REV. J. A. MATHESON.  
 Priceville Honors Their Pastor on his 10th Anniversary.

In last week's REVIEW there appeared an excellent address from the congregation of Swinton Park, to the pastor, Rev. Mr. Matheson, and a splendid likeness. Although we are a little behind in presenting our appreciation of our good pastor's service for the last ten years, yet we are none the less admirers of his noble service during that time.

We take the liberty of presenting this address through the columns of the REVIEW.

To the Rev. J. A. Matheson, M. A., B. D., Pastor of St. Columba Presbyterian church, Priceville:  
 Rev and Dear Pastor,

In looking back at the ten years you have completed as pastor of our church in Priceville, it seems that the time is not long since you came among us, but to look forward for ten years into the future it seems far, far, away and who is there among us that will see another ten years. No living mortal knows, but one thing is sure and certain that many who are enjoying the privilege of listening to your messages to us Sabbath after Sabbath during the past ten years will be, in the year 1918, mouldering in the dust from whence they came. You came among us as a stranger in a strange place, but your kind and unassuming disposition led us to learn in a short time that you were one of ourselves, for by your incessant visits you have endeared yourself to all you have come in contact with, irrespective of denominational feelings. In the pulpit and elsewhere you have proved yourself to be a noble example to many of your co-workers in the ministry. You have stood beside many a sick bed, you have spoken words of comfort to the sick and dying, you have pleaded with them earnestly to look forward unto Him who said although this earthly tabernacle be dissolved and crumbled into the dust there is a home awaiting in the House of many Mansions. You rejoiced with us in prosperity and you sympathized with us in adversity, you have spoken words of cheer and comfort in many a home where you were called to administer the funeral obsequies of a departed father, mother,

sister, brother, wife or husband. Your entreaties to the bereaved ones were always to look unto Him who said, "I will not leave you comfortless, etc." We have always found you a strict observer of all the duties entrusted to you as pastor, and your denial in attending to our Sabbath school after service (when time is limited) shows that you have great interest in that noble work also.

To your fellow countrymen you continue to give them service monthly ungrudgingly, in their dear mother tongue, the Gaelic. You have frequently tended the marriage altar and united loving hearts. In conclusion we sincerely hope that you may be long spared to continue the noble work which you are engaged in, in St. Columba church, Priceville, during the past ten years and that you and your estimable partner, Mrs. Matheson and family be blessed with the comforts of life and finally when laid aside (which we hope will be by the infirmities of old age) may yours be the well done good and faithful servant.

In behalf of St. D. McInnes, Chair'n, Columba church, Bd of Managers, Priceville, April 6th, 1908.  
 J. McDONALD, Sec.

Owing to the bad roads during the month of March we have decided to extend our sale of Waltham Watches in order to give the general public the advantage of getting a gold watch at cost.

This is no joke when we say cost; as even the T. Eaton Co. can't compete with our present prices. \$10.00 and \$11.00 for the best twenty and twenty-five gold case. Some are fifteen jewel movements.

**The Agnostic Critic.**

If there be any characteristic that protrudes more than another from the mental periphery of the modern agnostic critic it is his immanent sense of his own infallibility coupled with his certainty of the very weak mentality of all who differ with him. He is so habituated to this mental state that he is no longer conscious of it, though the protuberance is as apparent to the less gifted as the nose on the face of Punchinello. The time not absorbed and enjoyed in contemplating the all-comprehending wisdom of his Ego is squanderingly devoted to the impossible task of dragging his less gifted fellow mortals up to his own high altitude. He does not expect to succeed, for he knows, they have not brains enough to endure so elevated and attenuated an intellectual atmosphere; but he must, to prevent explosion, have some vent, or safety-valve for his activity.

He begins by denying all certainty, except his certainty, that nothing is certain. His genius, if he has any, is destructive, like rust that destroys the strength and usefulness of iron. He constructs nothing, gives no information, for he denies the ability of the human mind to know anything with certainty—his own mind of course excepted. Starting out on the basis that truth is unattainable, he proceeds to astonish and enlighten the world with the truths he has to deliver. As the Creator made nothing in vain we must suppose there is some use for the agnostic critic that, like other mysteries of nature has not yet been solved.—N. Y. Freeman's Journal.
