Foster and Guthrie.

Mr Hugh Guthrie delivered a very comprehensive and carefully prepared speech on the budget, in which he answered most effectively the fallacies of Mr Foster. He closely analyzed the figures of that gentleman and showed how he had twisted and turned them to bolster up his arguments. Mr Guthrie showed how Mr Foster had taken the lean years and compared them with the fat ones, to the disadvantage of the Liberal side of the question. Instead of coming right down to date he invariably stopped in his comparison when the figures were against his contention. Mr Guthrie in many instances supplied the missing figures, which gave an entirely different complexion to Mr Foster's argument. He proved

the evident desire of Mr Foster to mislead the electors by choosing just such figures as would fit the point he had in mind, utterly ignoring the fact that additional ones brought down to date would have proved the very contrary of his argument. Mr Guthrie's speech made sad havoc of the Foster contention and will prove of great interest throughout the country, where it will be extensively read.—Ex.

—Sir Wilfrid Laurier has always been in favor of clean administration. He never failed to respond to the demands of the Opposition for an inquiry when they put forward charges that could be understood. Therefore, he has granted a Royal Commission to investigate the wrongdoing on the part of officials of the Marine and Fisheries Department.

Adieu to winter! Spring has him deposed And now assumes the sceptre in his stead.

O what a glory doth the world put on in the beautiful Spring, when all Nature is aglow with pulsating life. The tender buds of April are opening their bosoms to the wooing sun, which awakens them to the smile of the azure skies and the song of the rippling brooks; the tiny green blades of grass, peeping in countless myriads from their winter graves, are decking old Mother Earth in a garb of intrinsic beauty; the timid violets and other delicate Spring beauties, fresh from the hand of God, are popping up their heads in glad and gien and laughing in the glowing sun, while the joyous notes of the feathered songsters fill the air with strains of melody, akin to the music of the angels, all combining to make the glory of Spring a thing of beauty and a joy forever. As Spring is the period of growth and expansion in Nature, just so in life, we all have our last Spring, and if it is a Spring of eager preparation for our life's ideal, it will wax into the Summer of noble work and mellow in its turn into the serene autumn of glorious fruitfulness.

A gifted lady is Miss Mamie McKnight, of the Queen City, who spent a pleasant Easter vacation visiting her parents in the village. Rural schools reopened on Monday when the following teachers returned after a pleasant Easter vacation, Miss Robertson, from Dundas, Miss Ingersoll, from Warton, Miss MacDonald, from Durham and Miss Phillips, from Strathroy.

Mr Geo. Skene left on Monday morning to seek his fortune in Western Canada, his destination being Calgary, Alberta.

Miss Margaret Hughes reassumed her duties as teacher in Holland Centre public school, after spending the Easter vacation at her home in Sullivan.

Mr Jno. Turnbull left on Thursday last for British Columbia, having secured a lucrative position in connection with the mining industry of that province.

The warm Spring weather and balmy showers have produced a maximum of growth during the past few days. We sincerely hope this luxuriant growth may continue, as fodder, in this vicinity is as scarce as buckwheat cakes in August.

Hopeville

The Aberdeen correspondent wants to know if the young man that shovelled the snow into the farmer's sleigh of Beer Street, Hopeville, gets going there to see his girl yet at the farm house. We can tell him that he got such a dressing down by the Beer Street farmer, that he would not venture there again. There is some substantial people on Beer Street that do not change their minds easily.

Born.—On Sunday morning, 26th, to Mr and Mrs Alex Russell, of our village, a daughter. Pleas'd to say all is doing as well as can be expected.

Wm Burnett's hand is alright again and he is hammering away in the shop again.

William Seringer is hired with James Mitchell, Jr., for the summer at good wages.

Alexander Russell is going to work with the Dingwall brothers this season.

William Dingwall went to Holstein and Dandak Spring Show and came home with the first prize ribbons for his horse.

David Bilton, of the hotel, took a business trip to Toronto last week and since has taken one to Conn.

Mrs P. McArthur is improving but slowly.

Mr J. H. Scott, P. M., who has been sick nearly all winter is improved considerably. He was able to drive to the Epiphany church last Sunday for the first time since early winter.

Brownsville.

Intended for last week Mr Findlay Clark has purchased the Wm Haw farm at a reasonable price. We are glad to have Findlay remain with us as a neighbor and wish him every success.

Malcom McCannel had the misfortune to have one of his horses break its leg last week. No reason can be given for the accident as the horse was standing in the stable at the time. The Vet was called and expressed hope of saving the animal.

G. L. R. Haw lost his well-known horse, "Climax," old age was the cause.

Malcom McCannel is engaged with H. McMillan for the seeding.

Dug McCannel who has been suffering from an ulcerated jaw, is much improved. The boys turned out and cut a fine pile of wood for him. Everybody worked with a will for Dug is a jolly good fellow and always willing to give a helping hand himself when needed.

At Cooktown on April 16th last Mrs. (Rev.) Humphreys passed away and was interred in Mount Pleasant cemetery Toronto. Deceased was married in England and coming to this country with her husband, accepted their first change on the Euphrasia circuit, residing in Markdale. They afterwards spent four years in Priceville, where he had charge of the circuit there.

Lots were drawn as a jest at a dance in Asherville, North Carolina, to see who should be married, and Mr J. A. Brookshire and Miss Kathleen Gearty, on whom they fell, were compelled by the other guests to go through a marriage ceremony. The couple are now petitioning for a divorce on the ground the marriage was only a joke. No doubt a divorce should be granted, but these young people should be sentenced to serve six months in the Idiot Asylum.—Saturday Night.

While the way freight crew were trying to make a coupling on a coal car at the head of the spur in the station yard last Monday evening, the coupling did not catch and the car started down the incline at terrific speed. A brakeman on top quickly descended. When the car reached the market scales it ran into several others there with the result that many repairs will be needed. Several people along the route thought a cyclone had struck the town. Fortunately no one was in its way at the time.—Fergus News-Herald.

SPLENDID SHOW OF HORSES.—The Annual Spring Show under the auspices of the Egremont Agricultural Society was held here on Tuesday afternoon of this week and proved a decided success. The weather was fine though somewhat cold and a large crowd of farmers from the different parts of the township were interested spectators. Mr Oliver Jarvis, of Simcoe, was sent out by the department and decided the prize winners and we believe gave very general satisfaction of course there were a few disappointments at the awards but this is almost always the case. The keenest competition was in the aged Imported Clydesdale class there being seven entries. The winners in their class being "Baron Hamilton" owned by W. & R. Dingwall, "St. Clare" owned by Steve Moore and "Baron Hugo" owned by F. Russell. In the four year old Imported Clydesdale class Steve Moore's "Bay Acme" secured the red ticket there being no competition. Three fine horses lined up in the Clydesdale Canadian bred aged class and the prizes were awarded to John Arthur's "Pride of Castlemore", Alex McDonald's "Maclean" and C. McKob's "Sir Walter." F. Russell's "Lord Russell" was awarded first in the three year old class. Only one horse in the Percheron class was exhibited that being Jno. Hes' "Furgo" In the light class T. J. O'Neill's "Robert J." and J. Morley's "Cold-water" took first and second respectively. There were sixteen entries in all and the result is most gratifying to the society.—Holstein Leader.

5,000 Facts About Canada. The 1008 Edition is out of that most useful and valuable booklet, "5,000 Facts about Canada," compiled by Frank Yeigh, of Toronto, who is widely known throughout the Dominion as an authority on things Canadian. Nearly 25,000 copies were sold of the 1907 edition, the demand coming from every part of the Continent and the British Empire. The idea worked out, that of a concrete fact in a sentence, is an excellent one, the data being arranged under such self-indexing titles as area, agriculture, banking, commerce, finance, mining, railways, wheat fields, etc. The wealth of material contained in small space is a revelation to even a well informed Canadian of the standing and resources of the country. The book is published at 25 cents a copy by THE CANADIAN FACT PUBLISHING CO., 627 Spadina Avenue, Toronto, Canada, or may be had from Newsdealers.
