10 Reasons Why Voters Should Vote For Neil McCannel.

1. Because he is a farmer with the inclination and the intention of devoting himself to his parliamentary duties, rendering a worthy service to all the electorate.

2. Because as a farmer, knowing farming conditions, he condemns the extravagance that has in 3 years increased the expenditure per capita as much as in the preceding 33 years, this increase being largely in departments that do not benefit the farmer.

3. Because Mr. Whitney, though receiving an enormous majority, yielded to the spoilsman, almost a clean sweep being made of the Legislature and in the last days of the session gave grants and guarantees into the millions.

4. Because Mr. Whitney broke his own promises as to giving a measure of Law reform, ending the session with another promise, which may also be broken.

5. Because of the muddling they made of School legislation almost taking all power out of Trustees' hands, until the indignation of the public and pressure of the opposition compelled them to withdraw it. Besides, their vacillating policy as to Model Schools is not in the interest of the poor man.

6. Because the Conservative treatment of Northern Ontario has led to a dangerous secession movement.

7. Because the government bungling and procrastination on the power question resulted in losing for the Province the valuable asset of Niagara power.

8. Because of the government's lack of trust in the people that gave them their big majority, as shown by the unnecessary Redistribution Act and the manifest intention shown therein to increase the Conservative chances, especially in Toronto.

9. Because Dr. Jamieson when in opposition, wanted the number of members reduced to 60, wanted the boundaries of constituencies to be fixed by judges, and redistribution only after a census, yet a few weeks ago he voted to increase the members to 110, to have a redistribution, even when there was no census, and that a committee of 5 Conservatives and 3 Liberals should change the Constituencies.

10. Because Dr. Jamieson owing to his many cement and other interests cannot give and has not given the efficient service South Grey deserves and requires.

LETTERS to the EDITOR

To the Editor of the Review. Dear Sir, In last week's Chronicle the Editor makes a reply to the 10 reasons in the Review why ratepayers should vote for McCannel.

He says that McCannel is not a farmer. We beg to differ with him on that point for Mr. McCannel was one of the most successful farmers in the Township of Lennox and was raised on the farm he sold a couple years ago. It would be just as applicable to say that the Editor of the Durham Chronicle was a school teacher as to say that McCannel wasn't a farmer for although he changed his occupation it did not deprive him of his knowledge of how to teach school. In like manner Mr. McCannel being a practical farmer knows the exact thing of farming consequently he holds a claim on the farming community to patronize him with their support at the coming election.

I do not wish to quote the Editor's clutches nor do I intend to become his antagonist through the press but it really makes a person feel his when he sees a gent-man like Mr. McCannel sneered at by the Editor of that paper.

As for the necessary qualification required to fill the office of an M. P. I think Mr. McCannel although he hasn't the suffix M. D. to his name, is as capable to fill the office as our friend the Dr. and if it was necessary ten more reasons might be given why Mr. McCannel should be supported. It is said that the Dr. cannot be excelled as a representative of South Grey and that he should be re-elected. Well let us see. At the last session of the Ontario Parliament our friend the Dr. brought up a motion in the house to the effect of withdrawing his assessment or in plainer words to have the assessment done every three years, whether this was a bunkum motion or not we cannot say but how- ever it was voted down by the Dr's own party. Now if our good friend the Dr. had weight with his party the motion ought to carry for it was a reasonable one but he forgot to add to have the assessment done in a more suitable time than it has been for ages past, i. e. commencing on the 15th February.

In conclusion I would urge on all that have a leaning toward Liberalism to come out on Monday the 8th June and cast their votes in plain crosses in favor of McCannel without fear or favor. By so doing the old south riding of Grey will be restored to its former stand in years gone by and in favor of McCannel. Mr. McCannel has more friends in South Grey than the Editor of the Durham Chronicle predicts. I am yours, A SOUTH GREY FARMER.
