Highest Price for Produce of all kinds.

Taylor & Co., Dromore

Priceville

If March came in mild it went out kind of cold and wild for Sunday was a bitter cold day and what would have formed a good winter day in January or February.

Snow all gone, some were ploughing during the past week. Roads were desperately bad all last week more especially back lines. Water was very high and our mill dam in this town was in danger for a day or two, some slight damages were done but if nothing more will occur it will all be safe.

The bridge on the town line north of town here made a clean sweep one night last week and may have landed in Durham by this time, fortunately that no accidents happened as people were crossing it with rigs till the evening before it went.

We are pleased to see Mr Dugald McCormick able to be around again after a severe attack of sickness for the last few weeks.

Mrs Don Graham is taking Easter holidays visiting friends in Toronto and other points before returning.

Miss Margie McDonald, teacher at Calderwood is spending her Easter holidays at home at present, also Miss McCosh, teacher of Top Cliff school is under the parental roof at present in the city of Owen Sound under the training of her mother for one week, when she will again have to resume her duties at the Cliff.

Mrs Rose and two daughters of Bruce are at present visiting Mrs Ross' mother, Mrs McIntyre. The occasion of their visit was attending the marriage of Mrs Ross's sister, as will be seen elsewhere in this issue of the Review.

The two Arch McDonald's, cousins, left last week for the West where they intend to remain for some time before returning.

Mr Malcolm McInnes of the Durham road, Glenelg has become a resident of our town.

A large gang of men are at work at present under the supervision of Mr Alex McLean who is moving Mrs Butler's large stables across the street behind the hotel. The work is progressing kind of slow but as Mr McLean is quite an expert at the work there is no danger of being a failure. The building stands now right lengthwise across the street but a few days more will bring it all right to its place. A large quantity of ties are piled up at the mills here, now ready to take away.

Mr John McArthur, Jr student, Toronto, is spending his holidays at the old home of his father Mr John McArthur, merchant of this town.

Work on the railroad will be commenced again this week, head foreman Murchie is making the necessary preparations for a good start in a few days. Mr Murchie is a gentleman who knows his business to perfection. Consequently the work will be progressing faithfully under his supervision.

Mr Donald McDonald of Cheyenne, Rocky Mountains, writes to his cousin, Mr Donald McDonald, teacher, stating amongst other things that he sold 456 horses since last fall for \$18000, and 8 car loads of steers which netted him nearly ten thousand more. Mr McDonald is a brother to Mr Robt McDonald formerly of the Durham road, Glenelg, 30 years ago he went to the Rockies as a sheep herder with but a few dollars in his pocket, after getting there, now he is worth in the neighborhood of \$100,000.

Mr William Smellie Jr., who was operated on some two weeks ago by Drs Hutton and McLaurin for some inward trouble, is getting on as well as could be expected.

The new school act put a number of sections to some inconvenience to inconvenience. As in a great number of quarters of course this act was in force all along but wasn't made so compulsory to be enforced as it is now.

Eggs went down largely last Sunday, as the hens very thoughtfully laid an overiose last week.

Our ministers preached Easter sermons last Sunday in the different churches in this place.

This week we give an obituary of the child of a few months old and of the old man of nearly 100 years.

Died—On the 8th march 1907, the infant son of Mr and Mrs James Black, Oak River, Manitoba, at the age of four days and ten days. Mrs Black was once Mary A. McLean, south Glenelg.

A LONG LIFE

BEATON.—On Tuesday march the 12th 1907, at his son's residence Mr Donald Beaton, Hamilton, North Dakota, John Beaton a former resident of the township of Bentinck near Dornoch where he moved with his family in the year 1847, and fifty years ago he moved to the Township of Esqueving and from thence to his sons in Dakota where he chiefly made his home for the last 22 years and where he ended his days.

To come within two years of reaching the century mark with general health and mental powers unimpaired and to be taken off after an illness of only four days is an instance of vigor and longevity seldom found in these days of rapid living. Mr Beaton who died recently at the home of his son Donald as stated above, was born in Argyleshire,

ONE PRICE ONLY AT THIS STORE

CANADA PAINT

To estimate the covering capacity of the Canada PAINT COMPANY'S PAINTS—Why one gallon of this paint will cover 375 sq ft—two coats to the gallon. This Paint is composed only of lead, zinc, linseed oil, and turpentine dyer which are the best known ingredients for paints. It is guaranteed absolutely pure and sold subject to chemical analysis, and in point of covering capacity and durability is passed by any painting material made.

Now that the painting season is near at hand it will pay you to call in and see us and let us explain to you how we can save you money on Painting your house.

Alabastine We have got in a large stock of this permanent wall coating—all the finest shades for ceilings, walls, and in terior work of any kind. We may say the public demand is for a pure sanitary wall coating that will not rot off and is ready for use with cold water.

We wish to impress upon your minds that we have everything that is required in the painting business: varnish stains, Wagon Paints, House Paints, Foot Paints, Buggy Paints, Enamel Paint Aluminum Paints, White Lead, Oils of all kinds, with one price only and that the right one.
