Is \$15 your price for a Suit?

Then we should like to burn into your brain the fact that for \$15 you can get all the style and as perfect a fit as can be put into a suit—as much as if you paid \$28. Of course the cloth is not so fine, nor the trimmings so luxurious, but every other way the \$15 suit is identical with the highest cost clothing.

Swinton Park.

Well Mr Editor as I have not noticed any news in your paper this last while from our town I thought I would write a few of the most interesting affairs. Show fairs and threshing are the talk of the times just now.

Mr John H. Richardson has purchased a new eighteen horse power traction engine from G. Watson. He will make the straw fly now.

Mr George Martin sold a fine team of horses for the sum of \$350.

Mr Joseph Ferris has been laid up for the last week or so but is improving again.

Miss Flo Watson visited her home Sunday last.

Some of our young people of this town took a pleasant drive up to Engenia falls lately.

A great many took in Durham show and concert last week. We hope more will attend Pricieville show this week and remember Dundalk.

A good many of our young folks went to Hopeville last Sunday evening as they are having special meetings there.

Mr Archie Campbell who has not been well for some time was home for a few weeks to have a good rest and get doctor'd up and was able to go back to his work again. We hope to hear of him still improving.

The Swinton boys have been treating themselves by buying a set of boxing gloves so times will be flashing around Swinton corner this fall and winter.

Mr George Haw and R. J. McNulty went up to the valley for a load of plums and had no trouble in selling them.

Miss Jennie Knox with good company visited Miss Flo Watson last Sunday.

Mr William Aldcorn has been getting in a large supply of flour for the fall and also bran and shorts.

Thos Magher has purchased a new plough of G. Watson so the ploughing will be done this fall.

Mr and Mrs Harry Sterne called to see friends and relations in the Park a couple of days last week.

A foot-ball match was to have been played at Swinton Park last Tuesday evening between Espin and Swinton. The Espin boys came up but it rained too hard to have a match and we hope to play them in some future time.

And we also expected to have a match between Dromore and Swinton at Swinton Park on Friday evening of last week. The Swinton boys went down to play a game against Dromore at the Foresters Picnic a couple of weeks ago but happened only half of the Swinton team was able to go, and of course we should not have played at all. But rather than stop the game and to oblige the committee of the Foresters, we agreed to play some young fellows and we even played a Dromore man to make up our number. We didn't mind Dromore beating us, but afterwards their team and outsiders did to men crowing that we didn't care to listen to it. So to correct matters we challenged them to play up at Swinton on Friday, 27th and the Swinton team was ready to play and felt quite able to reverse the score that was made at Dromore. Wednesday the 25th we received word that Dromore wouldn't come. We felt sorry but not disappointed. The writer has played foot-ball in Swinton team off and on for ten years and never played against Dromore on Swinton grounds yet but has played at Dromore against their team several times and always invited Dromore back. But they never came. We were in hopes they would come this time to let us see what they would look like at Swinton Park.

Hopeville

The Roy Mr Gibson's meetings are still going on in the Hopeville church. The large posters that were up with the names of a number of preachers on it drew large crowds to the meetings. Mr Geo Leach, although his name was not mentioned, came and stayed a few days. It is said that much good was done.

Mrs Scrimgeour, the baker here, has left Castle pinch and moved into the Ham Allen house, her son, Wm Scrimgeour and his family have moved in with her.

James Fullerton, the mail man, is giving up the mail contract and selling his outfit to James Scott, the Postmaster, the change took place on the 1st of October.

Adam Scarlett has sold his farm adjoining the village to Mr Geo Gilks.

Our neighbors are making good improvements this season, by building new buildings, all within 1 1/2 miles of the village as follows:—

Alex McEachnie, a 2-storey brick house; Archibald Ferguson a 1 1/2 storey brick house; James Din, a wall a 1 1/2 storey brick house; George Russell a frame house to be bricked next year; John Russell a frame house to be bricked next year; Wm Deyell a 2 storey cement store on the ground where McArthur's store was burnt; Reeve McArdle a frame stable; the Hopeville church people a new frame shed.

Hampden

Hampden people turned out in a body to Ayton Fair on Thursday.

Mr Norman and Miss Janet Kerr visited Hanover friends and took in the Show on Friday.

The mill was raised on Tuesday of last week and the work of building is progressing rapidly.

We are pleased to report that Mrs Fulton, Sr., is recovering her health somewhat and spent a day last week with her daughter Mrs Derby.

There are prospects of a wedding in our burg in the near future they say.

Mr D. Gilmour was roused the other night by sounds which proceeded from his cellar. Going down he was just in time to see two men disappear. They left their dog behind though and the dog is well-known.

Apple buyers have been going the rounds of the neighborhood and though fruit is neither so plentiful nor of so good quality this year they have made very good purchases.
