TWO HUNDRED ARE ENTOMBED

JACOBS CREEK.

Only One Man Escaped of All Who Went Down Into Darr Mine Yesterday-Many Celebrated St. Nicholas Day at Church, or Death List Would Have Been Greater.

Jacobs Creek, Pa., Dec.).-An ex-Pittsburg Coal Company, located here, to-day entombed between 200 and 250 miners, and there is scarcely a ray of hope that a single one of them will be taken from the mine alive. Partially wrecked buildings in the vicinity of the mine and the condition of the few bodies an explosion of such terrific force that t seems unpossible that anyone could have survived it. All of the 13 bodies mutriated, and three of them are head

This is the third mine disaster since the bituminous coal underlying western Pennsylvania and West Virginia, for the Naomi mine near Fayette city and the two mines at Monongah, W. Va., in which the earlier expiosions happened are in the same belt as the local workings. To-day's catastrophe swells number of victims of deadily mine gas for the nineteen days to between 550 and 600. That to-day's disaster does not equal or surpass in loss of life and atminers. In observance of the Church regularly employed at the mine did not go to work this morning. Those who escaped through this reason are members of the Greek Catholic Church and they suspended work to celebrate St. Nicholas

As was the case at Monongah, the explosion followed a brief shut-down, the Darr mine having been closed Tuesday and Wednesday. It was just 11.30 o'clock when the tenth trip of loaded ple, and there came an awful rumbling report and a concussion that shook nearby buildings and was felt within a radius of several miles. At the same time there came out of the mouth of the mine an immense cloud of smoke and dust that floated across the Youghlogheny River. The great clouds of smoke and dust seemed to indicate that fire had started back in the workings, and until late in the day the report was persistent that the mine was burning.

The ventilating fans were kept in op-6. a rem almost without Interruption, nowever, the power plant having withstood the force of the explosion, and up

"I was near entry No. 21," said he, power regularly and in a practical manner "when I heard an awful rumbling. I started towards the entry, but the next moment I was blinded, and for a little time I did not know anything. Then I
