H. H. MOCKLER
THE HOUSE OF QUALITY.

TOWN TOPICS

Millinery openings at S. F. Morlocks on March 27 and 28th and following days.

Mr. Simon Young, chief engineer at the Cement Works, has moved into the front part of the Black residence, upper town.

The well-known Geddes farm on the 18th Con. of Normanby has been sold, we learn from the Advance, to Mr. Alex. Anderson, an ex-reeve of Brant.

Assessor John McDonald, of Glenelg, passed through town on Monday working up the gravel road. He expects to be through by Friday of this week.

TURNING MONEY QUICK.—Mr. Wm. Black has just shipped another handsome horse. He bought him from Mr. Ed. Dorsey, Traversburg, for \$185, and after feeding him on International Stock Food for five weeks sold him to a gentleman in Toronto for \$300. International Stock Food must be a valuable article.

ON THE MOVE.—Saturday last six cars of settler's effects left Holstein, and more would have left had there been cars. Included in the shipment were 40 horses. The same scenes are seen here and the same delay in cars. The drain of men money and material from old Ontario must certainly be fertilizing the West.

A RAT IN A GRAVE.—We have been credibly informed that gravedigger Saunders, of the new cemetery, had an unusual experience a few days ago. While digging a grave a rat appeared upon the scene, and though attempts were made to kill or capture it, it made its escape,—just where we don't know. There is something gruesome in the thought of rats revelling in a graveyard, and we hope this specimen had in some way lost its bearings and won't be heard of again.

AGED WOMEN PASS AWAY.—Last week Mrs. Lunney, Bentinck, passed over the bar, only about a week intervening between the death of her son, recorded last week, and her own. She was about 90 years of age, and had long felt and shown the infirmities of old age. Of still greater age was Mrs. Mary Caldwell, of south line, Bentinck, whose years numbered 98. She was a sister to the late Mrs. Dennis McFadden, and hence aunt to John, William and Thos. McFadden, of this part. A son and daughter survive her and a number of grandchildren. On Monday in Toronto Mrs. Featherston Oler died in her 101st year. She was the mother of the distinguished men of that name, and long exceeded the chloroform age of 90 made famous by Dr. Osler, her son.

The editor of this paper would be the last man on earth to knowingly say a word to hurt the feelings of any of its subscribers or citizens, especially at a time when the dark winged messenger of death has brought sorrows to the home, but from the best of motives we desire to call the attention of our readers to the custom of publishing "cards of thanks." It is a custom that has outgrown its purpose, if it ever had one. When sickness and death comes to your home it is only natural that your friends and neighbors should do what they could to assist you. They would be heartens if they did not. They know from the expression of your face that you are thankful and deeply appreciate all they do, and it is not necessary to rush into print and tell the world that your neighbors were kind when you were in trouble. The reading public are becoming tired of the old stereotyped "card of thanks." You can express to your friends, by a look or word, your thankfulness in a more impressive manner than you can in a column of cold type.

Grand Millinery Openings. Miss Dick takes pleasure in announcing her 18th Semi-annual display of Patterns Hats, French Novelty, Straws, Chips, Leghorns, Ladies' Bonnets and Children's hats on Wednesday and Thursday March 27 and 28. She extends to all a cordial invitation to be present on that occasion.

NEW LIEUTENANT.—As a result of the visit of Col. Rotke last week, No. 4 Company is to have two lieutenants, in the persons of Dr. McLaurin and Mr. E. Wolfe. They will no doubt qualify before long for higher positions. We hope No. 4 Com. will this year make the best showing it has yet done.

IMPROVED CLOSETS.—At a special meeting of the School Board on Monday evening it was decided to enter upon the work of providing modern closets and a flushing system for the school. Excavations are to be made under the east half of the building making two commodious apartments for the sexes, and measurements and levels taken by Mr. J. P. Telford prove there will be full enough for drainage purposes to a cesspit in the neighborhood. It was also decided that a gong be procured for the use of the school in giving practice in fire drill, recent events proving the usefulness of such drill in times of emergency.

At the last meeting of South Grey Temperance association, held in the Methodist church here, the decision was come to, we believe, to begin making preparations for a vote on local option next January. One of the steps in preparation is to take the shape of an invitation to Mr. Marter, of Toronto, to address a mass meeting here in the near future. We would like to hear this well known gentleman, who is a prominent and leading conservative, but more devoted to temperance reform than to the interests of the party.

Next year there promises to be an acceleration of the movement against the bar room, and a growing feeling is undoubtedly prevalent that, if it must exist it should be separated entirely from the legitimate business of hotel-keeping. There is also a movement noticeable even in the legislature seeking for the issuing of licenses to hotels as hotels, excluding all liquor privileges.

Slowly but surely the doom of the liquor traffic approaches. In its fall it will here and there entail hardship but the sum of human misery will be greatly lessened.

LIKES MUSIC.—Markdale council passed a grant of \$150 to the citizen's band for 1907. The band is to play on the street one night a week during the summer and to play for one garden party for each of the religious denominations, if required, free of charge. Has Durham done anything in this line? We all like music, but instruments and practice can't be kept up for nothing.

NOTICE
The annual meeting of the South Grey Rifle Association will be held in the town hall, Durham on Thursday March 28th for the election of officers and transaction of other important business. All members are requested to attend, others interested in Rifle shooting, welcome.

Address and Presentation

Wednesday evening last Mr and Mrs Thos McComb, Bunnassan, were waited upon by over fifty of their neighbors and friends, who in the course of the evening gave them a piece of their mind as well as something more substantial. The occasion was made in view of their early removal to Durham of the honored hosts who have sold their farm to a brother of Mrs Wolfe's of town, Mr. Poole.

Bunnassan people are never at a loss how to spend an enjoyable evening, and this was no exception: games, music and friendly chat filling in the fleeting hours. At an appropriate time the presentation of a couple of upholstered arm chairs was made.

Mr Wm Young in a representative capacity made a full and fervent speech, expressing the warmest regards for their departing neighbors and recalling their usefulness in the past, in social and church life and in the practice of every neighborly virtue.

An address was read by Miss Edget, and it breathed affection and regret at losing them, but giving them well wishes for the future.

Mr and Mrs McComb and daughter Leah intend to move into a house of Mr B. Sharp's, lower town, and having bought a building lot off the old McComb property intend to erect a house on it this summer.

Following is the address:
Dear Mr and Mrs McComb:—

It was with deep regret that we learned of your intended departure from this neighborhood, and we take this occasion to meet once again with you, to enjoy a social evening before you leave us for your new home.

For many years you have lived amongst us as kind and obliging neighbors, ever ready to sympathize and help us in our sorrows and share with us in our joys, nor can your interests and assistance in every good work be forgotten by us, who always found you willing to give your hearty support to everything tending to the welfare of this community.

In view of these facts, we cannot let this occasion pass without showing to you our appreciation, and ask you to accept these chairs as a mark of the esteem and respect with which you are held by your many friends here. We trust that among new friends you will often think of the happy days spent at Bunnassan.

In closing we hope your efforts may be crowned with success in your new sphere of labor and that God's blessing may rest on you and your family.

Signed on behalf of your friends and neighbors, Chas H. Kennedy, Allan Bell, A. McArthur, Katie MacFarlane, Maggie McFadden, Dan McCormick, Amy I. Edge.

Another token of Good Will
One of those little surprises that leave pleasant memories with all concerned took place at the home of Mr and Mrs John McMeekin, who were completely taken by surprise, when about forty-five of their neighbors and friends called on them one evening and after a splendid program of music, singing, etc., the following address was read by Miss Sadie McCuaig:

Top Cliff, March 15th, 1907.
To Mr and Mrs John McMeekin.

Dear friends and neighbors:—During your short stay of about four years amongst us we can cheerfully say that the bonds of friendship and confidence between us have always been growing and increasing in strength.

We cheerfully attribute it all to your straight, forward and honorable characters it being plainly noticeable that you were ever ready to do better to others than you wished for yourselves in return, and as it has been by your actions you have won our esteem and confidence we think it appropriate on this occasion to let our words be few and present you with this Sugar Bowl, Spoon Holder and Carving Set, as a small token of our esteem for you and as a remembrance of us, while it is needless to say, that we regret, you leaving our midst. We all join in wishing you and yours best of blessings through time and eternity.

Presented on behalf of Mr N. McKinnon of your neighbors (Mr T. McDougall)

They very appropriately replied to this saying they had done nothing to merit such good will, but strange to say there was not one in the company believed this part of the reply but themselves, and after a general good time and luncheon provided by the thoughtful ladies of the company all dispersed to their several homes in the "we sma' hours of the morning singing softly:

"Behold how good a thing it is and how becoming well, for together such as brethren are in unity to dwell."

Only wind is needed to spread rumors, but for reliable news you must read your home paper.

BUSINESS LOCALS.

Our stock for this Spring is all as we had a very large wall paper trade last year which cleared up our stock and for this season we are showing everything brand new in WALL PAPERS. We guarantee to sell you the brand new goods cheaper than you will pay elsewhere for old stock. We show you the very latest Patterns manufactured by the Menzie Co. of Toronto—called the Menzie Line. We show you the very latest patterns manufactured by the Watson Foster Co. of Montreal also; these are the very best M.F.'s in Canada and again we show you everything that is new and up-to-date manufactured by Janeway and Carpenter, the largest manufacturers of Wall Paper in America.

Handling these three lines we have the strongest line of Papers ever shown in this part of the country.

Come and see the new goods—it will pay you well.

Big Stock of Silverware just opened up.
