THE EXCURSION.—The Farmer's Institute Excursion on Saturday last was patronized more largely than former years. About 120 got on at Durham and liberal additions were made at way stations. They had fine weather and were well-treated as usual at Guelph. Quite a few took advantage of the stay over privilege to visit friends over the week end.

THE NEW RINK.—Mr. Jos. Brown has got most of the big roof trusses in position on top of the posts at the new rink. It is an operation requiring considerable engineering skill "main strength and awkwardness" being totally useless. The Sons of Scotland had hoped to have the privilege of opening it with their first of July Big Concert but it won't be ready so the old rink will be used.

PICNICKED AT BELL'S LAKE.—A merry party composed of the members of the Presbyterian Choir and a few friends, last Friday spent a very enjoyable day's outing at this famed picnic resort, about 15 miles north-east of here. The day was spent chiefly in boating, for which there are unequalled facilities. The lake proper is in reality a combination of several small lakes studded with islands and by channels of varying widths, and in passing through, changes of scenery of indescribable beauty are continually being presented to the eye.

"THE STANDARD OF EMPIRE"—This is the name of a new weekly paper published in London, England, with the ambitious aim of uniting all parts of the British Empire by a journalistic bond. The first three numbers have reached this office and they certainly are filled with interesting matter from all "over-sea" points. No advertisements are received from outside the Empire, and the tone of the paper as well as its purpose is admirable. It is interesting and broadening to see alongside of familiar Canadian topics such questions as the suspension of Dinizulu's salary, agitating Natal. Federal old age pensions in Australia, Failure of the Minimum wage in New Zealand, a record cod year in Newfoundland, and so on. Price is 82 per year. Send to Toronto News Co., Toronto.

Congratulations to Miss Amy Edge, who has confirmed and continued her brilliant student career, by passing with honors, the recent examinations of the Faculty of Education. She has now first class standing. Mr Thos. Firth also took honors in his University course.

THE MAJORITY.—Since our last issue some changes have come to our notice and as far as we can figure it the majority for Dr Jamieson is 263. As there is still some doubt, and as Returning Officer Grant does not make his declaration until Thursday—too late for this week—we are deferring publication till next week when it will be certain.

Priceville and Swinton Park Presbyterian Anniversary Services are to be held on Sabbath June 21st. Rev. T. Wilson, of Walkerton, will assist the pastor on the occasion. Mr Wilson will also give his lecture, accompanied by 150 lime-light views, at Priceville on the following Monday and at Swinton Park on the following Tuesday evening. A grand supper will precede the entertainment in both places. Admission 25 and 10 cts.

Women's Institute Workers.

South Grey Women's Institute held their annual meeting on the 5th of June, after a very successful year. S. Grey district has 6 branches. Elnwood, Hanover, Ayton, Durham, Holstein and Dromore, with a membership of over one hundred and twenty-five. Each branch has their own officers and hold their own meetings and the district officers preside over all the district. Officers for this year: President, Mrs R. Pettigrew, Varney; Vice Pres., Mrs J. Schenck, Ayton; Sec., Mrs Thos. McGirr, Durham. Mrs McGirr, the efficient Secy., has handed in the following report:

On the 9th of June we had our delegates, Miss Bell and Miss Burnaby. About 70 ladies were present to hear them. Miss Burnaby's address being on comparisons of food, milk, eggs and cheese, and a talk on "The Education of our Girls." A duet by Miss Jean Brown and Mrs Stonehouse was a pleasing part of the program. Miss Bell gave us a talk on food for invalids and how to make a screen for the sick room. Also, a demonstration in bandaging was very useful and practical. A vote of thanks was given to our delegates for their instructive addresses and the meeting was closed by singing "God Save the King."

Off to Camp.

Tuesday morning, with much more than the usual éclat, Capt. Snider and No. 4 Company, 31st Regiment, embarked for Niagara. The company, though not up to full strength is stronger than for some years past. Over 20 left Durham and when those joining at Varney and Holstein are included it will be nearly 30 strong.

Lending dignity and attractiveness to the occasion was the fine Regimental Band. Bandmaster Hawthorne is receiving, and deservedly so, many compliments for the progress made under his guidance, and we have no doubt they will gain still more rapidly during the two weeks of steady field work, undisturbed by other cares. We hope to hear of all our volunteer boys giving a good account of themselves in Music, Marching, Manners and Morals.

The Band headed the procession to the station, playing at intervals, and a large number of citizens saw them off. A brief note from our correspondent mailed on the way, says the early start had sent some of the boys to the grub-bag, but all were in fine spirits. The recruits at Varney and Holstein were duly picked up, and all were delighted with the music of the band, which was being furnished more generously than usual.

Almost a Cyclone.

The storm that swept south Ben-tinck on election night proved to be a destructive one. Its path was little more than a mile wide and it seems to have been of the type we read of in the States so frequently. Fences of course were blown over, the bush here and there was levelled, orchards were destroyed, and many buildings injured. The roof, newly shingled last year, was blown off Miss Sarah Potter's barn, and a chimney off her house. A chimney on Edmond Johnson's house was demolished, the barns of Messrs Jno. Cooper and Chas. Furznan were more or less wrecked, while it is said Wm. Little's barn was actually moved an inch or so on its foundations. The half of Arch, Park's barn roof was swept off and carried many feet away, and he saved the other half by a chaining process. There will be serious losses as a wind storm damage is not usually covered by insurance.

Baseball.

What was probably the closest and most exciting game of the town evening was pulled off Thursday evening. Four innings only were played between the Cement and the Bankers, the latter gaining the vantage by 9 runs to 5. It was of good calibre throughout with the Bankers always in the lead. McCorquodale's daring steal home with the 9th run was a feature of the game.

Batteries: Bankers,—Wolfe and Wilson. Cement,—Brooks and Matheson.

The game gives the Bankers a clear lead in the 1st series as shown by the present standing:

	Won	Lost	To play
Bankers	3	3	
Cement	1	1	2
Merchants	1	2	3
Furniture Co.	0	2	2

A PIOUS RECIPE.—No excuse now for forgetting the breakfast egg. Follow this example: The Manitoulin Expositor relates the following amusing incident which occurred recently: "A well-known clergyman on a visit to the home of one of his parishioners was awakened quite early in the morning by the sweet tones of a soprano voice singing "Nearer my God, to Thee." As the preacher lay in bed he meditated upon the piety of his hostess which enabled her to go about her tasks early in the morning singing such a noble hymn. At breakfast he spoke to her about it, and told her how pleased he was. She replied, "Oh laws, that's the hymn I boil the eggs by. I sing three verses for soft, and five when I want them hard."

For Sale.

The following must be sold at once: New wagon, new iron truck, wheel wagon, a number of large egg vats, (would make first class cisterns) 3 or 4 thousand fence posts, latb, shingles, lumber. CENTENARIAN VOTER.—Mr John McRae of Collingwood township, was 100 years old last January, and marked his ballot on election day without glasses being first at the poll.

Special value in Table Linen Napkins and Towels

At Grant's The Annual Meeting of the Upper Canada Religious Tract and Book Society was held on Monday evening and very thinly attended. Rev Mr Horn, the agent, was present and gave a review of the activities of the Society. Rev Mr Bice was re-elected Pres., the other resident clergy being Vice Presidents, C. L. Grant, Secy-Treas.

Winnipeg papers received this week give great prominence to the Assembly, its work and workers. In a group of seven or eight photos of leading commissioners, we are pleased to see that of our own Rev. Wm. Farquharson, B. D. One of the burning questions at present is that of union of the Churches, and the Assembly, by vote shows itself strongly in favor so far as the question has been considered.

FEW JUNE BRIDES.—The usual crop of June brides is this year chiefly conspicuous by its absence. Locally there has been very little doing so far this month. Generally speaking, and we notice some of our exchanges complaining of the same fact, happy terminations to successful courtships have been, and apparently will be, few and far between this year, and even the leafy month of June seems to have lost its attractions for the love-lorn. Whether the reason is to be found in the financial stringency and the unwillingness of the modern young people to pinch and economize like their parents or to the fact that the sterner sex is waiting for the ladies to exercise their privileges, will be left for wiser heads than ours to puzzle over. Call and see Grant's Ladies' Shirt Waists.

S. S. GARDEN PARTY.—A very successful garden party in aid of the Union S. School of Allan's Corners, was held in Mr Jas. McMeeken's orchard last Friday. A good program was given, consisting of speeches by Mr W. J. Patterson, B. A., London, who is an old Egremont boy, brother of Mr Sam Patterson, of Egremont, who was made chairman of the proceedings. Rev Mr Rogers gave an excellent address. Duets were sung by the Misses Sirm and Mead and Misses Ada Brown and M. Ramage. Young Mr Watson also gave a good recitation, the choir and a string band helping along the program materially. The refreshment tables were well patronized and a nice sum must have been realized.

Obituary

Mrs BEN MALE. It is our sad duty to chronicle this week the death of Mrs Male, for long a resident of Upper Town, Durham. Only two weeks ago she went to live with her daughter, Mrs McTavish, of Cedarville, and died there on Tuesday last, the trouble being Bright's disease. Her husband, Mr Ben Male died three years ago. Since his death she has resided in the old home, attending most punctually to the duties of janitorship in the Standard Bank, until recently failing health forced her retirement.

Mrs Male, who had just passed her 50th year, was a Miss Putherbough, cousin of Mr Samuel Putherbough, of Bentinck. Two brothers reside near Kincardine and will likely be at the funeral on Thursday, which takes place from her old home here at 2 p. m.

Mrs Robert Elder, an old and respected lady who had spent the most of her married life near here, was found dead on Monday, sitting upright in her chair. She had not complained of anything unusual and did her work up, then sat down in her chair to rise no more. Her husband had gone to vote, so she was alone. A Miss Smith, a neighbor, called in on an errand, and trying to arouse her was horrified to find her lifeless body sitting as though she lived. She leaves her husband to mourn her loss her two grown-up sons, Isaac and William, who were well known, died a few years ago. She also leaves one brother, Mr John Patterson, of Durham.—Ayton Advance.

SMALL POX.—The town of Walkerton has been put to an expense of \$3000 owing to some cases of the disease having been found amongst them. The "Telescope" last week has some pertinent remarks on the subject with which we entirely agree. It says:—"This subject has been discussed on this page before, and the opinion expressed that if smallpox is to be vanquished, the total cost should be paid by the province, and the command of the campaign should be in the hands of the provincial authorities. At present, municipalities save large sums of money by evading their duty, while other municipalities are put to grievous expense by doing their duty and the net result is that the disease holds its own, and we come no nearer to the suppression of it. Perhaps there could be, at intervals throughout the province, isolation hospitals, to which the patients could be conveyed in vehicles adapted for the purpose. At all events it is quite certain that so long as the present system continues some of our municipalities will refuse to recognize smallpox when they see it, and will call it chickenpox or measles, or will order the patient to get out of town on the threat of arresting him as a vagrant."
