We congratulate him on his appointment knowing that he is well qualified for the position. Moosomin however will be sorry to lose his services. Snell, brother of Mr. Jno. Snell, Durham.

TRADERS' BANK IN DURHAM.—Last Saturday's Toronto World had an item of news of interest to Durham. It was that a branch of the Trader's Bank was to be established here. We learn since that the branch will be established at once, in the old Sovereign Bank premises, and an effort is being made to secure J. C. Telford as manager. We hope the growing business of Durham will furnish the wherewithal to keep the new Bank in good heart, without cutting unduly into our old standby, the Standard. Many interests will be pleased to see the popular "J. C." amongst us again.

ENLARGING THEIR STORE.—Finding their present room inadequate for their requirements, Messrs Lenahan and McIntosh are enlarging their store by building a brick addition to the rear, the same height and width as the present building. The Ritchie Bros. have the contract, the foundations are being finished this week, and it is expected to be available for use in a couple of months. The new addition is to extend 35 feet back, the ground floor of which will be utilized for a store room, while the second storey will allow of greater display room for their large furniture stock. When this is completed with a total length of 105 feet, the firm will possess one of the largest stores in town, besides one of the most complete hardware and furniture establishments in this section of the province.

RAILWAY SNASH.—The night train north on Saturday evening last was delayed till early midnight by a smash near Moorefield. An empty freight car had got on the track and the train smashed into it. There was considerable wreckage, and the fireman suffered some injury.

Covering the present Provincial election campaign, The Globe, daily, may be had at the remarkably low rate of 25c. Every where the Globe is recognized as Canada's National Newspaper. Always clean, fair and accurate, The Globe is pre-eminently the paper for the home. As a news-gatherer and exponent of public opinion The Globe stands unrivalled. The best interests of the people has been its guide for sixty-four years.

BEFORE THE P. M.—Messrs Gaffer and Bailey, two young men employed at the cement works, were on Monday last brought before Police Magistrate Telford on a charge of assault. They had gone into the stable of Even and Hinds, persisting even when ordered out and had there used the fists. It appears they had provoked but the Magistrate ruled they were trespassers as well as aggressors and fined them each \$1 and costs or 10 days. The costs added, the fine will amount to \$5 each.

THE MERCHANTS BROKER'S SALE.—As a result of publicity by striking advertisements and widely spread red ink posters, the McKeech's are here on Saturday last—the opening day of a 21 day sale—was crowded for most of the day and far into the night with a good natured crowd of purchasers all eager for the bargains advertised in their many lines of goods. At one time in the afternoon the doors had to be closed and though there were 9 or 10 additional clerks, there was, it is said, room for more. The cash carriers, installed some years ago, were going full blast, a young lady, wife of one of the clerks, made a nimble cashier. Guessers were venturing that almost \$1000.00 cash was taken in, besides considerable value in produce.

W.M. CALDER, Mayor of Durham

This week we present a good cut of the present head of the municipality of Durham, than whom few men in this district have been more in the limelight. He has never for the last dozen years or more been in the least danger of the "woe" that comes "when all men speak well of you." (Luke 6: 26.) Of course we have no reference to him as a private citizen or neighbor or friend, in which capacities as well as in his successful business career no one can throw stones. But in his attitude on public questions he has often roused an opposition that has more than once or twice been detrimental to civic progress. We are not concerned at present as to the rights and wrongs of the contested questions, we have not always seen eye to eye with him, but few will deny that in spite of what his friends would call firmness and what his foes would call stubbornness, mulishness, obstinacy, etc., he has been a useful public servant, and has acquired a knowledge of municipal law not surpassed by any one in town.

It was during one of his terms as mayor that our fine new system of sidewalks was inaugurated. In the early days of the Furniture Co. he was always a popular choice for Director but big stockholders crowded him out, many thought much to the disadvantage of the concern. There was a time in the early days of the Cement Works, when he stood alone in his advocacy of promotion measures, and had the satisfaction of seeing others come round to his view. He has taken a prominent part in securing and retaining other industries giving no small amount of his time thereto.

He has been beaten several times, but by small majorities and was always a good loser. At least once he stepped voluntarily from the mayor's chair to a council position and more than once was solicited to run when business or other interests prevented.

In this present year and by a few of the council board he has been looked upon with a suspicion utterly unfounded. The charge has often been made that in office he runs a "one man council," an impossibility on the face of it. In no way can we account for the suspicion except on the hypothesis that a fear exists that to be on Calder's side, even though he is right is to incur a reproach! We pen these lines thinking it time that an unreasoning antipathy should cease.

Under Local Option.

Friday last, for, we suppose, the first time in its history, Durham was without a license to sell intoxicating liquor as a by-product. The change caused no excitement: we were told there were a few more drunks than usual the night previous, but our hotel men have in the meantime kept right on "keeping hotel," without the accompaniment of the bar and we hope they will find in the business, a success they never deemed possible while dealing out the "brewster."

It may be that the price of meals and accommodation will go up, this is to be expected, nor should friends of temperance grumble. The thought should be far from pleasing that cheaper meals have been obtained because the drinker and the drunkard have contributed towards their cost. Let every tub stand on its own bottom.

Stories are already afloat about groups of young men laying in supplies, &c., but we hope for better things from our young men. The ambition to shine in a drunken orgy can appeal to but very few, the craving for the liquor must be equally limited one would hope, but it is possible the desire to defy the law may prompt a few to go regrettable lengths. One thing is certain there is an especial duty laid on the officials

at this juncture to nip all illegal out-growths in the bud, and it is no less a duty for every citizen of mature years to frown upon, and if necessary take action upon, all violations of the law.

Happy Guelph! A tax rate of 14 mills.

A fine assortment of ladies' Underwear at KATE COCHRANE'S, opposite Scott's store.

Markdale carried a by-law Monday to install a \$2000 system of water-works by 3 majority.

Many of the farmers in the country surrounding Chesley are installing telephones, thus acquiring town connection.

There's no race suicide in Hanover. Sixty-two young hopefuls started school after Easter holidays and twenty-five of them had to be bundled off home for lack of accommodation.

Now see what will happen. They are training the Indian runner Longboat, to send him to the English Marathon to represent Canada, and like as not the British public will be confirmed in the grotesque opinion that Canada is a land of bears and Indians.

Rev. Mr. Kendall, of Drumore, was very unexpectedly called last Monday to attend the funeral of his mother who lived in the town of Onatnam. At Mr. Kendall's request some important events were attended to by his neighbor Rev. John Little of Holstein. Mr. Kendall returned on Friday. He has the sincere sympathy of his many friends in his town.

For the first time this season, Durham's new Regimental Band, in their fine spic-nan new costumes, will play on the corner this, Thursday evening. New caps have also been ordered and under Banimaster Hawthorne's steady training for the past few months, the boys are rapidly getting into shape for the summer and the Quebec ten-centenary. They are engaged for Dravnton's celebration on the 24th.

CHANGE THE LAW.—In our local opinion case at the higher courts, comment and condemnation has been given to Clerk Vollett because he voted on the two by-laws. It is well known that as between candidates he has no vote, unless there be a tie, when he votes and decides it. But in a by-law vote, should there be a tie, the law says the measure is lost and where does the clerk come in? Now if the Law says he cannot vote on a by-law, will some one tell us why he is disfranchised? Why he cannot protect his own property or his home? Change the law.

Town Baseball Schedule.

To the Electors of South Grey.

Gentlemen,— It is reported that I have withdrawn from the campaign. Why such a report should be circulated is beyond my comprehension, unless the wish be Father to the thought.

I wish it distinctly understood that I am a Candidate for the representation of South Grey, in the Legislature, and if elected will endeavor to give the closest attention to the affairs of the Province in general, and my Constituency in particular. It is my intention to conduct the campaign free from everything personal, of everything that will cast a reflection on myself, or the Electors of the Constituency. If I cannot be elected by the aid of what is perfectly defensible, I do not wish to be elected. It is my wish to emphasize the moral side of politics and fight fair, so that when the Election is over, I can look back with satisfaction, knowing that I did not depreciate politics.

I am, Respectfully yours,
NEIL McCANNEL.
