VOL. XXVIII, NO. 21

DURHAM, THURSDAY, MAY 23, 1907

Darling's Fountains for Delicious Frozen Dainties.

Dainty Wear for Dainty Women

Daintiness is the keynote this season in all lines of Ladies' Wear and daintiness is the word that fits the ladies' wear in our departments this season more than ever.

Dainty Shirt Waists

In latest New York styles, in dainty sheer lawn with delicate quality—three quarter sleeves—button backs—pleats and baby tucks—lace and embroidery trimmed, \$1.50 to \$3.50. 2 specially fine lines of Lingerie Waists—beautiful Egyptian Lawn—one with front of Irish Lace—the other with baby tucks and Val. lace, \$2.50 and \$3.50.

DAINTY NET WAISTS

trimmed with Satin baby ribbon, the very newest silk lined—would be cheap at \$6 but we're selling them at \$4.75.

New Sun Pleated Skirts

Fashion decrees sun pleated skirts so we have them here ready for you—black, navy, brown—beautiful quality of goods and they hang perfectly.

New Muslins & Gingham

May is THE month for you to get your muslin dress, while assortments are good. Our Muslins, Gingham, Prints, etc. are fresh and beautiful, and the prices are lower than you expect this season.

Lovely Laces & Embroideries

You know there have been great advances in the prices of fine embroideries and laces; spite of that we are able to keep you the values, bought early. Laces in lovely Valenciennes and Torchons Embroideries and Insertions in new Swiss and the popular shadow effects.

Highest prices paid for Butter and Eggs.

TOWN TOPICS

If you want a good go-cart or carriage remember they are sold at right prices at Lenahan and McIntosh. Many anticipate a great time on the 24th of May, and as many more on the 25th which is to be celebrated in a barn raising on the farm of Mr Arch McArthur in the "Glen."

CHATING THE DENTIST.—Mrs. Ayling, Sr., is at present enjoying the experience of cutting teeth. This seems a family trait as her mother went through the operation three times.

A NEW TIME TABLE.—We have it on good authority that a new G. T. R. Time Table is likely soon to go into effect, one of the chief changes being a greatly improved Toronto service. No details yet.

FIRST GAME.—A Lacrosse match, between the Senior and Junior teams was played on the exhibition grounds on Tuesday evening. It resulted in a victory for the latter 4-2. This is the kind of practice that will get the boys into shape.

NEW TYPE.—Several new fonts of type have recently been added to the already large assortment at the Review office. We have choice of three or four styles all suitable for wedding invitations. Prospective June brides or their friends should call and see samples.

THE NEW RATE.—We have received already from four United States subscribers the new rate of \$1.50 per year for the Review and we thank them for their promptitude. We hope all will feel as they do that the increased price is no bar to the increased value of our paper.

Rev. W. J. Connor, of Brookholm, a former Rector of this parish, will (D. V.), officiate at both services in Trinity church, on Sunday next. He will also be present on Tuesday and Wednesday, following, at the meetings of the Rural Deacons of Gray. Many besides his old parishioners will be glad to meet Rev Mr Connor.

CRUSHED BY A CAR.—While at work at the excavation, near to Allan Park, on Monday, one of the foreign navies got crushed between two cars and severely injured. He was taken to Stratford hospital for treatment on Tuesday morning, Dr McLaurin accompanying him, and may not recover. This action on the part of the C. P. R. authorities is commendable.

ICE AT PORT ARTHUR.—Writing Thursday of last week, Mr D. McIntyre of Port Arthur says "Weather is very cold here, and the lake covered with ice yet. 15 boats were in sight at Thunder Cape for three days, unable to make the harbor until 4-10-10, Ten miles west of here teams are drawing heavy loads on the ice yet and will be for some time."

WITH THE JUNIOR LEAGUE.—An interesting part of the Junior League entertainment given in the Meth. church on Monday night was a letter to the young people from Mrs Holmes of Tokio, Japan. The letter was read by Garfield Colling and the description of the Japanese methods of housecleaning, of voice culture, singing and of the millinery styles in Tokio was amusing and instructive. While the writer's account of the effect of Christian example and life was very encouraging. The vocal part of the program was enjoyed by those who listened. Each Junior sustained his and her part in the entertainment loyally and well. The collection will be devoted to the work of the Junior League. The officers in charge of this work desire to express their thanks to all the friends who were present.

FIRE-BRACKERS.—A By-law exists, we believe, forbidding the use of fire-crackers within the corporation. Best look out boys.

JUNE BRIDES.—Get your wedding announcements at the Review office. No publicity. Several styles to choose from. Sure to suit you.

This is the kind of weather that will make you think of the Little Wonder The Big Store.

FOR SALE.—A number of town lots on Queen and Countess Sts., good location, prices reasonable. Apply to Thomas Smith or at the Postoffice.

The Durham Furniture Co. will have for sale a quantity of slabs and mixed wood at \$8.50 for a large double bed, delivered. Orders left at the Review office.

AN OLD TIMER.—This applies to the size of the Division Court being held to-day, at which no fewer than 48 cases have been entered. Surely a gala day for lawyers and a cold day for some litigants.

THAT NEW RATE.—Subscribers in the United States when renewing will kindly remember to remit \$1.50, the new yearly rate forced upon publishers by recent postal changes. \$1.00 will now pay for 8 months only.

The Mt Forest district meeting of the Methodist church holds its session this week at Mt Forest, Rev Thomas Colling B. A. being the presiding officer during the session. His church here, has just closed a most successful year.

NEW BAKE CART.—Messrs Rowe and Hughes have this week installed a flashy and commodious delivery cart, indicating push and enterprise. With two brilliant bread delivery waggon on our streets and Finney's fine milk wagon, we are feeling quite toney.

See the ladies' cashmere hose at 25 cts., they are extra values at Grants.

ALWAYS GOOD IS THE GLOBE.—Last Saturday the Globe's Saturday Magazine section was called a "Real Estate and Building Number." It contains ample evidence of the substantial growth of Toronto and the end is not yet. Only a short time now, 1st June, for one year for \$1.30. To American subscribers \$1.80.

PREMATURE.—Our sporting item last week announcing the overthrow of old man Winter by young spring was a little premature. The old fellow got into grips again since, and if he did not know the young chap under he froze him up completely. Monday morning especially. Trees usually in full leaf at this time, have not got the green on yet.

THE TORRIE MEETINGS.—These were concluded last week leaving results behind that must, humanly speaking, be considered satisfactory. No fewer than 75 in the various churches decided for Christ, and a special work was done with the school children. Mr Torrie is sent out to Home Mission churches, by the Home mission board and is a clever speaker, doing good earnest work. He is in Chesley this week.

"**THAT SO?**"—The Globe with the best intentions, started a fund to raise \$1000 to assist the Indian runner, Longboat, to acquire an education. The effort has been a failure, the public seeming to have no ear for a legend after the noise of their own shouting has died away. Nearly \$200 has been raised, but the Globe, which gave \$25, has given it up and passed the collections to the city Treasurer. The mistake was made of allowing a week or more to go by before beginning.

Church Life and Work

Rev. Mr. Farquharson as Convener of the above committee in the Synod of Toronto and Kingston brought in report, which is calculated to make ministers and congregations "sit up and think" and should receive a wide distribution.

From a published copy of this report we give the merest outline of its son's "Conclusion."
Under the topic "Services of the church" he deals with the facts supporting the maintenance of church at Sabbath school and at church services, the warmth of the church atmosphere, the service of praise and the midweek prayer meeting.

Other topics information was collected on where the Sacraments, Special services, Organization, Finance, and Young People's societies. Following the number of "Recommendations" which will no doubt receive great consideration by governing bodies.

CONCLUSIONS

"It now remains to inquire in the light of the facts presented what is the condition of the religious life of our church? It is gratifying to know that there is no visible diminution of activity and interest. The attendance at church was never better, or the Sabbath school more efficient, or giving more liberal. Yet there are signs of weakness, none the less dangerous because hidden under a calm surface. From many quarters there are suggestions of distrust in the church as an organized body. The fear is expressed that we are losing our hold on men and that consequently we lack the vitality to impress our faith on the coming generation. We are losing faith in our own message and are speaking in hesitating tones on the great realities and running hither and thither in vain quest for something to please and to draw."

How then are we to get back to firm standing ground? The problem is easier to state than to solve. Of one thing it is not to be got at least by reticence, or blinding our eyes to accepted facts. We must be ready to look on the face of facts, even if the truth unfolds necessities, who shall not deny the Copernicus, who shall not admit a vision of God's dealings as shall not do justice to the past, but shall help us to see the whole in a light and freshening. No more can this stable be reached by frantic efforts to feed the human soul on the gust of emotion produced by the excitement of some special effort. To there must be the yielding of the whole man, intellect, conscience and will to the God of truth. Nor can it be gotten by a mere parrot like repetition of the creeds of the past as a cure for the ills of to-day. What help to speak your ancient speech if every word is dead? A perplexed world cries "Is there light to the eternal realities, and asking for bread are to give them a stone? This is not a lesson that is to be taught by a professor, but something that is the earnest of experience. We must know that the final Church, or the testimony of the critics, or a theory of inspiration.

A book we all honor lays down the principle that, "our full persuasion and assurance of the infallible truth and inward work of the Holy Spirit bearing witness by His word in our hearts that Jesus is the Son of God." That inner testimony is confined to no class of spectators. There is a work for the critic, and he has finished his mission. He has brought us only to the outer portals of the temple. There is a mission for the theologian with his grasp of the spirit of the past as the seed from which is springing the living pastor with his knowledge and yearning for every man, woman and child, all who, in whatever sphere make real the Christ life in their daily lives. Whatever change the future may bring in our point of view, it is safe to say, that stable equilibrium will only be reached by being true to the vital past as well as to the living present. It is the honest desire to reach this city that hath foundations that has led the faithful in every age to leave land in which they are strangers. Only when the church thus opens her eyes to see, and her heart to receive the whole counsel of God shall we win to our side—men, yes, eyes, men that loves truth and hates a lie.

THE TORRIE MEETINGS.—These were concluded last week leaving results behind that must, humanly speaking, be considered satisfactory. No fewer than 75 in the various churches decided for Christ, and a special work was done with the school children. Mr Torrie is sent out to Home Mission churches, by the Home mission board and is a clever speaker, doing good earnest work. He is in Chesley this week.

Court of Revision

TOWN OF DURHAM
Take notice, the first sitting of the Court of Revision for the Town of Durham will be held in the Town Hall, in the town of Durham on Tuesday May 28th at 8 o'clock p. m.
WM B. COLLET, Clerk.
Dated May 14th A. D. 1907.

Railway Progress.

Rails have been laid and are in use for dump waggons in the cut to the east of Durham School grounds and the fill is approaching Lambton Street where it is expected some kind of an overhead bridge will be built, or sub-way constructed.

The cement culvert work, so we learn from the Contractor, Mr. J. W. Jones, is completed from the east end as far as Allan Park and he and his men are now to the west of that point.

Large gangs of Italians and other foreigners keep arriving and the work may possibly move ahead soon with a greater impetus than has been observable so far.

No final settlement of Garafaxa St. crossing has yet been made.

The Great Excursion

The Farmers' Institute have bill-out announcing the date of this great annual event as above. Fare from Durham \$1.15, with stay over privileges. Lunch on the farm and other attractions in abundance. R. Morice is President and G. Binnie, Secy.

Annual Meeting

The annual meeting of S. Grey Temperance Association was held on Monday evening in the Baptist church and elected officers for the year as follows:

President—J. H. Brown
1st Vice Pres.—C. L. Grant.
2nd Vice Pres.—Wm Glass.
Secy Treas.—Thos Allan.

Besides this, resident clergyman and a list of 10 from the five churches from the executive.

A prominent lecturer is to be secured for a date near the end of June to give impetus and information to a local option campaign, which it has been decided to go on with.

Information as to meetings will be duly published, meanwhile the small membership fee, and quarterly dues are to be paid to Mr. C. L. Grant.

The meeting was quite representative and unanimous in its decision to go on with the campaign.

SHINGLES FOR SALE.—

150 bunches shingles, first and seconds. Will sell reasonable. Apply to Wm G. Henders, son, lot 25, con. 18, No 11 only.

TURNED INSIDE OUT.—

Dr. Bone has a remarkable freak of nature at his stable. We say remarkable because we doubt if such a wonderful monstrosity has ever been recorded. It is no less than a calf with all its internal works, in other words its heart, lungs, stomach, intestines, liver, etc., outside the calf, and the shoulders, muscles, skin and hair inside. The Dr. has preserved the curiosity in a solution of formaldehyde and if city reporters want to see something that knocks the double-headed, triple-legged, or twin calves a la Siamese, into an ordinary show, let them come up to Chesley. Dr. Bone will likely take his curiosity to the Jamestown Exposition or Desboro Fair. The owner of the mother of abnormal formation is Edward Thomson Jr. of the 6th con. Ed. Erslie.—Enterprise.

A Few Weeks More

Those who wish the bargain of Review and W. Globe for one year at \$1.30 must apply during May. This great offer closes 1 June and cannot be repeated. To old or new subscribers.
