GODDARD'S EVIDENCE SUPPORTS ORCHARD.

Steve Adams Will Likely be Called as a Witness for the Defence.

Boise, Idaho, June 24.—With the opening of court to-day the State of Idaho will continue the introduction of evidence supporting the story told by Harry Orchard. There remains a few points to be corroborated, but up to the present nearly every statement made by Orchard has been corroborated. The planting of the bomb at the gate of Justice Goddard of the Supreme Court of Colorado, which Orchard said was done at the behest of the "inner circle," of the Western Federation, has been corroborated by the justice himself, and clearly the legal mind of the man who, finding a bomb at his gate, loaded with giant caps and dynamite with all the appliances, described by Orchard as the invention of one of his co-conspirators, sealed the evidence in envelopes carrying the signatures of the finders, including the Adjutant General of the State, and then sealed them in a steel vault. The seals were only broken in the presence of the judge himself who identified them and their contents in open court. Steve Adams will not be put on the stand by the State under the present arrangement. Counsel for the prosecution anticipate that Adams will be called by the defence as one of their witnesses. Was She Murdered? Bridgeton, N. J., June 24.—You'd better watch Mammie." This warning, contained in an unsigned letter to her brother, Harold Vennell, was found in a pocket book on the body of Mammie Vennell, aged 22 years old, who was drowned on Tuesday night in Sunset Lake, near here. From what is said by Vennell and Mrs. Sadie Murrhinne with whom the brother and sister lived, the warning was justified. Vennell said to-day that his sister had complained to him that she had been attacked by two young men while boating on the lake one evening last week. She had screamed "murder," and one of her male companions had tried to choke her. She was rescued by persons in other boats. Meanwhile George Evans, the young glass worker, who took the girl on the fatal boat ride, remains in his parents' home apparently not under surveillance by the officials, who unofficially seemed disposed to accept the accident theory, although they are investigating the case. They say no arrest is now contemplated.

TOOK A DIVE AND FOUND A BODY. Young Man Lost His Life in Rochester Y. M. C. A. Swimming Pool.

Rochester, N. Y., June 24.—The body of George D. Beeler, 19 years old, was found in the Y. M. C. A. swimming pool last night. The young man had been subject to convulsions, and it is thought that he strangled to death, being unable to make an outcry. Many of the juniors and several of the older members of the association swam about and fished in the pool some time before Harold Belcher said: "Watch this dive, fellows."

TROUSERS COST PASTOR JOB. EXCLUSIVE PHILADELPHIANS CAN'T STAND "BAG" IN KNEES.

Philadelphia, Pa., June 24.—Because he appeared in the pulpit wearing unpressed trousers and because his facial lines had impressed some members of his congregation as "harsh and forbidding," the Rev. Dr. James H. Eoob, has been forced to resign from the fashionable First Unitarian Church, Twenty-first and Chestnut street. Sunday morning Dr. Eoob preached his valedictory sermon, bidding farewell to what he termed "a bridge whist coterie—a pink tea party."

THREW A BOMB. AND THE CROWD FLED FROM GREEK CHAMBER OF DEPUTIES.

Athens, June 24.—An unknown man threw a dynamite cartridge from the gallery of the Chamber of Deputies during an all night session, which began yesterday. The cartridge fell among the deputies, but a disaster was averted by the fuse becoming detached in the flight of the missile. The Finance Minister, who was speaking in the chamber, rushed to the doors with all the deputies. The man who threw the cartridge was arrested and proved to be insane. The sitting was then resumed.

VANCOUVER FATALITIES. A Hotel Clerk Falls From Fourth Storey Window.

Vancouver, B. C., June 24.—W. Halliday, night clerk at the Burrard Hotel, fell from a four-storey window to-day. He was picked up, apparently little injured, but died a few hours later. John Corlyn, President of the Northern Securities, Limited, a well-known business man, died this evening, the result of an accident at English Bay bathing beach. During low tide he dived from a float, striking his head hard on the sand bottom. He was lifted from the water and taken home in an automobile, but never regained consciousness. He received concussion of the brain. He was 39 years of age.

A GERMAN'S SUICIDE. Put Muzzle to Head and Touched Trigger With Foot.

Winnipeg, Man., June 24.—A German named Chris. Veegt, working at chopping timber about eight miles east of Red Deer, committed suicide by placing the muzzle of a gun next his head and pulling the trigger with his foot. He was said to be under the influence of liquor. At an inquest held by Coroner Rollson yesterday afternoon the jury returned a verdict of suicide.

'STEVE ADAMS, Pal of Orchard in his crimes, whom the Secretary of the Miners' Federation declares will not testify for the prosecution.

SHOULD RESIGN. BUSINESS AND RELIGION IN THE METHODIST CHURCH.

Rev. Dr. Rankin States the Case Clearly—Rev. Dr. Chambers, the New Toronto Jailer, Defends His Action—Declines to Resign From the Methodist Ministry.

Toronto despatch: When the Toronto Methodist Conference was practically ready to close yesterday at noon a discussion which will likely echo tidostant parts of Canada was aroused by a resolution moved by Dr. J. A. Rankin, pastor of Carlton Street Methodist Church, and seconded by Mr. J. R. L. Starr. It suggested that ministers should resign from the ministry after they go out into secular pursuits. As an outcome of the vigorous debate, Rev. Dr. Chambers, recently appointed Governor of Toronto jail, spoke for some time in defence of his action in accepting an office from the Ontario Government.

WAS MURDERED, BUT MONTREAL POLICE THOUGHT HE WAS DRUNK.

Montreal, June 24.—Richard Beach, who was put in the police cells yesterday at 2 a. m. as a drunk, was found dead at 5 a. m. He had died from the result of a murderous attack. The police had one of the murderers in their hands, but let him go. To-day at the inquest a man named Girard came forward and told the coroner he saw the man murdered. He was awakened by shouts outside his house and looked out of the window. He saw a man lying, held against the wall by one man and was shouting for help. The man holding him drew something from his pocket and handed it to his comrade, who hit Beach on the head three times.

HAD AMAZONS ON HIS BODYGUARD. Striking Mayor of Marbourne Arrested—Other Leaders Flee for Safety.

Paris, June 24.—M. Ferrule, the striking Mayor of Narbonne, and next to Marcelin Albert, the most prominent figure in the wine growers' revolt, was arrested to-day and hurried away to Montpellier. Before daybreak all roads leading to M. Ferrule's house were held by courasiers in strong force. His bodyguard of Amazons, which had been nightly watching over the safety of their leader, was on duty, as usual, but when the wine growers found themselves surrounded by troops they did not attempt resistance. When M. Ferrule appeared in custody of a police commissary, the crowd momentarily threatened to rescue him, but the mayor begged that there will be no conflict with the troops, and he was placed in a carriage, escorted by 150 cuirassiers, and taken to the railroad station at Narbonne, where a special train was awaiting, and started immediately for Montpellier. Intense excitement prevails at Narbonne, but the people thus far have been overthrown by the military display. Cavalry, escorted by an imposing military force, raided the headquarters of the central committee of the wine growers' organization at daybreak with warrants for the arrest of Marcelin Albert and the members of the central committee, but they found that the leader of the movement and several of his lieutenants had already fled. Only three committeemen were captured. They were sent to Montpellier.

THE WINE GROWERS UGLY AND RIOTOUS. Set Fire to Jails and Troopers Attacked With Clubs and Stones.

Paris, June 24.—Late last night Premier Clemenceau received grave news from the Midi, the district of the discontented wine growers, where the exasperation of the people is increasing. Messages to the Premier came indirectly by way of Lyons, indicating that the wires had been cut. The Argeliers Committee has been re-constituted, a third committee being named in case the members of the second committee also were arrested. It is now certain that Marcelin Albert has not been arrested, and it is admitted that the police have no idea of his whereabouts.

Charged by Troops. Narbonne, France, June 24.—A violent mob from the outlying villages gathered last night. They poured petroleum over the door of the sub-prefecture, which they set on fire, but were driven off after repeated charges of the troops. In the course of the fighting the manifestants fired revolvers, but no one was hit. The disorder was augmented by the absence of lights, the mob having cut the electric cables. In other parts of the town barricades were erected. These were stormed by the troops and torn down, only to be set up again by the rioters. Tried to Set Fire to Prison. Montpellier, France, June 24.—Serious rioting broke out here last night, lasting all evening. The mob attempted to burn down the door of the prison and rescue the prisoners. The troops were turned out, but were received with volleys of stones and bottles. Troopers were pulled off their horses and clubbed. A prominent police officer was seriously wounded by a broken bottle. Many soldiers were less seriously injured.

Three Persons Killed. Paris, June 24.—The brief despatches which reached Paris up to noon showed that the conflicts which have occurred between the troops and mobs in the south were more sanguinary than at first suspected. At Narbonne three persons were killed and a hundred soldiers and civilians, including a score of women, are said to have been wounded. A whole army corps has been put in motion to deal with the rebellious wine growers. Banquet Postponed. Paris, June 24.—The State banquet which was to be given to-night in honor of the King of Siam, has been countermanded in consequence of the bloodshed. The newspapers report another attempt to burn the sub-prefecture at Narbonne. Gendarmes fired from the upper story and the attackers fled. It is also announced that there has been further shooting in the streets of Narbonne, and that many persons have been wounded. Many wine growers continue to pour into Narbonne and threaten to set fire to the hotels occupied by the army officers. Fresh troops are arriving there.

FOUND HIS WIFE. JOSEF BRAZNAI WENT TO DETROIT TO BRING HER HOME.

Detroit, June 24.—(Special.)—Josef Braznai's wife, Margaret, who is alleged to have left him in Hamilton on May 14 last, was found in Detroit on Tuesday night, where she was staying. Sobek, also from Hamilton, as soon as he saw Braznai, ran away, and he has not as yet been found. Mrs. Braznai was taken in custody by Detective Kinkaid of the Detroit detective bureau, and locked up at the central station, where she was held until Wednesday noon, when her husband took her back to Hamilton with him. Braznai and Crown Interpreter Budimar Protisch, of Hamilton, arrived in Detroit several days ago to search for Mrs. Braznai. They looked all through the Hungarian districts and were about to give up the search and return home, when they happened into Paul Silivassy's saloon and "boarding house on Jefferson avenue. As soon as Braznai stepped into the bar-room he saw Sobek standing at the bar, and Sobek saw him about the same time and ran out of the door and disappeared. Braznai and the officers entered the rear room, and there they found Mrs. Braznai sitting at a table. There was no word of censure upon Braznai's lips as he walked toward his wife, only a trembling plea that she return to Hamilton. The woman promised, and was taken to the police headquarters. Silivassy, the proprietor of the boarding house, says that Sobek and Mrs. Braznai have been living at his place. He says Mrs. Braznai came into the saloon on Tuesday night from her room to get a pitcher of water, and that was how she came to be there when her husband fortunately arrived in search of her.

THAT GUNBOAT. DON JUAN DE AUSTRIA OF THE U. S. SHIP FOR GREAT LAKES.

Washington, June 24.—The gunboat Don Juan de Austria, now in New Hampshire waters, is the war vessel which the State Department is trying to have located on the great lakes as an additional ship for the use of the naval militia in that section of the country. She is of 1,230 tons displacement, has a speed of over 12 knots and has 14 guns under four inches calibre. Every effort is being made to expedite the transfer of the vessel to the great lakes, but it is hardly expected that she can be accomplished before autumn because of the roundabout diplomatic methods which have to be traversed in securing England's consent. FAILED TO REGISTER. A Number of St. Thomas Co-Partnerships Cause Trouble. St. Thomas despatch: Cases against sixteen local firms for failure to register co-partnerships within six months, an offence punishable by \$100 fine, were heard to-day by Judge Colter, W. J. Kerr, Fry, Toronto, the complainant, who was entitled to half of the \$100 in each case, failed to put in an appearance, but was represented by Barrister Casey, of Toronto. Burgess & Lamond had been partners for six months. W. J. Kerr had been served instead of his wife. The same occurred with E. J. Schreck and C. Hirsch. The latter paid a lawyer, who failed to register the partnership. These three were dismissed. The other twelve—W. R. Jennings & Co., R. H. & J. Dowler, G. A. Philip & Co., Doggett & Co., Madden Bros., E. J. Cutler & Co., Sandham & Roberts, Egan Heard & Co., Peisner & Peisner, Egan Bryson—were found guilty of the offence charged. Judge Colter remitted fines in full so far as the Crown's half was concerned, and reduced the complainant's share to \$4 and costs in each case. Counsel argued for a higher fee, claiming that Fry was doing part of the work which would affect the whole Province. TWO YEARS FOR VIATE. Sentence at Port Arthur in the Manslaughter Case. Port Arthur, June 24.—Judge Anglin sentenced Viate, the Finlander who struck his namesake on the head with a club, inflicting injuries from which he died five days after, to two years in the Central prison. Evidence showed that the man who was killed had attacked and repeatedly struck the prisoner before he was in turn attacked. For shooting James Holmes at Whitefish in December last, with intent to kill, Miller was sentenced to twenty years in the Kingston Penitentiary. Some time ago Miller was convicted of horse-stealing, but was held under caution pending sentence under the more serious charge. STEPPED IN FRONT OF ENGINE. R. brakeman, was instantly killed in the yards last night by his engine, which was backing down to the roundhouse. Dills was helping to make up a train before going out on it, and in giving the signal to the engineer he stepped directly in front of the engine. His body was badly mutilated. No inquest will be held. He is unmarried, and is a son of J. Dills, Forest avenue. A TWO-YEAR-OLD CRIME. Montreal, June 24.—Wallace McCrow, who is charged with the murder of Percy Howard Selater, at Grande Anse two years ago last March, arrived in the city to-day and appeared before the Court at King's Bench when an application was made for his release on bail. The court reserved decision.

WINDING UP OF YORK LOAN. PROGRESS IS BEING MADE IN THE LIQUIDATION PROCEEDINGS.

Assets Are Being Gradually Realized Upon—Rights of Different Classes of Creditors Must be Determined Before Dividend Can be Declared.

Toronto, June 24.—With reference to the progress of the National Trust Company, liquidators of the York County Loan & Savings Company, in the winding up of the affairs of the organization, a statement was obtained yesterday from Mr. Home Smith, of the National Trust Company, setting forth the stage at which the process of liquidation has arrived. The York County Loan went into liquidation in December, 1905, and practically twelve months was taken up in gathering in the books and in writing up the claims of those who neglected to send their books to the liquidators, and entering the claims into some thirty-two different classes. The rights of these classes must be determined by a judgment of the court before a dividend can be paid. Last December the liquidator consulted with counsel, and was advised that it would be necessary to personally serve a large number of the shareholders with notice to appear at the proceedings. The liquidator realized that if it were found necessary to serve even a small proportion of the 110,000 persons interested the expense would be very heavy and the litigation indefinitely delayed. He therefore applied to Ottawa for legislation, and finally, in April last, secured an amendment to the winding-up act, whereby the court was authorized to name counsel for the different classes, and personal service was dispensed with under the provisions of the act. The liquidator for some weeks advertised a notice of the appointment of counsel. Ten days ago counsel were chosen, and the various matters in dispute are now before the court. The reference was appointed September 17th as the day on which these matters are to be first considered. The liquidator cannot secure an order for the payment of a dividend until the rights of the classes are now before the court. The reference was appointed September 17th as the day on which these matters are to be first considered. CUT ADRIFT. NATIONALISTS SEPARATE FROM THE BRITISH PREMIER.

Dublin, June 24.—Carrying to a logical conclusion their recent repudiation of the Government's attitude towards Ireland, the Nationalists to-day formally cut themselves adrift from Sir Henry Campbell-Bannerman and his colleagues, and initiated a new and active campaign for Home Rule. A meeting of the Irish League directory assembled here, under the presidency of John Redmond, and sat for four hours to-day. The official report records the adoption of several important resolutions. By the first of these it was resolved to "inaugurate without further delay a great and really virile movement to win that full national self-government which must be secured before the foundations of Ireland's future prosperity can be laid. The resolutions affirmed the country's demand for an elected Legislature and executive, responsible thereto, and urged a speedy and united expression of the national determination to secure these rights. The directory was empowered to organize a series of public demonstrations to this end throughout the country, and all the members of the party were called upon to energetically devote themselves to the promotion of vigorous and sustained agitation throughout the coming autumn and winter. The meeting recorded its confidence in the Parliamentary party under the leadership of John Redmond, and heartily approved the party's decision to withdraw its general support from the present Government.
