The closing of the Hopeville bar last Tuesday night the 30th April, was rather an exciting time, a number came a distance to take part. An exciting time was as it came near 10 o'clock, as to who would get the last drink at the bar. Quite a number were seen the next day a little jolly and were twitting others about being at the fun, even strict temperance men would be sometimes jested as being there.

Temperance people can say here that the weather has moderated down since the first of May.

Another settler in our village, Mrs Scrimger of the 11th con., has moved into castle pinch, the house vacated by Mr James Dean.

Success Guaranteed.

The cold weather and the shortness of fodder combine against the interests of the Dairy-man and the cattle feeder. Hay is now worth \$15 per ton.
