The Durham Review
THURSDAY, APRIL 23, 1908

MR. NEIL McCANNEL

As will be seen elsewhere the above well known gentleman is to be the Liberal Standard Bearer in the coming elections and judging by the enthusiasm which marked the large gathering, the heartiness of the support promised, and the absence of all jealousy or rivalry, the party has a candidate worthy of honor and worthy of winning in the coming contest. Our space this week is so limited that we shall defer a fuller notice till next issue, meanwhile congratulating Mr. McCannel on the confidence which has placed him in the front of his party.

Mulock

Mr Jno Readford has arrived home from Etiston, after three months, visit with Rev. O'Neill and family.

Miss Harrow, teacher, is spending her Easter holidays at her home in Priceville.

Mr Jim McDougall had a ploughing bee one day last week.

Mr Jim Heughan and daughter visited Walkerton friends last week.

Mr's Long and son visited the formers parents a few days last week.

Mrs McDonald, Sr., arrived home after spending a three week visit with friends at Shallow Lake and Owen Sound.

Mr Harry Empe has the contract of repairing Mr R. Britton's lime kiln.

Mr Squire had the misfortune to lose a valuable cow last week.

Mr and Mrs Donald McKinnon of --- is visiting the formers mother at present. We are pleased to see him home again as it is nine years since he was here.

Mr John Readford, of Owen Sound, is visiting Mr and Mrs T. Jones at present.

Mrs K. Hall is visiting friends in Hanover this week.

Most of the farmers in this locality has started plowing, others are busy making maple syrup.

Finances of Ontario.

Even the most enthusiastic supporters of the present Ontario Government cannot claim that a record for economy in the handling of the public funds has been the strong point in the record made by the Whitney Administration.

The total expenditure of the Province in 1908 was considerably less than \$5,000,000. The ordinary expenditure last year, as appears by page 4103 of the Public Accounts, was \$7,714,400. The appropriations for 1908 call for practically the even \$8,000,000. Thus the increase in outgo in the five years is roughly 60 per cent, as against an increase of 38 per cent in the expenditure of the Dominion Government during the five years ending with 1907.

Coupled with the increase in expenditure there has been an addition to the Provincial indebtedness. In 1904 the debt incurred on account of railway and annuity certificates, and the building of the Temiskaming road, totalled less than ten million dollars. In 1907 the debt on the same account was over fifteen and one-half millions, and an entirely new obligation of \$30,000 had been created to provide for an annuity of \$30,000 a year to Toronto University.

Furthermore the accounts are kept in such a manner that full details of the expenditure and debt are not clearly shown. When the late Government was in power the salaries of the several Ministers were voted openly year after year. The sum of \$7,000 was placed in the estimates for the Premier, and \$4,000 for the other members of the Government. Under the present Administration with a salary of \$9,000 for the Premier and \$6,000 for the other members the several amounts do not appear in the estimates of all. The excuse given for failing to place these in the estimates is that when the increased salaries were voted a statute was passed authorizing same, and that under these circumstances the amount does not require to be voted year by year. Under the old Government, again, what the University received was voted with the other estimates; under the new the University received last year nearly \$332,000, but not one dollar of this appeared in the estimates of the year, this outlay also being recorded in bulk as paid under special statute.

If the pace fixed in the first four years of power is not checked, we shall soon have an expenditure of \$10,000,000 a year, and a Provincial debt of \$25,000,000.—Toronto Star

Glengelt Council.

The Council met April 11th, pursuant to adjournment. All the members present, the reeve in the chair. Minutes of last meeting read and confirmed. Communications as follows: Lucas, Wright & McCardie, re Bell deviation, Chas Ramage balance of account for printing for 1907, John McLaughlin, account for emergency work on T. L., G. & A.; D. McCaskell, an account for gravel: a

HARDWARE AND FURNITURE

Paints, Varnishes, Oils, &c.

We are now Agents for a choice selection of **ENGLISH LIQUID HOUSE PAINTS**

Mixed ready for use. They are Pure Linseed Oil Paints and the White Lead used in their manufacture is Brandram's B. B. Genuine. They are superior to any liquid paint on the market to-day, and if properly applied, are guaranteed to give satisfaction. Full directions accompany each can.

You may buy cheaper and poorer paints, but it is a case of being 'penny wise, and pound foolish.' Low Price indicates poor quality in a commodity so subject to competition as Mixed Paint.

Count your paint cost by years of wear, not by first outlay only. It costs just as much and sometimes more for labor to apply cheap poor paint to your house as it does to apply

English Liquid House Paint

Besides English Liquid House Paints will actually cover more surface per gallon than poor cheap paint, besides imparting a finer, more beautiful and more durable finish.
