and has had teams drawing the brick from the brick kiln in Durham this week.

Mr John Thompson seems to be the only man in the neighborhood to be making money this winter. He has secured a lot of valuable mink and fox skins already and yesterday we saw him walking home with another fox over his shoulder, and needless to say John's head was well thrown up in the air.

At the meeting held in Watson's schoolhouse on Dec 3rd to nominate a candidate for the Township Council of Normanby, Mr Richard Barber was the lucky man. Mr D Leith was also nominated and was also Mr Thos Wallace. The latter would have been the unanimous choice but positively refused to accept. Mr Leith would have stood a good chance for choice but resigned in Mr Barber's favor. We have no doubt if Richard gets a going that he will be elected, and if so will do his part alright without doubt.

Miss Dawson, our popular teacher, has been in Durham the past three days writing on her exam. We hope she has succeeded, for if not our trustees will be out of a teacher.

Mr Samuel McGowan has gone to winter with Mr John Collins in Holstein.

Mr Jas McIlverrie, D Leith, T Gadd, R Morice, R Barber, and Colin Blyth all took in the Fat Stock Show in Guelph this week and have wonderful glowing accounts to tell of this rising institution.

We were well pleased to see the Blythe Cor. taken in tow by your Dromore chap last week. From what we know of this Blythe cor. we have no hesitation in saying he's a bad un, but to tell the truth Mr Watson's motion did appear to be "out of joint."

Mr Alex Dunn, of St Joe, who has visited his sister, Mrs McIlverrie, the past two weeks, left on Wednesday for Guelph to take in the fat stock show and visit his many friends in and around the Paisley Block.

There are a few practical sympathizers with the Farmers' Association in Durham but we want to make special mention of that good old veteran, Mr Jas Calvert, who last year and this year has made a contribution to help on the cause. It is just such men as Mr Calvert, who although in advanced years, still maintains that dauntless spirit of reform that really encourage and inspires one in the battles and undertakings in life and our prayer is that the old gentlemen may be spared to see the Farmers' Association become a great power for good in our fair land. At the annual meeting of the Farmers' Association a hearty vote of thanks was tendered the Review and Chronicle for their free use of their columns in the several notices appearing from time to time and a copy of resolution be forwarded to both editors.

Telegraphy is the first step towards positions paying \$1000 to \$150,000 per annum in railway service. You can become a good operator in 6 months if you study in The Central Telegraphy School, 3 Gerrard St. E., Toronto. The finest school in Canada. Write for particulars. W. H. SHAW, Prop. T. J. JOHNSTON, Prin
