### Is \$15 your price for a Suit?

Then we should like to burn into your brain the fact that for \$15 you can get all the style and as perfect a fit as can be put into a suit—as much as if you paid \$28. Of course the cloth is not so fine, nor the trimmings so luxurious, but every other way the \$15 suit is identical with the highest cost clothing.

### Priceville

As there was no Review last week we hardly know where to begin but will strike on someplace. The fact of the matter is, that we have too many items to give this week and will condense our budget as short as possible.

The long continued drought during summer and the former part of harvest has taken a change and during the most of last week was unfavorable weather for harvesting on account of rain.

Our good preachers have been praying for rain during the dry spell, and we are told that the prayers of the righteous avail much, for their prayers were answered to a certain extent and now some would like if they would reverse their petition by praying for dry weather as there is a large percentage of crop out yet.

Pasture fields are getting green again, small potatoes are getting big and turnips and roots of all kinds are rejoicing for being watered.

The good pastor of the Presbyterian church here, Rev Mr Matheson, is again occupying his pulpit after enjoying his summer outing in Muskoka.

The U-Need-a Co spent the week before last in our town and took a lot of money, as the result. Whether those patronizing were benefitted or not we cannot say.

Arch McDonald, of Francis, Saskatchewan, writes stating that frost did considerable damage to the wheat. Some are cutting it for feed while others have it fairly good. A few on the south line, Artemesia, threshed fall wheat and barley and grain turned out good.

Mrs Huggins, (Christena McDonald), is with her brother James McDonald, at the town line, Artemesia, at present, where she is going to remain for some time.

Miss Kate McIntyre of Toronto, spent a few days at home seeing her mother who is not enjoying the best of health lately, and returned again the beginning of the week.

Sunday the 1st Sep, was Gaelic day in the Presbyterian church, and as usual the venerable Mr John Campbell of Swinton Park, attended, accompanied by his grandson, Archie Campbell. The old gentleman must be in his 90th year and is hale and hearty yet.

Tuesday morning the third inst the sun rose in its beauty and many a son and daughter who were up before the rising sun on that morning never saw the setting. Our little town was thrown into excitement when the news came by wire, shortly after nine o'clock, of the terrible wreck on the C. P. R. as is known all over the world by this time. Although we are small in number in comparison to other places, yet we suffered our share of the loss sustained by the awful accident, for we lost one young man by being killed and another well known gentleman, Mr Brander, who received a severe shaking up and broken bones and is now lying in the hospital in Toronto. The young man that was killed whose name was James Bullier, was a railroader and boarded at Mrs Butters. He only came from England last fall and had no relatives in this part of the world to look after his mangled corpse.

Yet as we are living in a Christian and civilized part of the world, kind and sympathetic friends who took interest in this poor friendless foreigner saw that he got a respectful burial and on Thursday a large crowd of sympathizers assembled in the Presbyterian church here where the remains of this poor young man were taken and a funeral sermon preached by the Rev's Matheson and Berry. The remains were buried at McKeelnie's cemetery, one mile west of this place. The C. P. R. Co gave him a decent burial. Mr Brander is yet in the hospital in Toronto, with a dislocated shoulder, collar bone broken in two places and ribs fractured.

Mr J. S. Black, the good Clerk of Glenelg is in bed from the shaking up received in the wreck and probably won't be able to attend council meeting next Saturday and the council will for once feel the effects of his absence and we hope he will be around all right before long. The Rev Mr Matheson while making reference to the late disaster on the C. P. R. stated that 11 or 12 of his congregation were in the wreck and all miraculously escaped death but poor Jimmy Bullier.

Malcolm McLean, son of Hector McLean of the town line a quarter of a mile south of this place, was on the wrecked train and jumped off without a scratch. Imagine the surprise of the mother more especially when the boy landed home safe the same evening, it was as if he was risen from death as all the family expected to hear nothing but that he was seriously wounded or killed. Another young Englishman, a comrade of Bullier that was killed is lying in Mrs Butters from the effects of the wreck. It is too bad that innocent people had to sacrifice their lives and so many seriously wounded from the effects of the carelessness of those

that had control of the train for certainly it was from the effects of too fast driving at such a dangerous part of the road that caused the accident for that part of the road is always dreaded by passengers at the slowest possible speed, and think that the train was going at a speed of from 80 to 60 miles an hour at such a dangerous place, is proof enough that those at the helm overtook their business or lacked common sense in attending to their duties properly.

A number from here attended the Crossley and Hunter meetings in Durham on Sunday evening last and we were one of the number; of course we didn't hear or see anything but what we expected from those known all over the world evangelists.

They are truly great men; and their work is great also. Their manner of delivering is captivating and we hope to hear the result of their labors in causing many confessions and conversions. The singing by Mr Crossley was grand, especially that old Scotch song, "I'm far fra my hame," it brings the good old Scotch Christian in sight of his "sin Countree," the heavenly home, while listening to the aged saint's sweet voice rendering it.

### Varney.

### Edge Hill.

One of the pioneers of this vicinity we regret to chronicle, joined the great majority last Thursday afternoon, in the person of Matilda Johnson, relict of the late Jas Allen, at the ripe old age of 92 years.

Mrs Allen was born in Tyrone Co., Ireland, and with her husband crossed to this country in the early 40's and for a number of years they resided near Toronto. Coming north, they arrived at Edge Hill and have lived here ever since. Her husband pre-deceased her four years ago, and there remain to mourn her loss six sons and four daughters: Joes in the Northwest; Jas. in Alliston; Hamilton in town; David in Hopeville; John in Los Angeles, Cal.; and Robt on the 4th con; Mrs Hanna, in Mt. Forest; Mrs McFarlane and Tillie on the old homestead; and Mrs Davis on the 7th.

She was Presbyterian in faith although for a few years unable to attend service.

She has been confined to her bed for the past four years and the end though sudden, was quiet and peaceful.

The funeral on Saturday was very largely attended, the services being conducted by Rev. W. Farquharson at home and grave. The pallbearers were Jno. Weir, Adam Weir, Don McFayden, Thos McFadden, Thos Davis, Geo. Binnie. The remains were interred in the English Church cemetery. We extend sincere sympathy to the sorrowing relatives.

Mr and Mrs James Allan, of Alliston, attended the funeral of his mother last week, also Mrs Hanna, of Mt. Forest.

We are pleased to notice Mr Thos Banks is moving back from Owen Sound to his old home and welcome him again to our neighborhood.

Mr Jos Firth left last week for St. Mary's, where he will teach in the Collegiate there.

Miss M. A. Firth is visiting friends near Toronto at present.

Mrs Thos Atkinson and daughter, Artemesia, visited at Mr Jos Atkinson this week.

### Hopeville

The Rev Mr McInnes, Presbyterian minister here, has gone to the north west, on a holiday trip, also to visit his mother who is ill at present.

Quite a number from here went to the Toronto Exhibition, some of them were on the train the time of the wreck. George Watson and Miss Kussell were hurt but not serious.

This vicinity has been well supplied with visitors this summer from Toronto, Hamilton and London, and more is expected.

The rain lately has made things look better and has dampened the bush fires.

### Synopsis of Canadian North-West HOMESTEAD REGULATIONS

Any even numbered section of Dominion lands in Manitoba, Saskatchewan, and Alberta, excepting section 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres more or less.

Entry must be made personally at the Local Land Office for the district in which the land is situated, entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead conditions under one of the following plans:

1. At least six months residence upon and cultivation of the land in each year for three years.
2. If the father (or mother, if the father is deceased) of the homesteader resides upon a portion of the land enclosed by the requirements as to residence may be satisfied by such person residing with the father or mother.
3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.
