10 Reasons Why Voters Should Vote For Neil McCannel.

1. Because he is a farmer with the inclination and the intention of devoting himself to his parliamentary duties, rendering a worthy service to all the electorate.

2. Because as a farmer, knowing farming conditions, he condemns the creased the expenditure per capita as much as in the preceding 33 years, this increase being largely in departments that do not benefit the every line. farmer.

Because Mr. Whitney, though receiving an enormous majority, yielded to the spoilsmen, almost a clean sweep being made of the Liceuse Inpectors and in the last days of the session gave grants and guarantees into the millions.

4. Because Mr. Whitney broke his own promises as to giving a measure ot Law reform, ending the session with another promise, which may also be broken.

5. Because of the muddling they made of School legislation almost taking all power out of Trustees' hands, until the indignation of the public and pressure of the opposition compelled them to withdraw it. Besides, their vacillating policy as to Model Schools is not in the interest of the poor man.

6. Because the Conservative treat-ment of Northern Ontario has led to a dangerous secession movement.

7. Because the government bungling and procrastination on the power question resulted in losing for the Province the valuable asset of Niagara power.

8. Because of the government's lack of trust in the people that gave them their big majority, as shown by the unnecessary Redistribution Act and the manifest intention shown therein to increase the Conservative chances, especially in Toronto.

9. Because Dr. Jamieson when in opposition, wanted the number of members reduced to 60, wanted the boundaries of constituencies to be fixed by judges, and redistribution only after a census, yet a few weeks ago he voted to increase the members to 110, to have a redistribution, even when there was no census, and that a committee of 5 Conservatives and 3 Liberals should change the Constit-
