Need for Closure.

of Commons would be impossible in the British House of Commons. and the sooner it is rendered impossible foreign exporting countries will not pro- the happy pair. in the Canadian House of Commons duce more than an average crop of the better for Canada. It may be clover seed, and the Ontario supply is good politics—though that is open to question—but it is shocking bad business for the country and something ought to be speedily done to stop this ought to be speedily done to stop this duction may be limited. Much the the grits are somewhat disappointed

and goes on to show the action of less the yield from the areas which were the British parliament back in the not seriously affected by the adverse 80's when they introduced closure to weather conditions last season is exprevent purely factional obstruction ceptionally heavy, a shortage of seed by a minority.

It closes an able article by quoting May, a well-known authority on Parliamentary procedure as follows: The rules or Parliament are designed to afford every legitimate opportunity for discussion, to ensure reasonable delays in the passing of important measures, and to guard the rights of minorities; and freedom of debate has been maintained and observed by the rules and usages of both Houses with rare patience and self-denial. and authority of Parliament and se- possible precaution against the presence woman, having many features which cure the domination of a small min of noxious weed seeds. ority condemned by the deliberate

Canada to-day is not quite under the domination of a small minority : but it will be if something drastic is average members put together) and understoods that the removal of these those among the Opposition who copy the Hon. gentleman.

Can't Trust Whitney

That good Conservative paper, the Bruce Times, published in Walkerton, evidently doesn't believe the that whether Grit or Tory was returned it would make no difference in the bestowal of government favors. Because South Bruce elected Truax, the Liberal, it sees nothing but disaster and the cold shoulder from party. Listen to its jeremiad :

down Dr. Clapp and taken up Mr. prevent shening. Truax, what have we got? What What did he do in 12 years with the the ordinary grain separator will do the Government behind him? What work fairly well if properly regulated. will he do, or what can he do, in The grain separator will not hull the seed Opposition? An answer to these as thoroughly, and in consequence there questions will show that South Bruce is more waste of good seed unless the in discarding Dr. Clapp and electing straw be threshed a second time. Mr. Truax has simply traded the the fact that there is no clover huller substance for the shadew. It has wrested iteelt from the ranks of the Government and has placed itself in hopeless opposition. When the plums drop from the gubernatorial tree at Toronto few will fall into the South Bruce garden. We have separated ourselves from Government favors and for four years must sit in the shade of the Opposition."

Shillington, the successful opponent of Mr. Angus McKelvie, and others day evening. used the same line of argument before the election, notwithstanding Mr. Whitney's professions of boldness and
