Lord's Day Alliance

Monday evening in the Pres. church Rev J. S. Shearer gave a most lucid and interesting account of the fight for the Lord's Day Bill in Parliament.

But the Senate turned it down when sent there, (the railroad interests being stronger there), and Laurier had to use his influence before they passed eight out of ten of its clauses.

BIG STORE

HARDWARE!

A stirring event occurred in this Department yesterday---

A customer was purchasing a shovel. He saw a certain kind of fork that was marked down to 60c. He says, "you charged me 80c for the same fork last fall and now you are selling at 60c." What does this mean?

Of course we had to explain to him that we had just gone through the tools, cutlery, guns and especially the necessary articles for farm use at this season of the year and cut the price on many lines less than wholesale and intended selling hardware at prices that would pay every man needing anything this line to come to the Big Store and see what we are doing in this department.

It will soon be time to paint the floors, the chairs and woodwork in your house and perhaps the outside needs a touch up.

Don't forget that we sell the famous Hollywood Paint and have a full supply of all colors.
