The funeral of Mrs Cameron took place to the cemetery in this place on Tuesday last, the 18th Feb. The funeral was largely attended as she was one of the old residents of Glenelg. She lived over the allotted time being in her 85th year. The Rev. Mr Matheson preached the funeral sermon. As we expect some other correspondent will be giving a more historical sketch of her life we will say no more at this time.

One evening lately a grand presentation was made to Mr and Mrs Thos. McDougall formerly of the south line but now of Durham. The presentation was made at Mr McDougall's old home, south line, Glenelg, being at five o'clock. As circumstances prevented us from being there we are not in a position of giving the address, but as the composer is a man who takes great interest in being a leader generally in starting these presentations we are assured he will give a good account of the gathering which we understand was a good one.

In reading the report of the Presbyterian church in this place, we notice a slight mistake, where it reads that the secretary received fifteen dollars. It should be treasurer. We make this correction for fear some might be thinking the managers were very extravagant in giving the secretary so much for so little to do. The secretary doesn't get anything, but the treasurer doesn't get half enough for his trouble and responsibility.

A Durham man went home a few evenings ago and casually remarked, as he hung up his hat and overcoat. "I see women's hats are sold at actual value in Indianapolis—a wife was bought there recently for five cents."
