

LESSON XIII.-JUNE 28, 1903.

Temperance Lesson.-Eph. 5: 6-20.

COMMENTARY .- I. The children of darkness and o: light contrasted (vs. 6-14.) 6, let no man deceive you-in the first verses of the chapter the apostle brings a severe arraignment against uncleanness, covetousness, foolish talking, jesting and idolatry, and in this verse he warns us of the danger of being deceived by the "vain words" of the man who looked upon these things as innocent, or as "the unavoidable frailties of human nature." because of these things -They are so abominable in the sight of God that those who practice them are called "the children of disobedience," and divine punishment will come upon

7. be not ... partakers-Here is clear call to complete separation from sin and sinners. 8 walk as children of light-Let your life show that you have been changed from darkness to lightdelivered from the power of darkness and translated into the kingdom of Christ (Col. 1:13). Darkness is the emblem of ignorance, superstition, misery, sin, and of all that is vile and degrad ing; light is the emblem of holiness happiness, heaven, the gospel, and of God himself (1 John 1:7). "Light implies every essential excellence."- Clar-

The heart is cleansed from all sin and filled with the love of God. "Righteousness is the exercise of that goodness in the whole conduct of life," while truth is the director showing the special line to be followed in order to bring the greatest glory to God and the greatest good to our fellow man. The genuine Christian loves the truth, obeys the truth, and renounces all that is not truth. 10, proving, etc.—See R. V. The children of light should not trifle with sin."-Hom. Com. We should never be accessory to the sin of others, either by commendation, counsel, consent or concealment. See 2 Cor. 6:14-18 The gospel standard demands a complete separation from this present evil world, both in spirit and practice (1 John 2:15, 16; Rom, 12:1, 2) unfruitful works-Sins are called works not fruits (Gal. 5:19-22); their only fruit is death (Rom. 6: 21: Gal. 6:8), which is not fruit in a darkness-"Sin is darkness and its parent is the prince of dark ness. Let it be known that it makes ninety per cent, of all our paupers and criminals, and that it costs us more than one hundred million dollars each year. keep their garments clean." 17. Be ye not foolish (R. V.)-Here is a most evident allusion to the orgies of Bacchus, in which his votaries acted like madmen, running about, tossing their heads from shoulder to shoulder, appearing to be in every sense completely frantic.

18. Be not drunk-Do not become drunken with wine and act like fools or madmen. There were doubtless converted drunkards among the Christians to whom Paul wrote, and wine was their especial danger. Intemperance is a folly, a waste a degradation, a sin. It must be renounced or the end will-be destruction. Wherein is excess-"Wherein is riot."-R. V. "The word here translated excess means profligacy and debauchery of every kind, such as are generally connected with drunkenness, and especially among the worshippers of Bacchus."-Clarke. Paul's prohibition is positive and absolute. Wine is forbidden because it causes rioting. Filled with the spirit-Here Paul shows the difference between the worship of the true God and of the heathen Jeities. After offering sacrifices to Bacchus, the god of wine, it was the custom of the people to get drunk in his honor. The joy that is kindled by wine is degrading; that which is kindled by the Holy Spirit is edifying and soulinspiring. To be filled with the Spirit; it implies divine guidance; it is to be filled with God and to accept Him as the only portion of the soul. 19. Speaking, etc.-Men filled with wine sing vile songs, but God's people sing the songs of Zion. Christianity is a religion of song; infidelity does not sing. With your heart (R. V.)-The Lord is no satisfied until he gets the heart. Christianity is a heart religion. 20. Always-In times of adversity and trial as well as in times of blessing. For

all things-Rom. 8: 28; 1 Thess. 5: 18 Unto God-James 1: 17. PRACTICAL APPLICATIONS. Some renarkable contrasts are found

effects of intemperance and temperance,

1. Darkness, light (vs. 11, 13). The intemperate love the darkness because their deeds are evil (John 3, 19), and their works are "works of darkness" (v. 11). They seek the night for the drunken revelry, the darkness to cover their shame. Those who tempt or aid the intemperate until they fall to the lowest depths or meet an awful death, are workers of darkness as well as those led astray. John G. Woolley says: "A boy is found dead at the foot of a stairway

Toronto Informer Denied He Had Acted for the Crown, Toronto despatch: David McGillivray.

a teamster, living at 694 Dundas stree. was arrested yesterday on a charge of perjury, arising out of the prosecution of Richard M. Tuthill, druggist, at Queen street and Cowan avenue, for a breach of the Lord's Day act, in that he was charged with selling a cigar to Me-Gillivray on Sunday, May 24. The defendant conducted his own case, which was dismissed after the court had hear the evidence of McGillivray and Policy Constable McDermott.

The latter admitted having used Me-Gillivray as a "stool pigeon" to secure evidence against the druggist, but Me-Gillivray repeatedly contradiced the statement, and declared that he had not been sent in to try and buy a cigar. Acting upon this statement, the Morality Department instituted proceedings against McGillivray, with a view to stamping out perjury in the Police

A few days ago McGillivray was a witwhen he swore that he had purchased liquor on her premises.
