Great Bargains in Hosiery

## H. H. MOCKLER

The Original Bargain Giver

## TOWN TOPICS

Come and see the beautiful lace and embroideries just in at Grant's. Don't miss the Masquerade Carnival in the rink next Tuesday evening. The best of the season.

A. H. Jackson has a number of houses and vacant lots in Durham for sale.

Those who need fine table linen can get a reduction of 25c per yd on all fine bleached lines this week at Mockler's Monster Sale.

One large 12 x 14 photograph given free with one dozen of our best cabinets for a short time.

**FRED KELSEY.**  
FOUND.—Between Durham and Priceville, one gauntlet. Owner may have same by calling on JOHN CLARK, Implement Agent, Durham, and paying a quarter for this notice.

The first masquerade Carnival of the season will be held under the 31st Regimental Band auspices, next Tuesday evening, March 3rd. Good prizes will be given.

This week, great Corset Sale, 75c values for 49c, 50c and 60c values for 35c and all high class silk batiste and silk stitched corsets, regular \$1.50 to \$2.50 per pr. On sale for per pr \$1.00. Mockler's Monster Sale.

**AT THE RINK**—"yes" she said to her escort as they glided around, "I do so love skating. When we are sailing around this way, our souls seem to be floating towards heaven, and"—at this point both of her soles floated away towards heaven, while the rest of her smote the ice with a mighty smite.

**LETTER BOX AT STATION**.—Mr H. Miller, M. P., has been notified by the Deputy Postmaster General that his request for a letter box at the G. T. R. station has been acceded to and that it will be erected at once. This is good so far as it goes, but there is urgent need for one at the northern and southern extremities of the town and we hope these will come before long.

**PATRIOTIC ADDRESS**.—Thursday evening last, the postponed school concert was held in the Town Hall, but there being no instrument, Mr Edwards could not sing, hence the audience were disappointed as to the concert part. However Rev Mr Spence with his views, filled up the evening very profitably and entertainingly.

It was truly patriotic, all parts of the British Empire were passed in review, with portraits of the Royalties with eminent men and leaders of thought. Mr Spence is a good speaker, his pictures good and he made them very interesting. The collection amounted to \$21.00 but after expenses were taken off, something less than \$2.00 remained for the school.

**ARE SPECTACLES MEDICINE?**—An interesting lawsuit is in progress at Renfrew where "Doctor" Walter Harvey is being arraigned by the detective of the Medical Council for using the term "Dr." he being merely a doctor of optics. He had been using "treatments" costing \$30 to \$40 and fraud is claimed, while the interesting query is raised "Are Spectacles Medicine?" The Judge has reserved his decision.

**ASK FOR PROVINCIAL SUBSIDY**.—Representing the Owen Sound and Lake Shore Railway Co., which was incorporated to build a line from Owen Sound to Meaford, a distance of about 40 miles, a deputation consisting of Messrs Geo. M. Boyd and McLachlan of Owen Sound, waited on Premier Whitney and asked that a subsidy of \$3000 a mile should be granted. The Dominion has already granted a subsidy of \$6000 per mile. The deputation pointed out that existing lines between the two points mentioned crossed the height of land through the centre of the storm area, and invariably were blocked from time to time during the winter months. The proposed road would, they said, not only take a shorter, but a more sheltered route, and by its construction the travelling public would be greatly inconvenienced. Consideration was promised.

**STILL UNSETTLED**.—The question of armory site is not yet fixed. An option of part of the McKeezie "Park" was obtained, \$1400.00. The council met Friday evening but we understand nothing was done. The building we believe is to be 40x50 feet, with space enough behind to add 50 feet more, if desired. Such a building placed on the present Market ground, green lawn and cannons in front, flag staff, &c would have a commanding appearance, and the street leading past, would render available two building lots at the rear, so we are assured on good authority, which would sell for a sum that would help to meet the cost of a site for a new Town Hall. Every way one looks at it the proposition is attractive, and we believe the town expects the council to "go forward" and secure our first government building.

**3c Print and 5c Cotton**, Pins 1c paper Thread 3c spool and piles of mill ends and remnants at Mockler's Monster Sale.

This is the last week of February and we want you to attend the Splendid Reduction Sale. At The Big Store.

**EXTENDED TILL FEB. 29**—In order to allow an opportunity of attending this sale to those who have been kept from town by bad roads. Plenty of bargains, come with the crowds to Mockler's Monster Sale.

As most headaches as well as many obscure diseases are due to eye affections, it is important that all spectacles and eye glasses are scientifically fitted. Consult Chas. J. Western, Eyesight Specialist in Darling's Drug Store, Thursday, March 5th.

**NEW BOOKS COMING**.—At a meeting of the Public Library Board last an order for new books was sent to a Toronto firm and announcement will be made at once of their arrival. Membership costs only \$1.00 for 12 months or 50 cts. for 6 mos.

**C. O. F. BANQUET**.—The Can. Order of Foresters will hold their annual banquet in their hall, Calder's Block, on Thursday evening, March 5th, commencing at 7 p. m. Good program and refreshments. Admission to brethren 50c, which includes wife or lady friend.

**LIBRARY CONCERT**.—The third of the series of Library concerts will be held in the Town Hall on Thursday evening, 27th inst, when a varied and interesting program will be presented. The last was a great success and the committee will allow of no going back. Mark the date.

Rev Mr Jamieson will exchange pulpits on Sunday evening next with Rev H. O. Rogers, of Vaneys. Mr Jamieson will take the Ebenezer meeting at 7 p. m., after which Sacrament of the Lord's Supper will be administered. Mr Rogers takes the evening meeting here.

**ROSES AND GREEN GRASS**.—Archie McDonald, of Portland, Oregon, in re-mitting for the Review, excuses himself for being a little late, for "we have been to Alaska and just came home last week. Portland is a lovely place; one has to go away and come back again to appreciate it, roses in bud and grass all green and the sun shining over all." Hem, no use trying to sell him our old furnace!

**MR. CAMERON**.—A native of Inverness, Scotland. He was a man of great intelligence and of unbending integrity and devoted in his adhesion to the Presbyterian church. For years before his travelling days he was Treasurer of Durham congregation in which he always took a lively interest. His death will be deeply mourned by his sisters, nephews and other relatives, who looked up to him as counsellor and friend.

## The Grim Reaper Claims Many Victims

**JOHN CAMERON.**  
The death of this well-known citizen of Durham took place about 5 a. m. on Monday morning last after an illness extending over several months. It began with eczema, causing intense pain, and later a stroke of paralysis weakened him considerably. He rallied sometimes but a second stroke on Saturday last rendered him unconscious and he passed away as above.

The family of which Mr. Cameron was a member have bulked very largely in Durham and neighborhood. His brother, Rev. Jas. Cameron, who ministered in the district from Rocky Saugen to Chatsworth for many years, was an eminent divine standing high in church councils. He died many years ago from typhoid fever. Mr. Cameron's four sisters were Mrs. McLean, who, until recent years, spent part of the year in Durham, but is now in Toronto, and in fair health. She is the mother of the well-known Lieut.-Col. J. B. McLean, who with his brother Hugh have become famous as publishers of Trade Magazines. Mrs. Ross, another sister, is also in Toronto, the others, deceased, were Mrs. (Rev.) Chas. Cameron, and Miss Margaret Cameron.

Mr. Cameron and his brother-in-law Mr. Ross, were in business together in Durham in 1860. Mr. Cameron went to Priceville about 1867, and they also opened a business in Chesley for a time. After a few years in Priceville they confined the business to Durham. Mr. Cameron alone in charge. About 14 years ago he gave up the business, becoming a traveller for the McLean Publishing Co., in which position he covered the most of Canada and made one notable trip to the West Indies. He delighted in this work and fretted during his illness at the delay it caused.

During his stay in Priceville he was married to his life partner who survives him. She was a Miss Henry of South Egremont, a public spirited lady, a native of England and first met Mr. Cameron on shipboard, as their families voyaged to the New World. Their family consists of three sons, James and William in Toronto and Henry in Manitoba, two daughters Kate and Belle, the former in training for a nurse, and these will long hold in loving memory one who was an ideal husband and father.

Mr. Cameron was in his 78th year and was a native of Inverness, Scotland. He was a man of great intelligence and of unbending integrity and devoted in his adhesion to the Presbyterian church. For years before his travelling days he was Treasurer of Durham congregation in which he always took a lively interest. His death will be deeply mourned by his sisters, nephews and other relatives, who looked up to him as counsellor and friend.

**MRS. JOHN PICKEN.**  
This lady, a member of the Fulton family of Normanby, passed away on Sunday last at the age of 40 years. For several years she has been in delicate health from a wasting disease, and now her companionship and service to husband and family is severed by death. To the husband and children so sorely bereaved great sympathy is expressed. The funeral, largely attended, took place on Tuesday to Maplewood cemetery. Rev Mr Farquharson conducting services at house and grave.

**WM. SLATCHER.**  
At the good old age of 82, this gentleman passed away on Thursday last at the home of his son-in-law, Mr Geo. Wright, Toronto, where he had been since the beginning of winter. His body was brought to Durham on Saturday last where it was met by friends and conveyed to its last resting place.

Mr Slatcher, though born in England, was of Dutch descent, and came to this country as a young man learning the trade of miller. Forty or more years ago he was chief man round "Kelly's Mills," being reckoned a good stone dresser. Some years afterwards when married he gave up this business and took to gardening of which he made a success. His wife died some years ago and the deceased was carefully ministered to by the only daughter who last year became Mrs Geo. Wright. He was ill only about two weeks before his death, which resulted from heart failure, the machinery of life giving out.

## C. W. DOHERTY.

Mr Doherty, C. P. R. Engineer, who came here early in the C. P. R. construction period and had come to be looked upon almost as a citizen, died on Thursday evening last at his rooms in the Haha house. He had been ill for some time with inflammatory rheumatism, and the news that the strong robust young man of 28 years was seriously ill and later that he was dead, came as a shock to the community. During his stay here he made friends who will deeply mourn his premature taking off. Dr McLaurin, of Cobalt, an intimate friend, was visiting him when the end came. His sister was in attendance on him for some time before and other friends at the funeral were Mr J. B. Gleason, Montreal; Mr Jackson, Quebec; and Mr Gourlay, Toronto. Among the wreaths sent was one from his mother and sister, one from friends in town and one from the C. P. R. officials. The remains were taken to his home at Mattawa on Friday last.

**MALCOLM MCGILLIVRAY.**  
The death of the above gentleman took place on the 10th inst., at the home of his daughter, Mrs Wm. Fallaise, Centre Glenelg. He had been ill for about a year with a gangrenous trouble which carried him off in his 84th year.

Deceased was a pioneer in Proton, but lived for many years in Central Glenelg, where he earned the respect and esteem of all for his upright character and fine Christian demeanor. Since selling his farm some years ago he lived with his daughters in Toronto, Mrs R. Gardiner and Mrs Irwin, or with his daughter Mrs Fallaise, of Centre Glenelg.

He was of the hardy highland stock that emigrated from Mull, Scotland, about the middle of last century, and facing hardships and privations, carved a home for themselves from the forest. Donald, Neil and Jas. McGillivray, of Glenelg, are half brothers of deceased and Mrs Jas. Webber, Durham, is a sister.

He was buried in Priceville cemetery, Rev Mr. Newton being the officiating minister.

A. H. Jackson is an Issuer of Marriage Licenses, Durham, Ont.

Two rinks of Durham curlers competed for the Western Tankard last week but were defeated by strong quartettes in St Mary's and Seaford.

Chas. J. Western, Eyesight Specialist, will make his next visit to Durham on Thursday, March 5th and may be consulted in Darling's Drug Store. Read his notice on page 8.

Would you buy some 10 cts. flannellette for 7 cts., 8 cts prints for 5 cts., and factory cotton for 5 cts. That's the way these goods are selling at Mockler's Monster Sale.

Owing to train blockade, our regular news print supply is again delayed and this week's inside news will not be up-to-date. This week's instalment of story will appear next week also.

**FOR SALE**.—10 1/2 acres, township Egremont, lot 20, con 21, good level land in good shape, good buildings, twenty four acres good timber. \$1000 down. D. MCKINNON, Durham.

Mr Ward, a furnace expert, at present installing a furnace at the REVIEW Office, got a serious cut on the knee from some projecting wire, requiring the doctor's attention and several stitches. Mr Helwig, of Hanover, is completing the work.

The girls have already formed their plans for leap year. To the bashful lover they will say: "Do you like home-made bread?" If he says yes, then the reply will be: "Well, I can bake it." Then if he doesn't take the hint, they are to seize both his hands, fall on their knees, and put the question direct.

**TRAINS AGAIN BLOCKED**.—The evening train on Tuesday got stalled between Palmerston and Mt. Forest and as we write, Wednesday, p. m., it is yet uncertain if it will arrive to-night. The blockade is the result of a drifting snow on Tuesday. February has certainly been a strenuous month, bellying the fine promise of a mild winter that December and January gave.

Farmers who have orchards should tramp down the snow around their young fruit trees. The field mice must have green food and can easily bore a way through the loose snow to the tree, where it will feed on the bark, but with the snow packed down the mice cannot get to the tree. Three or four winters ago when we had the deep snow a lot of young trees were ruined by mice.

## N. P. Cement Co's. Annual Meeting

**Old Board Re-elected.**  
Wednesday last week from 150 to 200 shareholders of the N. P. C. Co. met in the Labor Temple in Toronto in Annual Meeting to discuss the business of the year. The Directors came in for considerable criticism for alleged delinquencies and an attempt was made to bring out new men who would run the institution more economically than has been done. Though some good names were put up, the voting showed decisively in favor of the present board, a strong reason for this being no doubt that the same men who had undertaken to exploit the new marl beds at Hanover should shoulder the responsibility of success or failure in their operation. Besides a few days previously a 5 per cent dividend had been declared and this strengthened the management as it was bound to do, even though it is certain a debt of substantial proportions exists. However Manager McWilliams assured the "Toronto News" that he was perfectly satisfied with the condition of the Co., and none should know better than he. As we pointed out some weeks ago there are healthy orders for the season of 1908 and with the C. P. R. handling the splendid new marl in the Hanover deposit, there should be a profitable season ahead.

One paper speaks of "a phalanx from Durham" being dissatisfied, of crumblers because they are disappointed office seekers, of shareholders who want to run the works as if they were a corner grocery, of others who think managerial duties should be required at 35 cts an hour, &c. All such statements would be better unsaid; there are grumblers far removed from Durham, there are experienced men of business who honestly think expenses should be and could be curtailed without impairing the efficiency of the plant one iota, and there are others who would rather wait for dividends than endanger the plant by debt.

We have lived long enough to know we can't have everything our way. There is enough about the plant to be proud of. Its output has invariably given satisfaction; that it has vitality is shown by the difficulties it has surmounted; the prospects for the coming year are bright and the Directors with the new honors upon them will feel a responsibility that will urge them to their best.

## Sale Register.
