### Mother and Son Go Down to Death in Canal Trying to Escape From Explosion of Gasoline.

Rochester, Aug. 5.—Jumping into the canal to escape being burned to death, when their motor-boat burst into flames, Mrs. Margaret Clark, of No. 265 Sherman street, and her son, James Clark, aged 9 years, were drowned at 7.30 o'clock last night. Three others jumped into the water, but they managed to reach the bank. The fire was caused by the head of a match used by one of the excursionists to light his pipe, flying off and landing on a gasoline soaked matting in the bottom of the boat.

Besides the drowned persons, those in the boat were Claude Heidenbrook, James Maddock, and Mr. A. M. Clark, who were rescued. The match which recently and this was its first trip. Mr. Gregg stopped the boat and immediately started to light his pipe. The boat burst into flames. Dried on by Clark, aged 9 years, were drowned at 7.30 o'clock last night. ## RESPITE FOR FRANK CAPELLI.

### EXECUTION POSTPONED BY JUSTICE BRITTON.

Mr. F. H. Keefe, Counsel for the Condemned Man, Says He Has Evidence Which Will Reduce the Crime to Manslaughter—Were Authorities Afraid?

A Toronto despatch: The execution of Frank Capelli, fixer, has been postponed. Yesterday Mr. Justice Britton granted a stay until August 15th, owing to the application of Capelli's counsel, Mr. F. H. Keefe, through their Toronto agent, Mr. C. A. Moss, alleging that he has new witnesses, one of whom can give evidence to show that the man Dow, whose death Capelli was convicted of causing, died as the result of a drunken quarrel in which Capelli was struck over the head on a place where he had been previously wounded. He will also, he says, call Dr. Robertson, of Port Arthur, who attended to Capelli on the occasion when he was first wounded, to show that as the result of those injuries he would be unable to withstand sudden strain or excitement.

Mr. Keefe believes this fresh evidence would change the jury's verdict from murder to manslaughter.

The trial was adjourned before Justice Teetzel, and Marano, another Italian, was charged with Capelli, but was acquitted. The order made yesterday by Mr. Justice Britton is the first instance in Canada of a Judge ordering a stay of execution. Mr. Keefe had previously petitioned the Cabinet, who, after hearing the report of the trial Judge, decided not to interfere. An application for a new trial will now be made.

**Trouble Was Feared.**

Capelli was found guilty before Judge Teetzel and sentenced to death, while Marano was adjudged not guilty of complicity in the actual murder, but was sentenced to three years in Kingston on a charge of assaulting McCormick.

Parry Sound and the surrounding district is full of Italians employed on railway construction work, as both the Canadian Pacific and the Canadian Northern are building lines through here. These men naturally espoused the cause of their fellow-countrymen and contributed so liberally to a defence fund that, after paying all the expenses of their trial, the two prisoners have now to their credit in the bank here over \$1,000.

Capelli's sentence was received with bad grace by the Italians of the district, and for weeks there had been mutterings of discontent, culminating in open threats that the law would not be allowed to take the prisoner's life.

It would have needed only a hot-headed leader and a few score violent passions to precipitate an attack on the jail in the early hours of the morning. Repairs now being made to the registry office, adjoining the Court House, would have furnished a besieging mob with abundant ammunition in the shape of loose bricks, while the ever-ready disks and the Italian carry, or the revolvers with which many are armed, would have placed in jeopardy the lives of the jailer, the turnkey and the three or four constables, who represent the military force of the law. So far there have been no over moves on the part of Capelli's sympathizers, but the undercurrent of intense feeling was apparent and the authorities were decidedly uneasy, as they wondered what tomorrow morning would bring forth.

The most regrettable feature of the trial affray was that the slain, who was little more than a boy and very respectably connected, was the only one in man of the party, and that he interfered in the man of the intention of protecting Mrs. McCormick from what he considered a wanton insult. There are not lacking, however, many citizens who favor the imposition of the extreme penalty on Capelli. They point out that the Italians are much too prone to indulge their propensities for taking sudden and violent vengeance by the use of desperate weapons, and they say that it is time a punishment was inflicted which will act as a deterrent. If Capelli escapes the gallows, say those who hold this view, there will be an increase in the reckless use of lethal weapons by the foreigners, who now form so considerable a portion of the floating population of the district. Capelli himself, as already stated, has all along believed that a term of imprisonment was all he deserved or need fear.

Radcliffe, the executioner, arrived in town Saturday night, registered at one of the hotels, and spent Monday, Tuesday and Wednesday at the jail superintending the erection of the gallows. It was completed to-day and tested. The gallows is on a knoll and as the wall surrounding the yard is not high the

## BED GAVE WAY.

### GREAT HOLE IN THE ERIE CANAL AT SYRACUSE.

#### Arches of Masonry Supporting Aqueduct Over Onondaga Creek Broke Down—Foul Canal Boats Drawn Into the Break—Some Narrow Escapes.

Syracuse, N. Y., Aug. 5.—The arches of masonry which support the bed of the Erie Canal at a point near the centre of this city where it passes over Onondaga Creek gave way this afternoon, and four canal boats were drawn into the bed of the creek beneath. Fifty feet of the wall of the three-storey Empire flouring mill and the Bartels and Greenway breweries, respectively on the north and south banks of the canal, were threatened with demolition. The Peter J. Roller, loaded with gravel, was carried into the break in two parts.

Fred. Rice, the owner of the boat, with his wife and eight-year-old daughter on deck, and when the boat neared a safe section of the wall all jumped to shore. Henry Rice, 80 years old, father of the owner, was pulled off the boat by some employees of the Standard Milling Co.

The canal level at this point is five miles in length and Division Superintendent Thomas Wheeler immediately ordered the water drawn off. He said that the break was caused by the arches of the aqueduct over Onondaga Creek giving way. When the level is emptied the danger of flood in the creek section north to Onondaga Lake will pass, and the backed-up waters of the creek will flow uninterrupted by the boats. All canal traffic is tied up, and it will be several days at least before the damage can be repaired. The boats and cargoes are total losses.

## WAS A COWARD.

### PATROLMAN EXPELLED FROM NEW YORK CITY FORCE.

#### Stephen Walsh Stripped of His Shield in the Presence of His Comrades—The First Man to be so Humiliated in Thirty Years.

New York, Aug. 5.—For the first time in thirty years one of New York's patrolmen was to-day adjudged guilty of cowardice, and was expelled from the force. He was Stephen G. Walsh, who, according to the charge made against him last week, fled from an armed man who had shot and killed a woman. The keen interest with which the unusual case was followed rose to a point of dramatic intensity when Police Commissioner Bingham, who had presided personally at the trial, announced in a voice choked with emotion that the charge against the unfortunate man had been proven.

The commissioner turned to Inspector Richard Walsh, in whose district Stephen Walsh was a patrolman, and directed the inspector to strip Walsh of his shield and uniform buttons so that he might not leave the trial room with the emblems of his former position as a policeman in good standing on his person. Walsh objected to having his buttons torn off before his former comrades, and was escorted to the door and ejected by his inspector.

The specific charge against Walsh was that he had fled from Frank Warner last week and permitted the latter to escape after killing Esther Norling in 42nd street.

## KINGDOM A UNITY,

### BUT KING OF DENMARK SAYS ICELANDERS ARE A FREE PEOPLE.

Reykjavik, Iceland, Aug. 5.—At a banquet given in his honor last night King Frederick of Denmark, who accompanied by Prince Harold, Premier Christensen and forty members of the Rigsdag, arrived here yesterday, announced his policy regarding the future relations between the Danish Crown and Iceland. "I have inherited the Kingdom as a unit," said King Frederick, "and as such it shall remain from generation to generation, but I have also inherited from my father the tradition that the Icelanders are to be a free people who cooperate with the king in framing the laws under which they are to live. Therefore, I have established a commission consisting of members of the Danish Rigsdag and the Icelandic Althing to arrange for legislation to define the constitutional position of Iceland in the realm and to find a form under which the freedom of Iceland may be built up and protected while at the same time the unity of the realm is preserved and ensured."

## STATE OF NEW YORK WANTS CRUISER ON LAKE ONTARIO.

### There Will be No Guns on Board and Canada May Not Object.

Ottawa, Aug. 5.—(Special.)—The United States Government has made another application for a training ship on the great lakes. Some time ago an application was made and granted for a United States cruiser to go through the Canadian canals to be utilized as a training ship on Lake Erie. This time the application is made for one on Lake Ontario. While the United States has formally made the application to the Dominion, it is really from the State of

New York and made on behalf of the naval militia, with headquarters at Rochester. It is understood that the application is granted. There are no guns on these old cruisers, which are to be used as training ships. What are required for the naval officers and cadets will be kept ashore. The granting of the application is regarded as a neighborly act, and in no way interferes with the arrangement as to cruisers on the great lakes which exists between both countries.

The dead woman's home was originally Toronto, Canada. She came to this city about ten years ago and about a year later was married to Jacob Kehrer, who at that time kept a hotel at Military road and Chandler street.

## IRISH MEETING FORBIDDEN.

### Gathering of United League at Bella Stopped.

London, Aug. 5.—Sir Henry Campbell-Bannerman Government has proclaimed for the first time a meeting convened under the auspices of the United Irish League. It was to have been held to-day at Bella, County Roscommon, Ireland, where there is a large grazing ranch.

The Government, suspecting that the meeting would lead to intimidation, notified its promoters, including Laurence Ginnell, M. P. for North Westmeath, that the police would prevent the gathering, using force if necessary. A large number of police were sent to Bella. The meeting was nevertheless held at a place two miles distant. Mr. Ginnell told his hearers that the anti-grazing movement had the support and encouragement of the Irish Parliamentary party, and urged its continuance.

## CHOSE HER OWN CASKET.

### Woman's Strange Action Before Committing Suicide.

Colorado Springs, Col., Aug. 5.—At the Coroner's inquest held to-day regarding the death of Miss Laura Matthews, whose body was found lying with a bullet hole in her head, Miss Green, nurse, who has been the Nord woman's companion since she came to Colorado Springs, advised having written several letters to friends of Miss Matthews in Chicago and elsewhere, stating that Laura had taken her life before she had been informed of the finding of Miss Matthews' body. She explained this by saying she had anticipated such an event.

Miss Green also testified that several days ago she and Miss Matthews had selected a casket, the latter remarking: "This is the kind of casket I wish to be buried in."

Richard Rumbach, of Washington, D. C., the witness who it was believed caught sight on the death of Miss Matthews, was shot and killed himself late this afternoon, while the Coroner's jury was awaiting his appearance to testify.

## RAILWAYMEN'S UNION.

### British Roads Refuse to Recognize the Organization.

London, Aug. 5.—Lord Claud John Hamilton, chairman of the Great Eastern Railway, and Henry Cosmo Bonser, chairman of the Southeastern Railway, speaking at the annual meetings of their respective companies to-day, both emphatically refused to recognize the amalgamated Railway Servants, the executive committee of which had demanded the right to represent the railway employees in an effort to settle their grievances.

Both the chairmen, however, declared that their directors always were ready to discuss grievances with the employees themselves. It is understood that the managements of all the railroads in the United Kingdom have reached a similar decision.

## A JUDGES' SQUABBLE.

### DEADLOCK IN SUPREME COURT OF BRITISH COLUMBIA.

Mr. Aikman, Who Has a Criminal Appeal on Hand, Appeals to the Minister of Justice, and Criticizes Justice Martin Freely.

Victoria, B. C., Aug. 5.—The sharp difference between some members of the British Columbia judiciary, notably Chief Justice Hunter and Mr. Justice Archer Martin, have caused public comment for a year past, and have now culminated in a more serious form, which has been brought to the attention of the Minister of Justice at Ottawa. Some time since certain rules were laid down by the Chief Justice with regard to the hearing of the appeals, and one of these constituted an appeal court of three members, to be designated. Some days since an appeal was made to the court by J. A. Aikman for the trial of his client, who was committed for one year for house-breaking. When the court assembled only the Chief Justice and another Judge were present, and it transpired that Mr. Justice Martin declined to sit, not having been notified in writing, although he evidently was verbally, of being required to sit on the case. Yesterday Mr. Aikman appeared before Judge Irving in chambers applying for a writ of habeas corpus, which Justice Irving refused. In making the application, however, Mr. Aikman commented adversely on Justice Martin's action. He said he had written the department to intervene.

The Minister of Justice replied that it was not within his province to give directions to Judges in such matters. With this Mr. Aikman took issue, and submitted the department had full power to compel the administration of justice. He further contended where the liberty of the subject was concerned there should be no petty bickering carried on between the Judges of higher courts in the Province. He again urged the department to intervene. Concluding his appeal to Justice Irving, Mr. Aikman said it was contrary to justice to leave a man detained in prison on a legal squabble in such a manner.

It was just such an action as Justice Martin's, he said, which had earned the passage of the habeas corpus act.

## NAVAL DEFENCE.

### LORD TWEEDMOUTH SPEAKS OF SHARE OF THE COLONIES.

Regrets That Canadian Government Cannot See Its Way to Becoming More Active in Naval Matters—Canada Has Materially Assisted in Taking Over Harbors.

London, Aug. 5.—In the House of Lords to-day Lord Brassey called attention to the proceedings at the imperial Conference respecting naval questions, and said the country had heard with satisfaction the Government's assurance that the all-red route would receive careful consideration. Lord Tweedmouth said he thought the conference had gone a long way towards coming to an arrangement with the colonies regarding naval defence. He gave details regarding the colonial contributions to the navy which he declared, showed that it was unfair to say that the home Government had been indifferent to the interests of the colonies.

The case of Canada was different from that of the other colonies. Canada has always refused to contribute directly to the cost of the navy, though now the Dominion had taken over certain harbors which would be of great service. He regretted, however, that the Canadian Government could not see its way to becoming more active in naval defence. But the Dominion had its own views, and the line taken by the home Government was that it should be very much a matter of their own judgment in what way the colonies should help.

Dealing with the general naval policy, Lord Tweedmouth said the Admiralty had in view a new extended cruiser construction policy.

## OVERRATED MAN.

### HISTORIANS ERRED IN CALLING RAMESES II. GREAT.

#### The King Had Vulgar Vanity—He Liked to See His Name Displayed in Conspicuous Places on Every Temple and Monument.

London, Aug. 5.—Certain Egyptologists claim to have discovered that Rameses II. was a much over-rated man, and that he is not entitled to the appellation of Great with which historians have honored him. Recent researches convinced explorers that the numerous temples and monuments bearing his name, and therefore supposedly his work, pre-existed him by quite a thousand years. Further investigations persuaded them that the King had vulgar vanity in seeing his own name, which he caused to be cut everywhere. Prof. Naville, one of the official explorers of antiquities in Egypt, says: "The more we discover about Rameses the more convinced we are that he was a fraud. He was not great in any way, but he reigned for 60 years, which was far too long."

"His vanity was colossal, and not content with the adulation of his own people, he arranged that posterity should take him at his own valuation. To this end he conceived the notion of causing his name to be inscribed on every temple, statue and monument that he imagined would stand the test of time. The plan succeeded only too well for many years. In consequence of this he has been a great king."

"Now we are beginning to find him out. Some of the antiquities of which his name appears must have existed quite a thousand years before he was born. Occasionally he went to the length of erasing the name formerly borne by a statue, substituting his own. He was never particular as to whose name was erased."

Prof. Naville gloats with satisfaction over the fact that Rameses is now snugly lying mummified in the Bulak Museum, unable to perpetrate further deceptions.

## BANK LOSSES.

### RESPONSIBLE FOR LOSS BY FORGERIES OF GOVERNMENT CLERK.

Ottawa, Ont., Aug. 5.—(Special.)—The Judicial Committee of the Imperial Privy Council, by a judgment just received, has refused the appeal in the case of the Bank of Montreal vs. The King. This means that the bank, and not the Government, is responsible for the loss by the forgeries of Martineau, the military department clerk, who was prosecuted and convicted and is serving a term in the Penitentiary. The whole amount of the forgeries are about \$250,000. A part of this was refunded by Martineau. The auditor-general of the day, Mr. McDougall, held that the Bank was responsible. The Bank held otherwise and the judgment is now against the Bank.

## MILITARY FORCE FOR BELFAST.

### Garrison of 6,000 Men to Subdue Police and Strikers.

Belfast, Aug. 5.—The failure to reach a settlement of the industrial trouble, and the unrest among the police here have caused the Government to decide to concentrate a large military force in this city. One regiment, the Cameron Highlanders, with a machine gun, arrived to-day. Others are due to arrive to-night and tomorrow. The garrison here will then number 6,000 men.

An official inquiry shows that the discontent of the Belfast police is largely shared by the Royal Irish Constabulary throughout the country. It is nowhere more acute than in Belfast, where dissatisfaction with the pay and conditions of service.

The head constable here says there will be dirty work if the Government refuses to consider the grievances, but if the Chief Secretary of Ireland will give a promise to deal with the matter at the earliest opportunity, he does not think another word will be said.

Y., Aug. 5.—Fritz Reichmann, State sealer of weights and measures, has begun an inspection of measures of grocers in the various cities of the State, starting to-day with Albany, where he visited twenty grocery stores and in nearly every place found the weights and measures deficient. ## TAUNTS FOR DELMAS.

### THAW'S DEFENCE LAWYER DENOUNCED IN SAN FRANCISCO.

San Francisco, Aug. 5.—Delphih M. Delmas made the closing argument before Judge Lawlor, of the Superior Court, to-day in the defence of Louis Glass, vice-president and general manager of the Pacific States Telephone and Telegraph Company, charged with bribery.

After he had ended Assistant District Attorney Henry arose and exclaimed: "When the time comes for me to die I would ten thousand times rather lay my head on a guillotine than fight the battles of the people for right and honesty and decency and justice than to have it said of me with truthfulness that I had crossed this great continent to prostitute my great gifts in defence of a man who had shot down one of his fellow men in cold blood in a public theatre."

To emphasize the effect of this speech Henry faced Delmas squarely, his gestures bespeaking infinite scorn.

The veteran attorney did not lift his eyes from manuscripts he was reading or give any token that he had heard. Henry ended his argument with an appeal for a conviction, barring reasonable doubt.

## TORONTO ANGLICANS.

### Substantial Increases in Membership and Finances.

Toronto despatch: The Registrar of the Diocese of Toronto has just issued his report on the present standing of the Anglican Churches in the ten rural deaneries which compose the diocese, as well as its progress during 1907.

Almost every department shows a substantial increase. Those in membership are given as: Communicants, 12,790; confirmation candidates, 137; clergy, 189; parishes, missions, etc., 307; churches, 246.

During the year five new missions have been opened, mainly in the environs of Toronto, and a number of others, both in the city and outside. In addition, three missions, which had been closed for some time, have been re-opened.

The cost of new churches, enlargements and improvements during the year will amount to a total of nearly \$100,000.

## SUICIDE PACT IS MURDER.

### If One of the Twain Should Deliberately Deceive the Other.

Clinton, Ill., Aug. 5.—A partial report of the analysis of the contents of the stomach of Mrs. Pet Magill, the first wife of Fred Magill, was received here to-day, and States Attorney Miller announced that the report is to the effect that Mrs. Magill died from chloroform poisoning. A trace of arsenic was also found.

It is now believed here that Mrs. Magill committed suicide. Lot H. Herriek, special assistant States Attorney, said: "The chemist's report does not weaken our case. We contend that a suicide compact existed between Fred Magill and his wife, Mrs. Pet Gandy Magill, 1897. The law makes it murder if one person agrees with another to commit suicide and deliberately deceives the other person. That will be our case."
