Civil Service Reform

In advocating a non-partisan civil service, Mr Graham is on strong ground. The case is not fully stated when it is said that the present Government has shown weakness in surrendering to the spoilsmen.

The point to be borne in mind is that the civil servant, if left free from partisan interference, desires and strives to do his duty. Even when a man has been appointed for party reasons it is found that when he feels himself confronted with new conditions he tries to adjust himself to them.

The Telephone Company in Toronto has yielded to the force of public opinion and modified the eight hour day they threatened to put on their employees. The limit now is a seven hour day in four periods.

Crawford

A very pleasant event took place at the home of Mr John Gray on 8th inst when his eldest daughter Maggie was united in the holy bonds of matrimony to Mr John Wylie. The bridal party took their places under an evergreen arch at precisely half past five, when the solemn vows were taken and Rev Mr McDonald pronounced them man and wife.

Hopeville.

Proton Council has had two meetings, the last one was held in the Queen's hotel, and a large part of the day was taken up with a drain of last year, not settled by the old council.

Hampden

Mr John Cooper had the misfortune to slip and sprain his ankle a week or two ago. We hope to see him out again in a few days. Miss Minnie Whiteford is home from Toronto nursing a broken arm.

Review to Jan. 1, 1908

The Guild has had a reawakening and for the future expects to have regular meetings. Feb 26th they promise a debate on "Resolved that we learn more from experience than from books."

Dornoch.

Mr. Editor.—It is now some time since the events of this lively burg have been chronicled in the local papers, and as your correspondent is alive and enjoying this beautiful winter we thought it would be in accordance with the spirit of the times to advertise this romantic villa to the outer world once more.

We had a pleasant chat with Mr Archie McDougall, an old Dornoch man, who called on his many friends in the burg a few days ago prior to his departure for B. Columbia. His presence was a forcible reminder of youthful days, when every truant knew the weight of his avenging rod.

Mr. A. J. MacCallum, teacher of S. S. No. 4, spent a week on a business trip to the Queen City. During his absence the academy was successfully conducted by Mr. Angus McIntosh. Mr. Wilson, of Markdale, installed a fine new organ in the Presbyterian church on Saturday last.

Mr. Robert Nichol, of Rockwood, son-in-law of Mr. Duncan Campbell, of Bentick, was in the community last week and purchased a carload of fine stock, which were shipped by G. T. K. from Durham on Wednesday last.

Miss Nellie Vasey, one of our winsome young ladies, is attending High School in Ye Edtor's town. May her efforts in the mental realm be crowned with success.

A box social will be held in Latona school house on Thursday evening, Feb. 28th. The popular teachers, Miss McDonald, and the young people of the section are sparing no pains whatever, and if systematic preparation counts for anything this should be the best entertainment of the season. Come one, come all, and be convinced that the dramatic talent equis that of Irving or Shakespeare and hear an exhibition of wit and humor that would make Mark Twain red with envy.

One of our prominent burgers not one thousand miles from here had a successful auction sale one evening recently. The commodious dwelling was filled to overflowing with a throng of purchasers to whom money was no object, quality alone being considered. Junk, washboards, do-cakes and other miscellaneous products of commerce were sold, and the hum and roar of business activity during the whole period of distribution was as stupendous as the din in a broker's office on Wall Street when stock had fallen 10 per cent. before par, and when the whole commotion was over there was only one whole nose left in the party and that belonged to the tea-kettle.

There seems to be a lot of sickness around here lately. Mrs Donald McKeelnie has been very poorly of late, hope she will soon be around again. We are pleased to state Miss Kate Brown is somewhat improved, also Mr Sandy Campbell. Miss Agnes Supraanti we are pleased to state has been able to be out for a drive, we hope she may have the pleasure of having many more drives. Colds and La Grippe are raging just now. Miss Kate McDougall spent Sunday at home, she was accompanied by Mr Jim Sunpton. Mr Menk intends having a sale Monday Feb. 25th. Miss Minnie Twamley spent the past week visiting the Searf family of the Reeky Saugeen.

Proton Council has had two meetings, the last one was held in the Queen's hotel, and a large part of the day was taken up with a drain of last year, not settled by the old council. Another meeting will be held in the near future at Proton station to accept a new petition to drain Proton Station.

Some of the fighting party had our Reeve McArdle up to Owen Sound trying to disqualify him but they failed, he stands solid on both feet. Considerable sickness here this winter, Wm Burnett's family have been ailing for some time past but is improving. Preparations are making for the annual tea in the Esplin churen.

—Alberta is to have two more members and Saskatchewan five in the near future. Such are among the plans of the Liberal Government and such is the growth of the West, soon to be immensely added to by the annual spring rush from the south and the east.

Dromore.

At a meeting of Saugeen Pres. held at Mt Forest on Tuesday last, the call to the Rev Geo Kendall by the congregations of Amos and Knox Nor. was sustained, the induction to take place on Tuesday the 26th at 2 p. m. at Amos church.

The moderator Mr Little will preside, Mr McNamara will preach, Mr Farquharson will address the minister and Mr McInnes, Cedarville, the people. Refreshments will be served at the close.

Miss Mariah Brown from Spry was visiting around the home of her childhood last week and still retains her youthful appearance and vivacity.

Mr Jonty Long has again lost another horse, by getting down in the deep snow. The bone yard at the corner is unfortunately filling up.

Miss Nellie Kinneil was a welcome visitor at her friends Miss Grace Reid last week.

Miss Ella Renton visited Miss M. Reilly, Priceville last week, bringing the latter back with her for a week's stay.

Messrs Wm and Thos Brown with their wives visited at Wm Leiths Sat. last.

Miss Ida Lester is home from Toronto on a short visit to her parents before proceeding west to assist her brothers there in house-keeping.

Mrs Wm Hay is at present visiting her sister Mrs D. McColl in Proton, who is laid up with pneumonia.

Some horses will, when allowed free rein, find their way home to their own stable, not so with Gordon's which found its way into a friend's stable which is better than getting it to a pond.

This reminds us that another horse was prevented from getting home through being tied up in the church shed Sunday last. The owners after service preferred to walk home, owing we suppose to absent mindedness, through elation of recent appointment as a Township official on the one hand and a little touch of amorousness on the other, or perhaps the mental contemplation of the sermon they had just heard. We have a local option township, it can't be that.

Mr Geo Bruce has been on the sick list, through over exertion, consequent upon losing his way one night lately.

Andrew Pinkerton is home from Spanish River where he had been working on a landing there, and is nursing a broken arm got from a canthook thrown at him by a brother-workman.

Wm Phelps has rented his farm to the Hopkins boys, intending to go west on a visit in the summer.

Horses are wonderful good stock to have for sale now. Mr James Leask and Mr James Geddes, both disposed of one last week at top prices.

Mr Wm Hay is busy preparing the manna for the new minister, by way of papering and painting it.

A quiet little wedding took place last Wednesday at the home of Mr John Stephenson, when his daughter Edith was united to the man of her choice Mr Gardner of Craig, Sask. We wish them a long and happy life.

Miss Lizzie Loughton is visiting at Mrs Wm Stephenson's at present, near to nature's heart.

Miss Hattie Watt is on an extended visit to home of Mrs Swanson at present.

The funeral of the late Mr Samuel Cooper near Yecyl took place to Amos churchyard on the 18 inst. aged 79 years.

Mr Wm Isaac's sale was largely attended and prices generally good. We are pleased to report that Mrs John Garson, Jr, is improving nicely. Hope to see around soon.

A Check to Everything

Human beings in general and Ladies in particular object to being checked, but even the latter must submit to it next season or suffer the penalty of being "Out of the Fashion!"

Checked and Plaid goods are the correct thing. We have a nice assortment in already and more ordered. Part Wool Dress goods in checks, at 20c and upwards Gingham, Muslin, Cashmerettes at 15c per yd Fancy Plaid goods, double width at 25c per yd.

It will be to your advantage to see these goods. Having purchased our cotton goods early we bought at old prices and customers get the benefit. We are much better prepared for the Spring Trade than we were last year. Call and note improvements in our stock.

Quality at Just Prices

We hear a good deal about low prices these days, but low price means nothing unless it includes high quality. We do not believe in selling inferior goods, or in making a low price on one thing in order to make an unfair profit on several things.

Quality considered, our prices are uniform and alike to everybody.

Honor the Pioneers

The item below is from the Vandeleur correspondent of the Standard, and we think it outlines a most fitting way to commemorate the fathers who fought with the forests and laid the foundation of the present prosperity. In many places in S. Grey permanent memorials might be erected which would be a good deal more than a memory of the past. We invite correspondence on the subject, The item reads as follows:

A meeting of the sons of the early settlers of this neighborhood was held at the home of Mr Geo Waring one evening last week, when it was decided by them to erect a monument on the school ground, with proper inscriptions and all the names of the pioneers who formed this school section. 'Tis but a fitting tribute to those brave men who came into these wild woods and underwent all the hardships of pioneer life that their children might enjoy the fruits of their labor.

Must Have Room

To make room for our new stock of AMERICAN and CANADIAN wall-papers we must sacrifice our present stock. Our racks will only hold so much and we must have the space. For 30 days we will give one third off. All our papers are marked in plain figures and we still have some beauties. Remember a saving of one third. It will pay you to paper now.
