Geo. Sparling Passes Away.

The sad news spread around on will be remembered that he was stricken with paralysis five or six weeks ago and was making a slow but by steady recovery, when on Tuesday he suffered a second attack which has proyed fatal. To the wife and daughters thus bereaved the sympathy of the town is extended. He was a good husband and father and only those who associated closely with him can estimate the loss.

222 The loss of Geo. Sparling as a citizen 259 causes gloom over town. For about thirty years he has been prominently in the public eye: for many years as a provision merchant and grain buyer, and latterly as sawmill owner in company with Mr. David Kinnee. In this last capacity his business was of great benefit to a large section of country by the work it furnished and the "turn

over" of money for raw material. For a goodly number of years he was honored by the citizens with a seat at the Council Board and was reave for some time. His work in council was generally commended and his business ability was recognized by 233 his appointment to the chairmanship 48 of the finance committee.

In him the Methodist Church loses a true friend and generous supporter, the town and community a man of integrity and push. He was kindly and genial in manner and his removal from the business of the town is and will be greatly noticed and regretted, The funeral will take place on Friday at 2.30.
